- (i) to provide an update on the Botswana Meat Commission's (BMC) current practices regarding the pay disparity between hourly-paid employees and full-time staff;
- (ii) what measures are being taken to ensure that hourly paid workers at BMC receive equitable pay, benefits and job security as compared to their full-time counterparts, particularly in relation to wages, health benefits and career progression;
- (iii) what is being done to address concerns raised regarding the treatment of hourly-paid employees

particularly in relation to the provision of separate canteens;

- (iv) what steps are being taken to ensure that all employees, regardless of their employment status, have equal access to facilities, including canteens, in a manner that promotes fairness, equity and inclusivity within the Commission;
- (v) why the welfare officer at BMC Lobatse was promoted to the position of Human Resource Officer and if this is procedural and if the appointment was based on merit or qualifications;
- (vi) why BMC workers are the least paid of all parastatals in the market; and
- (vii) why a lot of condemned meat remains in the BMC chillers and what action will be taken to rectify this persistent problem once and for all as it results in tax payers footing the bill.

PROGRESSION PATH OF ACCOUNTANTS AND REVENUE COLLECTORS

MR G. KEKGONEGILE (MAUN EAST): asked the Minister of Local Government and Traditional Affairs to brief this Honourable House on efforts made to improve the progression path and working conditions of Accountants and Revenue Collectors based in his Ministry inclusive of Councils, in particular:

- (i) if self-sponsored workers are reimbursed as it is done at Land Boards and the Office of the Accountant General;
- (ii) when the cadre was last trained and when they are likely to be trained again;
- (iii) if they are trained annually; if not, why not;
- (iv) if the Minister is acting on none re-designation of self-sponsored workers given that they are disadvantaged on progression process; if so, how;
- (v) why Revenue Collectors in his Ministry do not earn risk allowance like their colleagues in other Ministries; and
- (vi) what remedial action he will undertake upon the realisation of injustices these workers suffered by non-implementation of the right procedures.

MINISTER OF LOCAL GOVERNMENT AND TRADITIONAL AFFAIRS (MR MOTSHEGWA):

Ke a leboga Motsamaisa Dipuisanyo tsa Palamente. Mma ke leboge Motlotlegi Rre Kekgongelegile. Karabo e eme jaana, *progression* ya *Accountants* le *Revenue Collectors* e tsamaisiwa ka *Directive No. 21 of 1997*, e e leng *Scheme of Service*. Mme mo bogompienong, *entry level* ya ba *Diploma* ke *C4/C3 scale* mme ba ka tlhatloga maemo go ya go tsena kwa go D3. Ba *Degree* bone ba tsena ka C3 mme ba ka tlhatloga maemo go ya go tsena kwa go D1 le go feta foo.

Ministry o tokofatsa seemo sa kitso kana sa itemogelo sa badiredi ka go ba neela ditlhabololo tsa dithuto (*training*), bogolo jang fa e le gore seemo sa madi se tlaabo se letla ka gore madi a re a neelwang a a bo a lebagana le ditlhabololo mme a mangwe a lebagana le go tlhabolola seemo sa babereki. Go na le tsamaiso gape ya gore ba ba eletsang go ikoketsa kana go itokafatsa dithuto tsa bone ba a letlelesega me fa go sena go nna le *approval*, ba neelwa *permission*. Ke bone *self-sponsored*. Tsamaiso e nngwe e le go leka go thusa kana go ema nokeng bone ba e leng gore ba leka go ikoketsa dithuto ke gore ba neelwa madi a kadimo (*advance loan*) gore ba itsweledise fa go tla go lebagana le tsa *professional bodies* e le tsa *practicing licence*.

Mo e ne e le go baya direpodi tsa karabo. Mme karabo thoothoo ke gore *Ministry* wa *Local Government* fela jaaka *ministries* tse dingwe, thotloetso ke gore bodiredi bo tlhabololwe dikitsa bone. Fa e se gore o a bo o isitswe ke *ministry*, wena o ikisitse mme go na le tumalano e e neng e ntse ka gore o tsamaelana le *training*

plan, mme o bo o ikisa e bile go nnile le *approval*, tsamaiso e e diragalang mo *ministries* tse dingwe e e tshwanetseng gore e diragale kwa *Local Government* le kwa go tse dingwe, gore go nne le *parity* le *equity* ke gore babereki bao go nne le *reimbursement*. Se ke ka botlhokwa jwa go lemoga gore mmerek i tshwanetse gore a itlhabolole kana a tlhabololwe ka gore *a trained employee*, o ya *to add value* mo tirong a tla a na le boitemogelo jo bo fa godimo.

Potso ya bobedi kana legato la bobedi la potso ke gore *ministry* o ne wa *train accountants* ba le *eight* ka *January 2022*, mme go tlaa tswelela go ntse go tsenngwa ba bangwe mo seemong sa go supudiwa mo dikitsong fa e le gore seemo sa ledi se tlaabo se letla. Le fa re re seemo sa ledi gone mme re ntse re na le tlhomamo ya gore go botlhokwa go dira jalo gore go tle go thuse gore babereki ba tswelele mo tirong le gore kitsi e ba tlang ba e bapetse kwa dithutong ba tle ba e tsenye mo tirong.

Legato la boraro; jaaka ke buile go ntse go na le tiego ya gore *accountants* ba ka isiwa go ya go tokafatsa dithuto tsa bone kana *training*, se e se ka ntata ya thato ya rona, e le ka ntata ya tlhaelo ya ditsompelo kana ledi. Mme tumelo ya rona jaaka ke setse ke buile ke gore, *training plan* e nna e ba akaretsa ka gore, fa ba tla ba rutegile go thusa bone ka *progression*, e bile go thusa *the workplace to benefit from trained employees*.

Kwa legatong la bone la potso ke gore; bone ba ba a bong ba ikisitse sekoleng kana dithutong ba a ne ba fetolelwa fa ba berekelang teng ba isiwa kwa gongwe kana *re-designation*, fa e le gore go a bo go na le *posts*. Mme go ya kwa pele se re tshwanetseng go se tokafatsa ke gore, e se ka ya nna fela gore fa go na le *posts* ka gore go kgona go tsaya lebaka, mme *employee* a tla a rutetswe tiro eo, a bo a tsaya lebaka a tshotse dikitsa le setlankana mme a sa kgone go dira tiro e e fa godimo kana e e maleba. Ke sone se go tshwanetseng gore go tokafadiwe thata. Akere Rre Mohwasa yo o lebaganeng le bodirelapuso jotlhe o buile ka *public sector reforms*. Jaanong *public sector reforms* e raya gore re tokafatse dilo tse e leng gore ga di dire gore go nne le tiego ya go tlhatloga maemo ga babereki, le gore ba tsenngwe fa go a bong go tshwanetse go ya ka dikitsa tsa bone. Go bothhokwa gape go supa gore gone batho ba ntse ba ikisa dikoleng ba le ba ntsi, go raya gore gone moo go tlama gore *public sector reforms* tseo re nne bofeso le rona *to create posts*, gore ba tle ba thusenge jalo. Kana gone gore ba bo ba ikisitse dikoleng go a ba thusa gape le gore fa tse dingwe *posts* di tswa, *and are advertised*,

go bo go ba beile mo maemong a gore jaanong ba ka itepatepanya le tsone kana ba ka iteka, ba sa kganelwe ke gore gongwe ga o na dithuto tse di tlhogegang mo post e e a bong e dule.

Mo go ya botlhano; e e buang ka *risk allowance*, mo bogompienong ga re ise re nne le kitso ya gore go na le bape *revenue collectors* ba ba e duelwang. Mme ka kitso ya me e ke ka e dirisang ya bo *trade union* ke gore, go na le itemogelo ya gore *revenue collectors* kana ba *collect* madi mo boemong jwa diofisi tsa Puso. Gone go tsaya madi fela ka bogone go ba baya mo boraing. Ba bangwe e bile go na le tsamaiso ya gore ba a tsaya ba a isa kwa polokelong, mme fa gongwe a tsamaya a le nosi go sena *security* sepe se a nang le sone, a beile fela mo Modimong wa gagwe. Ya bofelo; ke gore, ee, re mo seemong, e bile re ipaakanyeditse gore re ka diragatsa *a policy* kana *directive* e e ka tlamelang seemo sa tshireletsegoo ya batho bao, ka gore go tshwara madi fela ka bogone go a bo go ka ba baya...mongwe le mongwe fela yo o tshwarang madi go baya botshelo jwa gagwe mo diphatseng. Jaaka Rre Hikuama a na le madi a mantsi, botshelo jwa gagwe bo mo diphatseng. Ke a leboga.

MR KEKGONEGILE: *Supplementary. Honourable Motshegwa, supplementary mo potsong ya ntsha...*

HONOURABLE MEMBER: Ga o a dumedisa.

MR KEKGONEGILE: Ga ke a dumedisa. Dumelang batlotlegi, mma re dumedise setshaba ka kakaretso. *Supplementary ya ntsha Honourable Motshegwa ke gore, training ya batho ba le eight ka 2022 kgatlhanong le batho ba le over 200 ba ba leng mo establishment, seo fela ka bosone se supa gore training ga e kgonagale in your ministry mo nakong ya gompieno. Mme ba kgona to self sponsor themselves, at a cheaper price and cost. A mme kgang ya re-designation fa e le gore ya reimbursement e santse e pala a ya re-designation ga se e le ka e diragatsang? Fa o tsaya sekai sa a Diploma holder at C1, they then train themselves, a bona Degree, o mo multiple grading, remains at C1, go mo re-designate does not need a post per se. Post e a leng mo go yone ke ya multiple grade, ke ntse ke C1, o mo top notch, o ntse o emetse promotion. A mme ga se gore o di sekaseke dilo tse, so that ba e leng gore ga go tlhokafale posts e a bo e le gore ka boammaaruri o a ba re-designate?*

Secondly ke issue ya training, gore unique cadre e e tshwanang le bo accountants jalo, when they have trained at a higher level, a mme ga le bone go le botlhokwa gore issue ya reimbursement, given gore when you were training them you train them three times more than the way they trained themselves, training them in the same institution. A mme ga le lebelele gore at least on the next budget fa e le gore ngwaga o ga e nne teng, kgang ya reimbursement fa training e pala, yone mme e kgone go nna teng mo babereking that have self sponsored themselves?

Ya bofelo; *Honourable Motshegwa, are you sure ga go na revenue collectors tse di duelwang risk allowance mo go Goromente? Tanki.*

MR MOTSHEGWA: Ee, ke a leboga. Nnyaa ya bofelo nna ga ke a dirisa “sure,” ke rile gompieno ga re na itemogelo. Mme go raya gore e kare re tswelsetse e ka goroga itemogelo eo. Mme ke feletse ke dumalana le wena gore, kana batho ba ka lebaka fela la gore ba tshwara madi go raya gore *they cannot be treated* go tshwana le ba bangwe. Re tshwanetse go ela tlhoko borai... tota e bile fa gongwe *risk allowance is not enough*, ka gore go neelwa *risk allowance* ga go reye gore ga o ka ke wa tlhaselwa. Golo mo go bothhokwa ke *security*. E tshwana le kgang ya ...*(inaudible)*... *allowance, my argument* ke gore fa motho a berekela fa e leng gore go borai a ba a neelwa...*(inaudible)*... *allowance*, ga e hemele botsogo jwa gago, golo mo go botlhokwa ke gore lefelo la fa a berekelang teng go tsewe tsia, *occupational safety and health*, ka gore madi ga a ka ke a tlamela botsogo jwa gago. So ke dumalana le wena.

Ya *training reimbursement* le yone mme ke ne ke dumalana le wena gore, ka mabaka a; lebaka la ntsha le ke dumalanang le wena ke ka gore, kana *ministries* tse dingwe di dira jalo, jaanong Goromente go tshwanetse gore go nne le *parity, equity* le *uniformity*. Fa e le gore *policy* ya ga Goromente ke *reimbursement* e tshwanetse gore e diragale jalo, go raya gore kwa *Local Government* re tshwanetse gore re tle to *comply* le ba bangwe.

Sa bobedi karabo e ne e le gore, mme kana bone motho a ya *to train, ordinarily* e a bo e le boikarabelo jwa *employer*, jaanong o a bo a tlhofaleditse *employer* tiro, ka gore *employer* o ya *to benefit* mo *the skill and knowledge acquired from training*. Mme ga a kake a re, nnyaa jaanong o dirisa kitso e o tswang go e ipatlela wena ka boyone. Go botlhokwa ka gore re Goromente yo re dumelang mo *public sector reforms*, gore re tle

re tlotle mabaka a perek a babereki. Re Goromente yo o dumelang gore, *we must invest in staff moral and motivation in order to trigger productivity.*

Ya *training gore it is not enough;* le yone ke ntse ke dumalana le wena ka gore, kutlwisiso ya rona, le ya me segolobogolo jang ke gore, fa o tsaya kwa Local Government tiro ya rona ke go tlisa dithhabololo, go dira projects jalo le jalo. Mme *we cannot focus on projects at the neglect ya batho ba ba yang to deliver kana implement projects.* Go raya gore fa re dira projects re tshwanetse gore re bo re bapisa le tlhabololo ya batho, *training. So I agree with you gore, the statistics tse re lebeletse sebaka se go se tseng go tsamailwe is not enough. Funds willing, kana predicament e tona kana mathata a matona e ntse e nna go nna teng ga madi.* Mme go tsibogela seemo sa madi fa ke wela, ke e sekai le ya batho ba fire, ga ke itse gore a ga o a e botsa, mme ke a utlwa gore e teng mo go ga gago, batho ba fire were trained kwa ntle, o bua ka ya to save money, mme to train motho fela kwa ntle go expensive. Mme fa re ka dira programme ya gore re dumalane le ba Botswana International University of Science and Technology (BIUST) gore ba dire tailor made programme ya batho ba fire go raya gore we can train batho ba le ba ntsi. So I agree with your approach in terms of training, it aligns with our inspiration as Government. Thank you.

INSTITUTIONAL CULTURE IN THE DISCIPLINED FORCES

MR G. LEKAU (MOGODITSHANE WEST): asked the Minister for State President to state:

- (i) what action he will take in relation to the prevailing institutional culture among disciplined forces where there is reluctance to attend to reported incidents concerning their members, protecting each other and encouraging reconciliation of the affected parties even though there is always possibilities of incidents recurring;
- (ii) plans in place to address rampant Gender Based Violence (GBV) incidents within disciplined forces;
- (iii) plans in place to address bullying and ill treatment of junior officers by senior officers in the disciplined forces; and
- (iv) if it is not opportune to establish independent bodies to deal with incidents of ill treatment.

Later Date.

THAMAGA PRIMARY HOSPITAL

MR P. K. MOTAOSANE (THAMAGA-KUMAKWANE): asked the Minister of Health to apprise this Honourable House on the overall status of Thamaga Primary Hospital, in particular:

- (i) the staffing situation;
- (ii) the condition of the hospital;
- (iii) the overstaying of some staff members; and
- (iv) why the hospital standby generator is not working.

ASSISTANT MINISTER OF HEALTH (MR OOKEDITSE): Thank you Mr Speaker. Mr Speaker,

- (i) Thamaga Primary Hospital has the following staff compliment, *ba na le dingaka di le* seven, nurses *ba le* 75, dental staff, dentist, dental therapist, dental assistants *ba le* four, laboratory staff *ba le* six, pharmacy staff *ba le* five, radiology staff *ba le* two and corporate services staff *ba le* 66, auxiliary staff, *ke gore bo* health education assistants *le bo* healthcare auxiliaries *ba le* 13.
- (ii) Mr Speaker, our ministry recognises that the current maintenance status of the Thamaga Primary Hospital is falling short of the standards expected for a hospital of its importance. In the past, it looks it was allowed to dilapidate by those who were in charge, I would not say names. However, our ministry has despite the budgetary constraints that have been experienced before, committed to ensuring that all healthcare institutions are properly maintained to ensure the safety and wellbeing of both patients and staff.

To this end, we have undertaken an assessment to identify all maintenance needs of Thamaga Primary Hospital. A tender for general maintenance of the hospital is currently at vetting stage. Once the vetting is complete, companies will be invited to tender for the works. This project Mr Speaker, is anticipated to start by the end of June 2025. Mr Speaker, a long-term strategy or proposal for a major refurbishment for the hospital will be proposed through the National Development Plan (NDP) 12, which will address both the physical infrastructure and the need for upgraded medical equipment.

(iii) It is true Mr Speaker, that some members of staff at Thamaga Primary Hospital have overstayed in their duty station, that is they have over five years at the station. Currently we have 21 overstays of which 15 are nursing staff, three procurement officers, one human resource officer and one pharmacy officer. This situation is common across facilities across the country and it has been the case for a while. It therefore requires that the ministry perform mass transfers which Mr Speaker would be costly in the current economic environment that we have inherited from the party of Honourable Motaosane.

Furthermore Mr Speaker, the relocation of primary healthcare to Local Government necessitated that we freeze transfers to allow for a smooth transition, as this would contribute to the problem of overstaying in that regard.

(iv) Lastly Mr Speaker, the standby generator for Thamaga Primary Hospital was regarded as absolute and no longer economical to keep repairing it. *Go ne go sa tlhole go le bothokwa go ka e baakanya, ka gore e ne e sa baakanyesege. Ka jalo, e kgonne go ka reka generator e ntsha ka di 8 tsa ga January.* Generator was ordered, *e tlaa goroga e bo e tla e tsenngwa mo bekeng ya ntlha ya ga April.* The commissioning and final inspection is planned on the third week of April 2025. Thank you Mr Speaker.

MR MOTAOSANE: *Supplementary. Thank you Mr Speaker, thank you Honourable Minister. Honourable Minister ke go utlwile o mphile dipalo, mme I was going to ask you what is supposed to be the establishment of a primary hospital. O mphile dipalo which I assume gore ke tsone tse e leng tsa establishment, but physically those posts are not there, there are no people there, ga ba yo as we speak. Right now you are talking seven doctors, I do not believe we have seven doctors kwa Thamaga as we speak. Ke kopa gore o e cross-check mongwame.*

Secondly, when you talk of bodiredi which overstayed, ka baoki ke ka tlhaloganya, le ka nna la emisa transfers jaaka o ne o bua. What about procurement officers, bone ka gore ga ba tswe mo sepatela why are they not being transferred. Why can we not do it ka nako e e tshwanetseng?

Are you aware..., kana gongwe jaanong o kare ke a reng, mme I am supposed to ask you. Are you aware that

some posts tse di buiwang di le kwa Thamaga Primary Hospital, they are actually physically not there, but they are in the establishment register? A typical example, a nursing superintendent, that post has been there, but all of a sudden go lebega e ntshitswe, I do not know why. How can we run a hospital go sena motho wa sebopego seo, yo o foo go bona gore the nursing cadre e bereka ka tsela e e ntseng jang, sengwe le sengwe sa yone a se tsamaya ka fa tshwanelong. So you need to check these people, ka gore these numbers fa o di bua jaana, they look like they are there kwa Thamaga, but they are not there.

The final question my Minister ke gore, tota ka fa o buang ka maintenance, legale ke dumela gore ke gore ga o ise o ye go bona sepatela se, fa o ka ya go se bona you will not talk about maintenance. Are you aware gore kwa Thamaga, there are two rooms tse gotweng ke wards; one ke ye gotweng ke ya borre, one e gotweng ke ya bomme, go bo go nna le e nngwe fale le e gotweng ke maternity, ke yone e nang le gongwe some few cubicles tse di leng teng ka foo. Ga ke itse gore di kae, but ke yone fela e o kareng e na le malaonyana. Jaanong seemo se re dira eng ka sone? Do you not think mo NDP 12 jaaka re kopile re le batho ba Kgaolo ya Thamaga-Kumakwane, including Kubung, Gakgatla fela jalo jaaka e service the number of people ba ba leng koo, a ga o bone go tlhokafala gore Thamaga Primary Hospital be upgraded fela jaaka dipatela tsa Palapye le Tutume, ka gore they are all primary hospitals? May be if you can, give me the establishment register ya dipatela tsa Palapye le Tutume or any other primary hospital, go bona gore a di tshwana le tsa kwa Thamaga. Ke a leboga sir.

MR OOKEDITSE: *Thank you Mr Speaker. Ke leboge tsala ya me Honourable Motaosane. Ke tsaya ke re ke dumalane le ene gore re tlaa ya kwa Thamaga, re ye go bona sepatela sa gagwe. So we will follow up on that. Looking into the numbers, dipotso tse o neng o di boditse, dikarabo ke tsone tseo.*

Jaanong go a diragala gore go bo go na le position e e leng teng, mme because of either transfers or other reasons, could be study leave le tse dingwe, o bo o fitlhela e le gore fa gongwe position e teng, but motho ga a yo foo. It should not be for an extended period of time. Jaanong go ka re thusa fa motlotlegi a ka tla a bua le rona kwa thoko fa go na le a major problem, so that re kgone gore re ka e baakanya. The numbers as we know them, ke tsone tse re di fileng.

Seemo sa sepatela ke nneta, ba a bua gore se ngomola pelo. Ka wena you are a worthy survivor, ke dumela

gore o tlhaloganya gore ke seemo se se tswang kwa nakong ya bo Rre Mmusi, ke sone se ba sa boelang mo Pusong. Jaanong se ke neng ke se tlhalosa ke gore, ka sebaka sa gompieno, ka lebaka la madi a re fitlhelang ba a feditse, re ya go kgona go dira *maintenance*. Ke wetse ke re, e tlaa re ka NDP 12 e bo jaanong re dira *major maintenance* le *refurbishment*. Ke a go utlwa gore wa re tota seemo se o se bonang, ga o batle gore go ka dirwa *this major maintenance*, go batla gore sepatela *be upgraded to a higher level*. Ke tsaya ke re eo *it is a proposal* e o e dirang, re a e utlwa mme ga gona gore ke ka go raya gone jaana ke re re tlaa dira jalo. Se se leng teng ke gore, *we had proposed a major maintenance* ka NDP 12. Re tlaa bona gore e tlaa re go tswelela pele, go ka direga ka tsela e e ntseng jang.

Jaanong motlotlegi, re tlaa ya go tlhola sepatela. Tota fela *interest* ya rona ke gore Motswana mongwe le mongwe kwa a leng teng, o tshwanetse gore a kgone go bona botsogo jo bo rileng, a se ka a iphitlhela e le gore tota fela o mo tshotlegong e re neng re tla re fitlhela Domkrag e sotla batho ka yone ka dipatela tsa Thamaga. Ke a leboga.

MR PULE: *On a point of procedure.* Mongwame, ke ne ke re ke eme ka *procedure*. *With all kindness*, ke motho yo ke go tlolang thata. Ke bona e kete ke *trend*, ga ke re ba botlh, go na le bo *Minister* ba bangwe ba e leng gore tota fa ba araba dipotso, ba di araba fela sentle ba sa iphatlh. Go na le Matona a mangwe ba e leng gore fa ba tshwanetse ba arabe dipotso, *they continue to blame* batho bangwe. Ke ipotsa gore fa Tona a tshwanetse a arabe, a bo a simolola a re madi a jelwe, tota o raya jang e ntse e le ene a re, re tlaa dira jaana. Golo mo le wena Motsamaisa Dipuisanyo tsa Palamente, go go senyetsa nako. Fa a rialo, o a re gwethla gore re tloge re emelele ka gore fa re didimala, e nna e kete re dumalana le se ba se buang. Tota ke eng o sa kgalemele bo Tona gore ba dire gore fa ba araba, ba itse gore gompieno re mo *Appropriation Bill*? Re ba fa madi a ba a kopileng gore ba ye go dira. A ba tlogele go tlhola ba ntse ba ipata ka gore hei! Domkrag e sotile batho, e a reng, e a reng. Ga ke kgone go tlhaloganya ka gore e bile ga ba nke ba bua gore e diretse batho bontle go le kana ka eng. Ba bua ka tshotlo fela jaaka ene Lawrence Ookeditse a rutilwe ke Domkrag. Ke a leboga *Mr Speaker*.

MR SPEAKER: There is nothing out of procedure Honourable Pule. This is your coliseum of politics. It is your theatre of combat. *Fa le tsoberana, nna ke referee fela fa jaaka le itse. Ga ke ka ke ka kganelo ope gore a ntshe masatlha a gagwe.*

DR GOBOTSWANG (TSWAPONG SOUTH): *Mr Chairperson*, ke ne ke re ke feleletse ka go baakanya dikgang tsa maabane ke di bua fa mme tse dingwe go buiwa gore di kwa *High Court*. Ba bangwe o kare ga ba tlhaloganye gore ke eng re leka go tlhaloganya gore *relationship* ya ga *His Honour the Vice President (VP)* le Tim Marsland ke eng. Ba ba badileng *court judgement* e re nang le yone rotlhe, le tlaa gakologelwa gore His Honour the VP o supile gore o ne a hirlwe ke Tim Marshland, a mo duela P166, 666 ka kgwedi a le Mopalamente ka nako ya teng. O feletse a duetswe P 1, 333, 000 gone foo. Go buega gape gore madi ao o ne a a duelwa a sa dira tiro epe ya Capital Management Botswana (CMB), e e neng e mo duela. Ke re gongwe dikgang tse batho ba tlhaloganye gore ke eng o kare re na le matshwenyego.

Fa ke wela *Mr Chairperson*, a re direng re tsamaeleng go dira molao wa gore fa motho e le Tautona, a se ka a nna *involved in business*. Fa a na le *shares* mo *business*, a di rekise a tswe mo *businesses* ka gore *going forward*, *he is the property of the state*. Re ya go mo tlhokomela ka sengwe le sengwe. O dira eng mo *businesses* a tlaa felela a kgopakgopetsana, re bo re felela re na le Banyana Farms. Ke a leboga *Mr Chairperson*.

MR CHAIRPERSON: *Ga go na ope* on the list. I now call the Minister for State President to reply to the debate.

MINISTER FOR STATE PRESIDENT (MR MOHWASA): *Mr Chairperson*, mma ke tseye sebaka se, ke tsiboge le dikgang tse di neng di tla ka bakaulengwe. Sa ntlha ke bue ka kgang e e neng e buiwa ke Rre

Saleshando ya gore go tlisitswe mokwalo o morago. Ke ne ke tsaya gore o tlide ka nako motlotlegi. Fa e le gore o tlide morago, ke phosego. Ke kopa maitshwarelo fa e le gore seo se diragetsse.

Rre Saleshando o ne a bua kgang ya botlhokwa e ke tsayang gore gongwe mo dipolotiking tse a neng a di rutiwa fa a simolola la ntla mo botshelong a kopana le kgang ya *declaration of interest*, e re neng re e ithuta mmogo, re e rutwa mmogo, *declaration* e ne e sa lebelela mapolotiki fela. *Declaration of interest* le dikgang tsa go supa kwa o nang le dikgatlhego teng le *liabilities*, ke kgang e e buang ka mongwe le mongwe yo o tsayang ditshwetso. Mathata a re nang le one ke gore, re tlaabo re tsaya, re bo re kgobokanyetsa gotlhe mo mapolotiking. Go na le batho ba ba tsayang ditshwetso tse di kwa godimo bogolo jang ka gore, gompieno ditshwetso tsa *awarding tenders* ga di dirwe ke *Ministers* ka tsamaiso ya gompieno. Di dirwa ke bo Permanent Secretary (PS), *Town Clerks and Accounting Officers*.

Se sengwe se ke neng ke re ke bue ka sone sa maabane, kgang e o neng o e bua ya gore *President, Vice President, Minister for State President, Minister* wa Metsi, wa *Infrastructure*, le bathusi ba bone jalojalo, ba tshwanetse to declare interests. Problem e ke nang le yone, e bile ke batla go e bua le lona lotlhe fa ke gore, ke tsaya gore *it is a principled position* gore go tshwanetse go nne le *declaration of interests*. My only worry jaaka Rre Motsamai a ne a bua maabane, re e reduce to go bua ka maina because it is not about the individual, it is about the offices ka botsone, jaanong fa re ka e reduce, go nna e kete re a e personalise, go ka re fa bothata. Ke dumalana le wena gore tota e bile mongwe le mongwe, *that is why* re tlhalosa gore re ya go dira gore mongwe le mongwe yo o tsayang ditshwetso le ba *procurement*, ke maikaelelo a gore le bone ba *declare* ka gore ba tsaya ditshwetso mo go ntsheng madi a Puso.

ORGANISATION 1500-MINISTRY FOR INTERNATIONAL RELATIONS

MR CHAIRPERSON: Honourable Members, please note that two hours 30 minutes has been allocated to this Organisation and I shall call upon the Honourable Minister to reply to the debate at 5:30 p.m and the question will be put at exactly 6:00 p.m. I shall now call upon Honourable Minister Dr Phenyo Butale, Minister for International Relations to present.

**MINISTER FOR INTERNATIONAL RELATIONS
(DR BUTALE):** Thank you Mr Chairperson. It is both it is both an honour and a privilege for me to present for consideration and approval by this esteemed committee, the budget proposal for the Ministry of International Relations for the financial year 2025/2026. The proposal encompasses both the Recurrent and Development Estimates under Organization Head 1500.

The total proposed budget for the financial year 2025/2026 amounts to Eight Hundred and Thirty-Four Million, Three Hundred and Forty Thousand and Forty Pula (P834,340,040).

Of this total, Seven Hundred and Seventy-Six Million, Five Hundred and Forty Thousand and Forty Pula (P776,540,040) is allocated for Recurrent Expenditure, while Fifty-Seven Million, Eight Hundred Thousand Pula (P57,800,000) is designated for Development Expenditure.

The Departments under Organization 1500 include our Headquarters and our Embassies as written in the document.

Mr Chairperson, as this is my first Committee of Supply presentation as the Minister of International Relations, I would like to take a moment to highlight several challenges facing the ministry that require

urgent attention, as well as briefly explain the shift in foreign policy focus of the Umbrella for Democratic Change (UDC) Government, before I delve into more substantive issues, specifically the budget utilisation for the 2024/2025 financial year and the proposed budget for 2025/2026 financial year.

FOREIGN POLICY

The first topic I want to speak to Mr Chairperson is foreign policy. Mr Chairperson, while we all recognise the importance of foreign policy for our nation, I would like to emphasise that foreign policy is a complex and multifaceted concept that expects will agree with me, lacks a universally accepted definition among scholars and practitioners of diplomacy and International Relations. In my perspective, foreign policy serves as an expression of national interests and the means through which a country secures these interests on the global stage.

In contrast, while domestic policy is crafted and implemented to address national interests within our borders, foreign policy is designed to articulate and promote those interests internationally.

This often leads to the characterisation of foreign policy as an extension or a reflection of domestic policy on the international arena.

MINISTRY MANDATE

Mr Chairperson, the ministry plays a pivotal role in shaping and advancing our foreign policy and diplomatic engagements. As the primary institution responsible for representing our nation in international forums, the ministry ensures that our national interests are effectively articulated and defended on the global stage.

It is essential to recognise the national interests encompass a broad array of factors, including economic stability, territorial integrity, political sovereignty, and the overall wellbeing of our citizens, all of which contribute to our nation's overall security and prosperity. A clear understanding of these national interests is critical, as it elucidates why a country undertakes specific foreign policy actions.

Mr Chairperson, in addition to representation, the ministry is vital in policy development. It formulates and implements foreign policy strategies designed to address global challenges, promote our national priorities and

foster international cooperation. This involves building and maintaining relationships with other countries and international organisations, facilitating dialogue and collaboration on critical issues such as trade, security and socio-economic development.

During times of international crises or conflict, the ministry proactively ensures that Botswana's voice is heard on the global stage. It advocates for policies that tackle pressing global issues such as human rights, public health and climate change, ensuring that our actions resonate with the core values and commitments of our nation.

BOTSWANA FOREIGN POLICY

Mr Chairperson, our foreign policy has evolved significantly over the years. It has been anchored on principles of non-alignment and non-interference in the internal affairs of other nations. These principles emphasise diplomacy, peaceful resolution of conflict, socio-economic development, and multilateralism.

While these foundational principles have been instrumental in shaping the country's foreign policy, the new administration under President Duma Gideon Boko, has defined our foreign policy priorities with a greater focus on promoting human rights and economic diplomacy. In today's competitive global landscape, it is essential for nations to establish clear strategic objectives that align with their values and priorities. For this administration, human rights and economic diplomacy are pivotal areas that will guide our international relations and developmental efforts.

Human Rights-centric Foreign Policy

Mr Chairperson, the core of Botswana's Constitution enshrines fundamental rights, including freedom of expression, assembly and association. Our Government is deeply committed to safeguarding these values, both domestically and in our international engagements. Human rights are not only integral to our national identity, but also underpin our principles of governance.

Countries that actively uphold human rights earn respect and credibility on the global stage. This enhanced reputation fosters trust, facilitating economic partnerships and collaboration. A strong human rights record reassures foreign investors, signalling that their investment will be secure within a stable and just environment.

Mr Chairperson, as we advance our agenda, Botswana's foreign policy will prioritise human rights as a cornerstone of sustainable development and stability. We will actively engage in regional and international human rights forums, advocating for the respect for human dignity and ensuring that Botswana contributes meaningfully to global discussions on justice, equality, and human rights.

To achieve this, we will forge strong partnerships with regional and international organisations, such as Southern African Development Community (SADC), United Nations (UN) and African Union (AU), working collaboratively to address human rights violations, promote civic engagement, and champion the rights of marginalised groups within society. By reinforcing our commitment to human rights, Botswana will strengthen its position as a responsible member of the international community.

Economic Diplomacy for Sustainable Development

Mr Chairperson, economic diplomacy serves as a vital pillar of new Botswana's growth and development strategy. Our economic diplomacy is primarily focused on fostering industrial development, which is foundational for achieving sustainable economic growth. By prioritising industrialisation, we aim to build a more resilient and diversified economy capable of withstanding global market fluctuations and external shocks. The main objective of this initiative is to diversify Botswana's economic partnerships, thereby reducing our dependence on a limited number of trading partners and commodities. This cannot be more emphasised, Mr Chairperson, looking at the current volatile geopolitical shifts in the rest of the globe.

We will actively pursue trade agreements with key partners to stimulate economic growth in critical sectors such as mining, agriculture, tourism, manufacturing, digital technologies and renewable energy. By highlighting our political stability, effective governance and business-friendly environment, we aim to attract investments that will lead to job creation, technology transfer and enhanced industrialisation.

MINISTRY CHALLENGES

I would like Mr Chairperson, to briefly speak to some of the challenges that we face as a ministry and I will skip some of the pages in the presentation looking at the time.

Strategic Documents

I would want to speak briefly to the lack of some of the documents that we believe are strategic as we reform the Foreign Service.

Mr Chairperson, the challenges facing the ministry are further compounded by the absence of several strategic documents. These documents include a Foreign Service Act, a Codified foreign policy, an Economic Diplomacy Strategy, a Public Diplomacy Strategy, a Diaspora Engagement Strategy and a robust Parliamentary Committee on Foreign Affairs, Justice, Defence and Security, among others. These foundational elements are crucial for establishing a framework that will enable us to effectively fulfil our mandate.

Foreign Service Act

Mr Chairperson, having a distinct Foreign Service Act we believe would facilitate a more specialised, efficient, and effective approach to managing the nation's diplomatic and international relations. Diplomacy and foreign policy necessitate specific skills and expertise that are often not addressed under general public service regulations. A Foreign Service Act would provide a structured foundation we need to enhance our diplomatic capabilities and better serve our national interests on the global stage.

Codified Foreign Policy

Whilst the process of documenting and codifying our foreign policy is still ongoing, I want to emphasise the critical importance of adopting a Codified foreign policy approach. A formalised foreign policy will provide clarity, establish long-term vision, and enhance accountability in our international relations. It will promote coherence and improve our capacity to navigate the complexities of diplomacy, ensuring that we maintain a consistent and principled stance on the global stage. In this regard, we have a complete draft of our codified policy in which we have infused the human rights centric approach in foreign policy. This draft will be circulated as far as possible to ensure the contribution of all stakeholders.

Economic Diplomacy Strategy

Mr Chairperson, the Economic Diplomacy Strategy we believe is essential for enhancing our nation's economic standing, fostering trade and investment and establishing robust international relationships.

By effectively showcasing our favourable investment climate through diplomatic outreach, we can highlight Botswana's market potential, regulatory frameworks and business opportunities.

Diaspora Strategy

The diaspora strategy too is critically important and we know that in other jurisdictions the diaspora play a critical role in the development of their nations.

Public Diplomacy Strategy

The Public Diplomacy Strategy which we believe is important for Botswana to articulate is values, promote collaboration and engage proactively with the international community through this public diplomacy strategy.

Institutional Frameworks

Parliamentary Committee

We also want to say that the Parliamentary Committee for Foreign Affairs, Justice, Defence and Security is an essential component of our democratic governance structure. It plays a crucial role in shaping and overseeing our foreign policy, fostering transparency, accountability and public engagement in matters of foreign affairs. We believe they need to be much more engaged.

Opening of New Diplomatic Missions

Mr Chairperson, the establishment of new diplomatic missions presents Botswana with a significant opportunity to enhance our international relations and promote economic development as well as better serve our citizens abroad. By strategically expanding our global presence, we can leverage the power of diplomacy to address national priorities and make a positive contribution to the global community.

Mr Chairperson, establishing new diplomatic missions will require careful planning and prudent allocation of resources. It is vital to identify the most strategic locations for these missions and ensure that we have a skilled workforce capable of staffing them effectively.

I would like to emphasize that consultations are currently underway to determine the most strategic locations for our new missions. We are taking into account our limited resources, the political and economic relevance of potential sites, and our existing partnerships.

BUDGET UTILIZATION FOR FINANCIAL YEAR 2024/2025

Mr Chairperson, turning our attention to the budget utilisation for 2024/2025 Financial Year, the ministry was allocated a total amount of Eight Hundred and Fifty-Five Million, Five Hundred and Fifty-Four Thousand, Nine Hundred and Forty-Eight Pula (P855 554 948). This amount comprises the Recurrent Budget allocation of Seven Hundred and Sixty-Seven Million, Eight Hundred and Seventy-Five Thousand, Four Hundred and Twenty Pula (P767 875 420) and the Development Budget allocation of Eighty-Seven Million Six Hundred and Seventy-Nine Thousand Five Hundred and Twenty-Eight Pula (P 87 679 528).

Mr Chairperson, as of February 28, 2025, the ministry had spent Six Hundred and Fifty Million, Seven Hundred and Ten Thousand, Two Hundred and Thirty-Seven Pula (P650 710 237) of the Recurrent Budget, which accounts for 85 per cent of the budget.

PROPOSED BUDGETS FOR THE FINANCIAL YEAR 2025/2026

RECURRENT BUDGET: 2025/2026

Mr Chairperson, the proposed Recurrent Budget for the Financial Year 2025/26 is Seven Hundred and Seventy-Six Million, Five Hundred and Forty Thousand, and Forty Pula (P776 540 040). This reflects an increase of Eight Million, Six Hundred and Sixty-Four, Six Hundred and Twenty Pula (P8 664 620), which constitutes a 1.28 per cent rise over the Approved budget provision for the Financial Year 2024/2025.

Of this budget, Three Hundred and Sixty Million, Four Hundred and Twenty-Eight Thousand, Six Hundred and Forty Pula (P360 428 640), is allocated for Personal Emoluments representing 46.41 per cent of the total budget. This allocation is dedicated to the payment of basic salaries, Foreign Service and medical allowances, and remuneration for locally recruited staff at our Diplomatic Missions abroad.

An allocation of Thirty-Eight Million, Five Hundred and Twenty-Three Thousand, Eight hundred and Forty Pula (P38 523 840), which accounts for 4.96 per cent is dedicated as the Add Back item allocation. This includes among others, gratuities and education allowances.

The remaining Three Hundred and Seventy-Seven Million, Five Hundred and Eighty-Seven Thousand,

Five Hundred and Sixty Pula (P377 587 560), representing 48.62 per cent of the budget is allocated for the ministry's Operational Expenses. This funding is critical for sustaining the daily operations required to fulfil our responsibilities. Most of these funds are directed towards property rentals and rates for chanceries and residences at our Diplomatic Missions, as well as the general expenses and supplies. Additionally, these funds cover travel and transportation costs, maintenance and running expenses, assessed contributions to international organisations and promotional activities aimed at enhancing our outreach and effectiveness.

DEVELOPMENT BUDGET PROPOSAL: 2025/2026

The ministry further requests an amount of Fifty-Seven Million, Eight Hundred Thousand, Pula (P57 800 000) for the Development Budget. This represents a reduction of 12 per cent from the revised budget of Sixty-Six Million Two Hundred and Eighty-Three Thousand, One Hundred and Four (P66 283 104) in the past financial year.

CONCLUSION

Mr Chairperson, I move that the sum of Seven Hundred and Seventy-Six Million, Five Hundred and Forty Thousand, and Forty Pula (P776 540 040) for Recurrent Expenditure be approved and stand part of the 2025/2026 Appropriation Bill (No. 1 of 2025) for Organisation 1500; and Fifty Seven Million, Eight Hundred Thousand, Pula (P57 800 000) for Development Expenditure be approved and stand part of the same Schedule of the 2025/2026 Appropriation Bill. I thank you

MINISTER OF MINERALS AND ENERGY (MS KENEWENDO): Thank you Mr Chairperson. I wish to start-off by thanking the Honourable Minister of International Relations and his team for the hospitality that they continue to give us whenever we are out of the country, and as it was just said, I also just returned from the United States and the team was very cordial and hospitable.

Mr Speaker, I wish to comment on this budget and start-off by reiterating with what the Minister just said, that certainly foreign affairs is our main link to the world and it certainly represents what the country intends for both internal relations and external. It represents our policies and how we want to position ourselves in the world. So, we should certainly rebuild the Foreign Service and ensure that it is representative of the excellence that

both the President and the Vice President continuously talk about as an expectation in this Government.

The Botswana Government Foreign Service used to have world-renowned diplomatic staff. I want to ask just off the bat, that the Minister seek out his diplomatic staff that used to strengthen the Foreign Service and return them back into the diplomatic service. This is imperative given the roles that he just outlined that needs the experience that has been crafted and career diplomats to be back in their roles to drive this agenda.

We need as a matter of urgency, to capacitate the offices of the Foreign Service and the Ministry Headquarters to ensure that we are being responsive to the issues as they rise. There are geopolitical tensions at the moment, and we need for the foreign services to be able to respond adequately to those. We need these officers to be fully capacitated, at the moment when we were in New York, it was clear that it was completely stretched and it needs more officers. It had to ask for staff from Washington DC in order to facilitate the several Ministers and officials that were there. I happened to be in New York for diamond sales, and there was also Committee on the Status of Women (CSW) at the same time. It was clear that the office with just the three staff, is understaffed. It is particularly important for those offices that deal with multilateralism to have full capacity, because they deal with several committees and if we do not have the right staff, it means Botswana is not well represented at very key committees that make world decisions.

We understand that while we are a small country, we certainly can be influential in the way that the world runs and we can contribute significantly to how multilateralism is designed, and there are several ways that we can do that Minister. We can start-off here locally by ensuring that we are working to strengthen regional collaboration. SADC is based here, we need to be active and know what the Executive Secretary (ES) is doing, particularly now that they are a Motswana.

We need to ensure that we are strengthening all of our trade agreements that you were mentioning and other accords that we are part of, and the world must understand what Botswana's position is in those. We should bring back specialisation and expertise into the foreign services, I have said. Most importantly we should share this with the world. We have critical expertise and critical materials in conservation and in the diplomatic services. The world should hear our voice and our expertise, and we should use the expertise

we have developed in these spaces to drive a bit of soft power. It is not only about the economic power that we have, but it is also in using effective diplomacy through your skills and the learned staff that we have. So I would like to encourage the Minister to ensure that we are sharing our cultural lessons and our expertise with the world, by also ensuring that Batswana can get and have access to positions around the world in the World Trade Organisation (WTO), ... (Inaudible) ... and various UN Associations.

We need to engage effectively in multilateral initiatives, by initiating or actively participating in multilateral initiatives and treaties, Botswana can shape the agenda. We have previously been invited to be in high level panels, we have been invited by the Secretary General of the United Nations to be active in certain position, but sometimes because we do not have the relevant staff in those Missions and sometimes due to lack of experience of the staff in those Missions, we end up not taking part in these very high level engagements and initiatives. Therefore, missing the opportunity of ensuring that Botswana is well known and create opportunities for the broader Batswana population.

We need to also utilize international media and communications. I believe that gone are the days where we say Botswana is a hidden gem, Botswana should not be a hidden gem. We are the world number one producing diamond, we have credible expertise here and we should ensure that everybody knows where Botswana is and we should use media to communicate our provenance and tap into the global audience. This will benefit our drive for Foreign Direct Investment (FDI), it will benefit our drive for good influence in the global discourse. We should ensure that we advocate for the reforms that are needed in the multilateral space. Botswana can advocate for reforms and multilateral institutions to ensure that they are more inclusive and representatives of smaller nations. We can involve ourselves in pushing for changes and voting structure in decision making processes and resource allocation.

I remember a few years ago, Sierra Leone fought to ensure that there is African country in the UN Security Council, and they will have an opportunity to sit as a member. Sierra Leone is no different from Botswana, matter of fact we are the longest running democracy in Africa, and so we have something to say about governance, security and certainly should be pushing for a position in those very eminent Councils.

We need to ensure that there are adequate roles for Batswana. Often they come up and there is a stumbling block, many Missions will say at headquarters. Why is there a stumbling block at headquarters, when we want Batswana to have jobs and opportunities everywhere particularly in running for these high level positions. We know that if there is a Motswana at the AU as the chair or even as the Director General of the WTO, there will several job opportunities that will be created for Botswana. So we should actively campaign for these roles, and ensure that Batswana are being visible and we can benefit from these.

Similarly from the procurement side of these international organisations, we pay our levies and dues there. Certainly, we should ensure that our economy benefit from us paying levies and our dues to international organisations. This is one way of ensuring that industry grows, we anchoring and benefiting from everywhere where we pay and are members.

I want to conclude Mr Chairperson by saying, certainly cultural diplomacy is one way that we can ensure that we leverage cultural exchanges and international events to build the goodwill and strengthen diplomatic ties that can be a favourable environment for our trade relations. Once we start with cultural diplomacy, we can certainly start moving into others.

I want to recognise the Development Budget as has been said. I think it is very important that in the Development Budget Mr Minister, we ensure that we purchase and we refurbish our Missions. We have seen across the world some of your Missions are not in a good state, and some have whispered that certainly if these countries were to run some checks, they would be closed. So it is necessary that we ensure that our diplomatic staff lives in habitable conditions, and that our offices are also reflective of the nation and the excellence that we wish to be and that we certainly are.

Just going back to reiterate, we must take on global leadership in diamonds, conservation and in good governance. These are areas that we know we have expertise and we have strength in, and certainly the world should know that Botswana is ready to take on the leadership that is necessary on the global space. I thank you Mr Chairperson.

MINISTER OF SPORTS AND ARTS (MR KELEBENG): Thank you Mr Chairperson. Good day Mr Chairperson. Allow me to also support the budget

by the Honourable Minister Dr Butale. *Ke latlhele tlhware legonyana*, more especially that I am not only a colleague, but also a student of politics and international relations.

Strengthening Botswana's Foreign Policy and Strategic Documents; there has been an ongoing debate about the need to codify our foreign policy or Strategy for so many years. We need to establish the key national interests in our foreign policy, is there any codified document which can provide these answers? The Government should, in formulating and codifying our foreign policy, categorise our national interest in relation to our bilateral relations. Botswana needs more comprehensive foreign policy, White Paper, to guide international engagements particularly regarding our non-aligned stance and growing global challenges like climate change and security threats. The Foreign Service Act should clearly outline the role of Diplomats, career progression qualifications for political appointees to ensure professionalism in Foreign Service.

Economic diplomacy for sustainable development; we need to be more emphatic on commercial or economic diplomacy. Our foreign policy, should be more about the economy particularly trade and investment. We need to focus on development of businesses between countries we relate with. We should also generate commercial gains in form of trade, tourism, inward and outward investment through cooperation operations and also entrepreneurship promotion or facilitation. Botswana should leverage existing trade agreement such as African Growth and Opportunity Act (AGOA) to boost exports particularly in the textile and also the beef industry. We must strengthen economic ties with major investors like China, more especially in the area of infrastructure development. The European Union (EU) of course in the beef industry and also countries such as United Emirates on the diamond trade, to attract more FDI. We need to enhance our diplomatic mission's role in promoting tourism and investment, more especially prioritising sectors like renewable energy and financial services.

We must work on negotiating for more international scholarships by international universities, international organisations and foreign missions that we have in our country. A balancing career diplomats and political appointees, should the Foreign Service be purviewed for only those who have served for long time and now considered career diplomats, or should it now open up

for other Batswana who have the interest and requisite qualifications from Social Science, of course Political Science, to also have a chance to compete and contribute in that space. Just like the political appointees that we have even without requisite qualifications, that is the question the good doctor.

Implementing merit based appointments for ambassadors while maintaining strategic political representation; there are many graduates of political science Mr Speaker. There are many graduates of Diplomacy and International Relations who are available to take such missions at any given time, especially with the technical and morphological knowledge of the foreign policy analysis.

We have set a ratio of political appointees versus diplomat appointments such as ambassadors. We need to have structured trainings for political appointees to ensure that we have effective diplomatic representation. We need to consider opening a centre for such trainings, maybe similarly to what Namibia is currently doing with their Foreign Service personnel. We need to have regular rotation for career diplomats to ensure exposure and expertise development, *gore re tle re kgone go bona re boelwa ke sengwe mo go bone*.

Young diplomats and opportunities in Foreign Service; we need to work on establishing junior diplomatic roles in key missions more especially in Gaborone based organisations like SADC and AU offices. We must create opportunities in emerging areas like cyber security, peacekeeping, consular services, drawing lessons from the likes of Rwanda's youth mission in Foreign Service.

We must also be on the expansion of diplomatic missions. We need to prioritise diplomatic presence in high impact areas like West Africa countries like Nigeria, Ghana, for trade expansion. We should strive for strategic opening of missions. We cannot be having many missions concentrated in one region. For example; we have United Kingdom (UK) and France both accredited to United Nations Educational, Scientific and Cultural Organisation (UNESCO). Of course we do have Germany, Sweden and Switzerland, which are also accredited to UN, but we cannot be having so many physical offices in the area. Accreditation and coverage in one physical mission should be extended to other countries Mr Speaker.

We have countries which are believed to have a good spot for opening missions. We need to strengthen

Botswana's engagement with Brazil, Russia, India, China and South Africa (BRICS) countries, to some it is not a good idea but those are other opportunities to explore alternative economic partnership beyond our traditional western allies.

On the public diplomacy and diaspora engagement, we need to enhance our consular services for Botswana's diaspora in countries like the UK, Canada and South Africa focusing on investment initiatives. We need to expand our digital diplomacy efforts and we need more engagement with Batswana diaspora community. Just recently the President was encouraging Batswana diaspora to come back home. How can skills transfer still be facilitated for those people? Since Botswana also recognises the importance of diaspora in national development, it is only logical to also consider stationing Independent Electoral Commission (IEC) staff in the key embassies in the countries with large Botswana population such as UK and South Africa because this will streamline voter registration and other key electoral processes, and ensuring that Batswana abroad can fully exercise their democratic rights.

These are some of the suggestions that we have because if you have those IEC officers, it means dedicated officers in embassies will enhance efficiency, improve voter turnout, and reinforce Botswana's democratic integrity on the global space. Thank you so much Mr Speaker.

ASSISTANT MINISTER OF HEALTH (MR OOKEDITSE): Thank you Chairperson. *Ke leboge kana ke lebogise ke bo ke akgole Dr Butale go bo a re file* I think a very comprehensive proposal ya our immersion into the world. *Ke dumela gore fa ke moreeditse, ke utlwa mme e kete* there is going to be a different strategic approach to our foreign relations. *Jaanong the key thing se e leng gore ke se nopotse se se dirang gore ke eme nokeng* his proposal, *ke gone gore* we are going to venture more and more into the realm ya economic diplomacy.

I wanted to add Honourable Butale *gore* it is important *gore* as we are pushing for economic diplomacy, go further into it, *a bo o lebelela* a sub category ya *yone e e leng gore* ke commercial diplomacy. *Ke gore* economic diplomacy looks into economic stability at international level, *jalojalo* and tries to secure our space under the shine.

Fa o tsaya commercial diplomacy, *yone* it is a little more into a supporting Botswana business supporting outside, it is more like the same thing, but the other one is an umbrella *ya e nngwe*. *Jaanong* my proposal in this regard, is this, if you go back to *se e leng gore* Americans have been doing for ages, there is a saying *e e leng gore go ne gotwe*, “where the American military goes, coca cola follows.” *Ke gore* they have been quite brilliant at using their military as an instrument of foreign policy. *Jaanong fa e le gore* we are really into economic diplomacy, commercial diplomacy, my big request *ke gore* there needs to be really like a big

synergy between Foreign Affairs and Defence and also Intelligence. One of the things *tse e leng gore* we are not leveraging enough *ke* the power and the investment that we have made in the Military and Intelligence services. *Ke tsile go thalosa gore ke eng ke rialo, go ya ka nna*, and I have been embarrassed a couple of times *fa re bua re ntse re re* we were caught unaware by the policy shift in Washington, especially under President Trump *ka gore* it actually is similar to what happened with Israel when Hamas attacked right on Israel soil. Analysis *nngwe le nngwe e ne e supra jalo gore* that was actually intelligence failure of epic proportions.

Jaanong se se diragetseng with policy shifts at Washington, *re bo re iphitihela e le gore ra re re ne re sa lemoga, e sang mo Botswana fela, lefatshe le lotlhe*. In the previous order, *go raya gore* we were not using our intelligence sufficiently as we should have because *fa e le gore* we are really serious about and we are investing so much money on Defence and Intelligence, then we should be able to pick all this geo political moves *tse di diragalang* as such that we are then able to prepare in advance or in time.

So, the DIS, should now start playing a meaningful role in terms of performing relation, it should not be an entity that goes rogue and target citizens but rather should be spear heading our immersion into the world so much that nothing touches us unaware.

The BDF should also be a very clear and critical instrument *ya* foreign policy *ya rona*. *Ke gore fa o nthaya o re* you are shifting to economic diplomacy, you are saying to me *gore* we did not know there are other aspects of diplomacy *tse e leng gore* they may include the political and cultural *le tse dingwe jalojalo* and because of who we are, we have always prioritised peace and political stability. So, our foreign policy has quite also been focused on that, but I think now we should move the military away from big role internationally in terms of like the political and the likes and then move it more towards doing an economic player.

How do we do that? *Sa ntla ke gore re tshwanetse gore re dirise* the BDF in part of foreign policy to develop our own industry of Defence in Botswana. Developing your industry *ya* Defence means leveraging resources *tse re nang le tsone* to actually create an arms industry and then getting other countries to buy into that, and then our broad policy, in my view should also shift. I know we have a lot of liberals...

HONOURABLE MEMBER: Elucidation.

HONOURABLE MEMBER: *Se o se buang mokaulengwe ke gore...*

MADAM CHAIRPERSON (MS MANYENENG): Ehe, o setse o iphile? *Continue.*

HONOURABLE MEMBERS: ...(Laughter!)...

BRIG. MOKGWATHI: Elucidation. *Se o se buang mokaulengwe ke gore*, we should focus more on the military research and development to enhance industrial formation of this country in order to boost our economy. *Ke ke tsaya gore o e tshwere sentle fa o bua jalo.*

MR OOKEDITSE: *Ke sone se o bonang ke rata masole jaana.* That is what I am saying, and I am saying, obviously to do that, you have to leverage then your relationships across the world.

In terms of our foreign policy, I think Honourable Segokgo did speak to it, I am a realist, and I know we have a lot of liberals who will worry about what I am going to say. I think in pursuit of our foreign policy, we should be very selfish, that we do not care what else matters or what else happens. To this day, I do not understand why it is that you have countries who own mines and companies in other countries and we do not own any company in any other country. I do not think I know of a company that Botswana owns in any other country.

Given Botswana's stability and position economically in the region and in the world, I think at this stage Botswana should have taken advantage of lesser countries in a much better way. If it means going to South Sudan and owning a mine in South Sudan, we should be there owning something in South Sudan. If it means us owning something in the DRC, Botswana should be owning something in the DRC. If we are such a developed country in terms of like our minerals and mineral policy, we should be in a position where all these conflicts *tse di leng teng* over minerals and the likes, there should be a hand *ya* Botswana; for better or for worse, as long as we are securing our own interest. I am saying this because we are investing quite a lot of money in terms of our intelligence and defence, and a lot of our hardware eventually goes obsolete without ever been put in use. I am not saying we should go to war by the way. *Ga ke a re re ye ntweng, nte ke bue ka Setswana, Ngaka Gobotswang a tle a nkutlw.*

HONOURABLE MEMBERS: ... (Murmurs)...

MR OOKEDITSE: Chairperson, *se ke se buang ke gore, ga ke re re ye ntweng ka re re na le a lot of investment e re e dirang ka Intelligence le Military, re bo re nna le dikitso tse re nang le tsone fa o tsaya tsa meepo le tse dingwe jalo, mme jaanong ga go a tshwanela gore re ka bo re bua letsatsi leno e le gore bo Yanchep le tse dingwe ditoropo mo lefatsheng, ke tsone tse e leng gore all minerals are going to be processing and every thing else, rona mo Botswana re lebeletse jaana.* We are supposed to then utilise our expertise in terms of like being quite a mining hub. *Re bo re dirisa our Military and Intelligence, re bo re dirisa instrument of diplomacy re bo re kgona go dira gore Botswana e nne a significant player in the value chain of mines.*

If it means going to the DRC and owning a mine, then Botswana should own a mine in that place. If it means going to country B and opening up investments and businesses, then we should go and do it. If it means sending Botswana companies to those countries with us granting protection to these companies, then we should do it. *Ke gore the days where we were soft are over, we should be on the days where..., 27 seconds for me to finish, we should be on the days where...*

ORGANISATION 3100- OFFICE OF THE RECEIVER

MADAM CHAIRPERSON: Honourable Members, please note that two hours have been allocated to this Organisation, and I shall call upon the Honourable Assistant Minister to reply to the debate at 3:15 p.m. on Wednesday 19th March, 2025 and the question will be put at 1545 hours.

ASSISTANT MINISTER OF JUSTICE AND CORRECTIONAL SERVICES (MR NYATANGA): Good afternoon Madam Chairperson. Maybe before I start I must stand to reflect and acknowledge *dintsho tse ke nang le tsone mo kgaolong tse di sa diragalang sentle*. I have lost foot soldiers Mme Segomotso Michael kwa Kudumatse, a child *yo o neng a bala* Standard 1 in a very violent manner kwa Xhosa, Tlhalefo James. I stand with the family.

Madam Chairperson, the Office of the Receiver has been established by an Act of Parliament, the Proceeds and Instrument of Crime Act of 2014. Madam Chairperson, I am honoured to present the Office of the Receiver's budget for the financial year 2025/26 under Organisation 3100 to this Honourable House. Madam Chairperson, I

need to state that the mandate of this office is to receive, manage and preserve the value of property restrained by the courts as proceeds or instruments of crime until the courts make final determination in terms of the disposal. I also need to underscore the fact that before 2014 all civil forfeitures were based on criminal convictions. This Act provides for a situation where you can even forfeit in terms of civil proceedings. The mandate of the Office further extends to the management of ill-gotten property belonging to persons, entities or structured groups which have been designated by the United Nations Security Council or nationally listed as terrorists in terms of the Counter Terrorism Act. It also plays a critical role in combating transnational crimes such as money laundering, terrorism financing and corruption by taking away the proceeds of crime from criminals thus ensuring that criminals do not benefit from their criminal activities.

Please allow me to highlight progress made by the Office of the Receiver in executing its core mandate of preserving the value of property in its possession in respect of an order made under the Proceeds and Instruments of Crime Act (PICA) or any other written law.

EXECUTION OF COURT ORDERS

It is important to note that this office has seen a substantial increase in its responsibilities, as evidenced by a rise in Court Orders for the seizure and return of various types of property. During the current financial year, the number of Court Orders has increased from 55 to 66, and this is confirming the fact that the criminal justice systems continue to embark on efforts to deprive criminals of the benefits of the proceeds and instrumentalities of their criminal activities. As we said recently, it is necessary for people to demonstrate high level of ethical integrity because corruption does not have a place in this Government.

Madam Chairperson, as of January 2025, the Office holds property portfolio of diverse types such as real estate, vehicles and plant machinery, livestock, personal effects, furniture, money and business, which experienced a modest increase to the total value of One Hundred and Seventy-Nine Million, Nine Hundred and Eleven Thousand Four Hundred and Fifty-Two Pula, Twenty- Five Thebe only (P179, 911, 452.25). This represents a noticeable increase when you consider the baseline from the previous year, we witness a 9.4 per cent increase.

This Office is grappling with challenges of storage and the high cost of maintenance of the properties under Receivership, due to prolonged litigation which impedes disposal of most of the properties.

Efforts to secure long term storage facilities are ongoing. In the interim the Office is in collaboration with other law enforcement agencies for purposes of storage of properties and also other equipment taken from proceeds of crime from operation of some properties like rentals that are income generating for their maintenance and upkeep.

Madam Chairperson, the active role of the Office of the Receiver in managing the Confiscated Assets Trust Fund is apparent in the substantial increase in total funds, now standing at Eight Million Five Hundred and Seventy-One Thousand and Nineteen Pula, Eighty-Eight Thebe only (P8, 571, 019.88) and this is compared from the previous Six Million, Four Hundred Thousand, One Hundred and Fifty-Nine (P6,400,159) the previous year. This increase amounts to 33.9 per cent Madam Chairperson, and it is attributed to successful auctions subsequent to final forfeitures and continued administrative deposits from law enforcement agencies like Botswana Police Service (BPS), Botswana Unified Revenue Service (BURS) and Directorate on Corruption and Economic Crime (DCEC).

Madam Chairperson, the funds in the Confiscated Assets Trust Fund are used to compensate and rehabilitate victims of crime and for capacity building and training programmes for law enforcement agencies involved in the fight against crimes such as money laundering racketeering and terrorism financing. For the year under consideration, it is worth noting Madam Chairperson that no compensations to the victims were made as there were no claims received.

Initiatives to Enhance Service Delivery

Madam Chairperson, the Office of the Receiver continues to undertake several reform programmes, projects and activities aimed at contributing to the delivery of quality service to the nation. The Confiscated Assets Trust Fund Management Committee has been constituted and it is now operating. The committee is responsible for overseeing the management of the Fund and for advising the Receiver with respect to the Fund. It has since produced draft guidelines to facilitate the effective utilisation of the funds in the office.

Digital Transformation - The Office is in the process

of procuring a Confiscated Asset Management System, where already a preferred partner has been identified through technical design competition (hackathon) which was facilitated by the Digital Transformation Coordination Office (DTCO). Madam Chairperson, the system will provide effective and efficient management of property under Receivership which is currently being done manually, and it is therefore not efficient and effective.

Infrastructure Development - Madam Chairperson, Warehouse development in Gaborone is at its final stage of design. In Francistown the warehouse design was carried out in-house through design and build and it is at technical evaluation stage, whilst Lobatse warehouse development is at ITT vetting stage.

Resourcing Office of the Receiver

As you will also note Madam Chairperson, the Government is in the process of finalizing the engagement of forensic investigator company. It is believed that with such engagement in the event the forensic investigation reveals commission of an offences such as corruption or money laundering, the matter will be referred to the relevant authorities and the policy of Government will be to prioritise civil forfeiture of the proceeds of crime over criminal prosecution. The prioritisation of civil forfeiture of proceeds of crime will be to ensure that Government recovers ill-gotten monies and other properties from the perpetrators in the quickest manner. It is anticipated therefore, that civil forfeiture of proceeds of crime is going to cause a surge in property under the custody of the Receiver.

Further, my ministry is also going to benchmark with jurisdictions that have other forms of asset recovery to fast track and maximise on recovery of proceeds and instruments of crime. It is against the above background, that my ministry is going to ensure that the Office of the Receiver is fully resourced to be able to meet the demands emanating from recovery of assets. Resourcing the Office of the Receiver includes having appropriate storage facilities for assets under receivership and having appropriate personnel to manage the assets. The office had submitted manpower budget for 12 posts for 2024/2025, which was not approved. The office has reviewed the structure with key positions following the extension of the mandate of the office through the Proceeds and Instruments of Crime Act to include the management of property belonging to persons, entities or structured groups which have been designated by the

United Nations Security Council or nationally listed as terrorists in terms of the Counter Terrorism Act. However, the structures were not approved because of the challenges with recruitment at the time

For this year Madam Chairperson, the Office had requested for the amount of Twenty-Nine Million and Fourteen Thousand Two Hundred and Thirty-Six Pula (P29,014.236) under Recurrent Budget, but only Seventeen Million Nine Hundred and Forty-Seven Thousand Nine Hundred and Eighty Pula (P17,947,980) was approved. This is not enough to cater for the surge in property which will be caused by the results of the anticipated audit.

2025/2026 Budget Requests

In terms of this year's budget Madam Chairperson, I am honored to present to this esteemed Committee both the Recurrent and Development Budget Estimates for financial year 2025/2026 for organisation 3100 - Office of the Receiver.

Budget Utilisation

Madam Chairperson, during the financial year 2024/2025, the Office of the Receiver was allocated an amount of Fourteen Million, Nine Hundred and Forty-Eight Thousand, One Hundred and Forty Pula (P14,948,140) under the recurrent budget, out of which Twelve Million, Seven Hundred and Sixty-Five Thousand and Eight and Hundred Thirty-Six Pula (P12,765,836) or 85 per cent of the total budget was spent as at end of February, 2025.

Recurrent Budget Estimates

Madam Chairperson, allow me the honour of presenting to this Honourable Committee the budget estimates for financial year 2025/2026 for organisation 3100 - Office of the Receiver. I propose that an amount of Seventeen Million, Nine Hundred and Forty- Seven Thousand, Nine Hundred and Eighty Pula (P17,947,980) be approved. The Budget is mainly to cover salaries, allowances and other operational expenses, which include maintenance of seized movable and immovable property.

Development Budget Estimates

Madam Chairperson, the Office of the Receiver has embarked on key development projects. This includes the warehouses in Gaborone, Francistown Warehouse, Lobatse Warehouse and Confiscated Assets Management System which are at different stages as alluded to above.

These projects are allocated a budget of Fifty-Two Million Eight Hundred and Seventy Thousand Five Hundred and Thirty-One Pula only (P52, 870 531). The Confiscated Asset Management System is hoped to enhance efficiency, transparency, and accountability in property management.

Conclusion

Madam Chairperson, I therefore I wish to conclude by assuring the Honourable Committee that my ministry remains committed to efficient and effective management of the public finances. I now request that the sum of Seventeen Million, Nine Hundred and Forty-Seven Thousand, Nine Hundred and Eighty Pula (P17,947,980) be approved under the Recurrent Budget for Organisation 3100 and stand part of the Schedule of Appropriation Bill (2025/2026) Bill, 2025 (No.2 of 2025) and the sum of Fifty-Two Million, Eight Hundred and Seventy Thousand, Five Hundred and Thirty-One Thousand Pula (P52,870,531) be approved under the budget for Organisation 3100 and stand part of the estimates for the financial year 2025/2026. I therefore move accordingly Madam Chairperson. Thank you.

Jaanong ke itumelela seo Mothusa Tona, gore madi a o a neetsweng a, ga o a kgotsofalele ka gore ga a ka ke a go kgontsha tiro ya gago *in this financial year*.

Kgang e ya *the complexity of the legal framework in terms of litigation of cases* tse o lebaganang le tsone,

e go baya ka fa mosing. Ke batla go remelela mo kgannyeng ya gore kana *cases* tse fa di tsaya lebaka le le lee

Honourable Minister di sa rarabololwe, files di a timela. O a itse le wena gore le fa o tsena mo diofising, kamoso o bewa fa le fa, file e sa bonwe. E bile ke itse gore ba bangwe ba kile ba tswa setlhabelo because of one of the intelligence organisations e ne ya tsamaya ya ya to seal dingwe diofisi dingwe e batla tsone files tse e leng gore fa gongwe di kgona go timela ka lone lebaka leo.

Ke amogela mogopolo o wa gago wa go tla ka the digital asset management system gore cases tsa rona di tshwanetse gore di bewe kwa go babalesegileng teng, in a digital platform kwa e leng gore ga re ka ke ra bona tsone organisations tse re buang ka tsone tse di ya go tsaya files gotwe files di nyeletse. Jaanong o tshwanetse wa e potlakela system yone e, develop it, o e diragatse ka ponyo ya leitlho e tle e kgone go dira tiro ya gago motlhofo.

Se sengwe gape se o se buileng Tona ke gore, o a dumela gore ga o na resources, e ka nna financial, e ka nna human resource. Jaanong fa go tla kwa these facilities, they are not enough, e bile fa e le ya Gaborone gone go worse ka gore the project is under Development Manager Model (DMM) and as we speak it has been halted because it is under review. It means that for a foreseeable future you are going to have challenge ya storage mo Gaborone. Ke a bona gore le kwa Lobatse o batla go aga, le kwa Francistown, mme ga go a lekana ka gore what about places as far as Maun, go raya gore o a go tlhaelelw ka storage. Jaanong fa go ntse jaana kana go go kgarameletsa kwa go reng o ye to rent storage kwa e leng gore rental fee tsa teng ga di kanaka sepe tse e leng gore le a di duela gone koo. Jaanong mme kana there are some movable properties tse di tshwanang le dikoloi. Ke a itse gore mme gone e bile ga go motlhofo gore fa gongwe the victims, bone ba ba tselwang dikoloi tsone tse kana these properties, fa gongwe motho wa teng a bo a go neela keys fela sentle, a go neela sengwe le sengwe sentle, jaanong go bo go felela gore jaanong property eo e felela e nna gone foo, e nna a white elephant mo e leng gore over time e a senyega. Jaanong your dispute resolution process and procedures need to be in place gore dikgang tsone tse le leke go di rarabolola ka bonako gore Goromente a se ka a iphitlhela a senyegelwa ka gore at the end of the day you are going to have to preserve the value of those items. Jaanong you can imagine fa o setse o ya go di rekisa gore it is going to be at a very lower value because e tlaabo e depreciate over time. Jaanong o tshwanetse wa di lebelela tsone tseo Tona.

O etla gape o dumela gore kana gompieno, as you have said, you are instigating a forensic audit e e leng gore maikaelelo ke gore you go and confiscate a lot of property. E ya kae Tona? Go go supegetsa gore mathata a gago a ntse a a oketsegka gore that property e ya go felela e nna dilapidated mo lebakeng le le kalo le santse le emetse court cases gore di rarabololwe.

Jaanong fa go tla kwa bodireding, you need specialists, you need people with good negotiation skills, people who know and understand the market. Ka gore after confiscating those properties, when it comes to a time of disposal, o tlhokana le baitseanape ba ba ka itseng gore mme what does the market dictates. Jaanong o tlhoka bodiredi jone jo because at the end of the day we need to maximise on recoveries. Jaanong ga ke itse gore o ya to maximise jang ka fa o sena storage facilities tse di siameng to keep the condition of the properties that has been confiscated in good condition.

Ga ke itse Tona gore kana o na le this asset trust fund, gore la bofelo mme yone e dirwa audit ke leng?

Ke akanya gore o ka bo o re beile pele gore kana le ntse le tshwara dithoto tse le madi a ko le a bayang teng in this fund. Jaanong ga go supe gore a mme le a dupa, a mme le beile madi a setshaba sentle.

Ya bofelo fa ke digela, molao o o botlhoko mo go ngomolang pelo. When tracing these assets, o kgona go ya go fitlhela gore madi ao a dirisitswe go aga ntlo mo lefatsheng la mosadimogolo kwa gae. Ofisi ya gago fa e tla e a rwalarwala, e tsaya gothle le lefatshe la mosadimogolo. Jaanong dikgang tse re tshwanetse re di lebelela ka gore molao o o kare o baya batho ba bangwe ka fa mosing. Jaanong go tswe fela go le clear gore in instances like this, kwa e leng gore mosadimogolo le monnamogolo wa Modimo ga ba itse le fa e le sepe ka dinalanyana tsa ngwana wa bone, jaanong gone go dirwa ka tsela e ntseng jang? A le bone jaanong e ntse e nna the victims, re bo re e tlogela e ntse jalo re re tsere se se neng se re lebagane? Re tshwanetse ra e lebelela e ka gore batsadi ba rona gongwe ga ba itse le fa e le sepe batho ba Modimo ba ka fa mosing. Le fa ntswa re itse gore molao wa reng fa e le gore o fitlhelwa ka dithoto tsa bogodu. Ka a le kalo Modulasetilo, ke a leboga.

ASSISTANT MINISTER OF HIGHER EDUCATION (MR HUNYEPA): Ke a leboga Modulasetilo wa Komiti e. Ke leboge le Mothusa Tona, Honourable Nyatanga ka go tlisa Tshutiso e. Modulasetilo, ke ne ke batla go simolola fela ke leboge
