**QUESTIONS FOR ORAL ANSWER**

**BRUTALITY CASES BY BOTSWANA POLICE,  
SSG OR BDF**

**MR O. RAMOGAPI (PALAPYE):** Asked the Minister of Defence, Justice and Security to apprise this Honourable House on the reported cases or cases under investigation on brutality by the Botswana Police Service, Special Support Group (SSG) or Botswana Defence Force (BDF) against the public countrywide ever since the commencement of the State of Emergency to date, stating the following:

- (i) the total number per constituency and the discipline force involved;
- (ii) action taken per case and if none, why not;
- (iii) the turnaround time to investigate the matter and conclude;
- (iv) if the police has bought some equipment for torturing purposes in order to extract information from suspects; and
- (v) what action is taken where a disciplined officer is found in possession or using unauthorised equipment during patrol such as a sjambok.

**MINISTER OF DEFENCE, JUSTICE AND SECURITY (MR MMUSI):** *Mma ke go leboge Mr Speaker, ke bo ke lebogele Honourable Ramogapi ka potso ya gagwe.*

Mr Speaker, the Botswana Police Service has not recorded any case of brutality by members of the Botswana Police Service (BPS), Special Support Group (SSG) or Botswana Defence Force (BDF) ever since the commencement of State of Emergency to date. Honourable Members will recall that during operations to support the fight against COVID-19, law enforcement agencies received accolades of professional behaviour as it was seen on social media platforms. However, despite the accolades, there are cases where civilians

complained of alleged ill-treatment by the disciplined forces. The Botswana Police Service has carried out investigations following allegations of assault against some members of both the BPS and BDF.

Mr Speaker, the total number of such cases per constituency is 13 and they are as follows:

- (a) Tlokweng – (two), officers were convicted before disciplinary board on the 17<sup>th</sup> July 2020 and 17<sup>th</sup> November 2021 respectively.
- (b) Lobatse – (two), reconciliation promoted before the court in both cases on the 26<sup>th</sup> May 2021.
- (c) Mochudi West - matter scheduled for mention on the 11<sup>th</sup> March 2022 before a disciplinary board.
- (d) Mogoditshane – (one), case is continuing before a disciplinary board on the 17<sup>th</sup> March 2022.
- (e) Selebi Phikwe East - officers were acquitted and discharged before a disciplinary board on the 26<sup>th</sup> January 2022.
- (f) Bobonong - officers were acquitted and discharged before a disciplinary board on the 5<sup>th</sup> February 2021.
- (g) Nkange - the case is still under investigation.
- (h) Kgalagadi North - the case is still under investigation.
- (i) Thamaga - the case is still under investigation.
- (j) Letlhakane – one case, officers were acquitted and discharged before a disciplinary board.
- (k) Sojwe - one case, investigations were conducted and revealed, no case to answer by the officers.

It has to be noted that we cannot segregate the above cases by agencies since all were involved in support of police operations.

Mr Speaker, law enforcement agencies follow prescribed professional ethics enshrined within the various applicable Acts and standard operating procedures as well as rules of engagement. This is evidenced by action taken against the accused officers as I have already alluded.

Depending on the complexity of the matter, the turnaround time for investigating these matters is usually a minimum of two weeks.

The Botswana Police Service is not aware of any equipment used for torture and did not procure any such equipment during the State of Emergency. Mr Speaker, no cases of unauthorised piece of equipment by any law enforcement officers have been recorded. I thank you Mr Speaker.

## DIS OPERATIONS

**MR D. SALESHANDO (MAUN WEST):** asked the Minister of Finance and Economic Development if she is aware of any public tenders that were duly awarded by the Public Procurement and Asset Disposal Board (PPADB) but reversed through the intervention of the Directorate of Intelligence and Security Services (DISS); if the answer is in the affirmative, she should state:

- (i) the full list of tenders that were affected;
- (ii) the provisions in the procurement laws that allow for the DISS to determine award of tenders; and
- (iii) if the DISS has ever directed for any company not to be allocated tenders and what safeguards are in place to protect businesses against possible abuse by the DISS.

**ACTING MINISTER OF FINANCE AND ECONOMIC DEVELOPMENT (MR SEGOKGO):** *Ke a leboga Mr Speaker. Tona o kopile gore ke mo arabele potso. Mr Speaker, I am aware of some public tenders awarded by the Public Procurement and Asset Disposal Board (PPADB) and were reversed upon advice by the Directorate of Intelligence Services (DIS).*

- (i) Mr Speaker, to respond to the specific question raised by the Honourable Member, there are two tenders awarded by PPADB over the past four years where there was intervention by DIS. These are;
  - Maun Water Supply and Sanitation which entailed the design supply and billed of water distribution network sanitation reticulation, telemetry and ... (inaudible)... other associated works in Maun.
  - China Jiangsu International was awarded the tender by the PPADB Board on the 11<sup>th</sup> of October 2018 at a tender sum of P1 568 877 164.38 the second award; the award was later revoked and the tender awarded to the second lowest bidder Zhengtai Group Botswana on the 21<sup>st</sup> of March, 2019 at a tender amount of P1 873 965 187.72. The reasons for revocation

was that DIS had indicated that their investigations had shown that China Jiangsu International was involved in activities that were rendered to be posing a threat to national security. Following DIS's advice, the tender was awarded to the second lowest bidder Zhengtai Group Botswana on the 21 March, 2019. The project commenced on the 9<sup>th</sup> of October, 2019 and is still ongoing.

The second Mr Speaker, was a proposed primary hospital and associated external works and services at Moshupa. This was an open tender where the evaluation report showed that there China Jiangsu International Botswana ranked first at a bid of P409 898 925.08. While Zhengtai Group Botswana and Whitacon Joint Venture bid at P418 932 846.86 and ranked second. The procuring entity had recommended China Jiangsu for award as the lowest compliant bidder. However, taking into consideration advice rendered to the procuring entity and the board by DIS that China Jiangsu was involved in activities that were considered to be a threat to national security, the procuring entity changed their recommendation to instead award Zhengtai Group Botswana and Whitacon Joint Venture. The board had its meeting of the 18<sup>th</sup> of April, 2019 approved award of tender to Zhengtai Group Botswana and Whitacon Joint Venture for P418, 932, 046.86 for contract duration of 30 calendar months. The project commenced on the 20<sup>th</sup> of September, 2018 and is still ongoing.

- (ii) There is no provision in the PPADB Act that allows for DIS to determine award of tenders, Section 53.1 provides for complaints by various stakeholders in respect of any party to procurement or disposal activity. Furthermore, Section 53.2 provides for oversight agencies such as DISS to undertake an inquiry into an alleged or actual breach of the procurement or disposal process and advised the PPADB accordingly.
- (iii) The DIS has never directed any company to be allocated tenders. In line with their mandate, they have shared information with the Board in relation to Maun Water Works and the Moshupa Hospital projects about China Jiangsu being a threat to national security which the Board considered when making its decision. The PPADB Act and its regulation provides safeguards against possible abuse. I thank you Mr Speaker.

**MR SALESHANDO:** *Supplementary. Mr Speaker,* ke ne ke re ke supegetse Tona gore go na le fa e seng

boammaaruri mo karabong ya gagwe fa (iii), if the DIS has ever directed for any company not to be allocated tenders. Ke tshotse bosupi jwa savingrams tse di tswang kwa Director General of the DIS, a laela bo Permanent Secretaries (PSs) bangwe gore, "we advise your ministry to terminate all deals you have with the above companies due to security reasons." A bo a sa bue gore security reasons ke dife. Now that you know gore se o se buileng ga se boammaaruri, a ga se go tshwenye gore ba dira jalo; ba a laela gore terminate.

*Number two; yone kompone e go neng gotwe is a threat to national security, e tseetswe dikgato dife? A e kile ya sekisiwa? A re bua jaana e le teng mo Botswana e tsweletse? Seemo sa yone ke eng?*

*Then the last one; a o a lemoga gore because of DIS, mo dikonterakeng tse pedi tse o di buileng, re tswa go felela re duela madi a kana ka P12 million go feta a tender e neng a abilwe ka yone? A se se a go kgotsofatsa gore DIS e ka ntsha mekwalo e le mebedi which are at a cost of P12 million to the taxpayer, le bo le sa bone sepe se tlhokafala gore le ye go tlhotlhomisa gore go ne go tsamaile jang gore re latlhegelwe ke P12 million ka DIS? Ke kopa dikarabo.*

**MR SEGOKGO:** *Mr Speaker, ga ke itse gore a o ne o mpiditse; ke ne ke utlwa modumo fela.*

**MR SPEAKER:** Yes Minister.

**MR SEGOKGO:** *Ke a leboga Mr Speaker. Mr Speaker, tla ke simolole mo go e ya bofelo e bile ya boraro ya gore a gone re kgotsofalela gore Goromenta a bo a latlhegetswe ke madi kana re duetse madi a a fa godimonyana ka mabaka a kgakololo eo? Modulasetilo, ke leboga thata ka gore ke letse ke utlule *Minister* ka ditseba me, ke mo reeditse ka tlhoafalo ka selelo se ke tswang kgakala ke lela ka sone; dikgobo tse ke neng ke latofatwa ka tsone gore maabane o letse a se arabile. O letse a se arabile gore *primary hospital* ya Letlhakeng e ke saleng ke ntse ke bua ka yone e ya go agiwa. 2022/2023, go raya gore e mo go yone. Ke go leboga thata *Minister*. Go a tualo jaaka ke ne ke lela maloba, motho a arabiwe gore ga go ka ke ga tsewa sengwe le sengwe mo kgaolong ya me jaaka ke ne ke lela jaana. Fa go ya go agiwa jaana, ke moduduetso o mogolo mo kgaolong ya rona ka gore sepatela se rraetsho se tlie go thusa batho ba le bantsi thata. Sepatela se rraetsho batho ba kgaolo ya me ba ntse ba se emetse le dikgaolo tse di mabapi le Letlhakeng. Rraetsho, a e re mo ngwageng one o fa go ka palega, segolo ngwaga o o tläng, go ye go agiwa sepatela se gore batho bagarona ba tle ba thusega. Re sale re tshegeditswe ke Scottish bogologolo mme le rona re batla gore re nne le tsa rona gore re tle re ikalafe le bagarona gaufi, e seng go tlholo ba ntse ba tsaya mosepele le fa ba ka bo ba ne ba alafiwa mo Letlhakeng e le gore ditsompelo ga dio. Ke go leboga thata *Minister* Dikoloti gore o bo o buile ka bogolwane o le Tona wa Botsogo. Ba ne ba go reeditse Batswana rra. Rraetsho, ke se ke neng ke re ke tle ke se lebogele.

Ke gakolole rraetsho ka *clinics* tse re di sololeditsweng. Malwelwe le Boatlaname di sololeditswe *clinics* jaanong ka ke itse gore madi ga a yo, fa re ka a bona re tle re eme, re age dilo tse ka gore re di sololeditse Batswana, ba batla gore di agiwe.

Bagaetsho, re na le mathata a dipilisi. Jaaka ke ntse ke bua, ga gona *chemists* kwa kgaolong e ke e emetseng. Re beile sengwe le sengwe kwa *clinics* mme jaanong fa o ya teng *Mr Chairperson*, o bo o fitlhela e le gore ga gona dipilisi tsa *high blood* le sukiri, ke mathata fela. Ke ne ke kopa Tona gore ema ka dinao, re a itse gore o a leka. Ema ka dinao gore dipilisi di nne teng ka gore ke botshelo. Mogolo fa a tlhola a sa nwa pilisi ya *high blood* kana ya sukiri o ya go e tsaya kae ka gore re dirile jalo gore re ba tlhokomele. Jaanong *Mr Chairperson*, ke ne ke kopa gore a dikgaolo tsa rona tse di kwa teng, di se ka tsa tshwantshanngwa le tse di ka kwano ka gore fa o le molwetso o sa bone pilisi eo kwa Marina, o ka kgona go e ithekela kwa *chemist*. Jaanong rona kwa Salajwe, Motokwe, Malwelwe, Maratswane kana Moshaweng, re ya go di bona kae? Ke ne ke go kopa rraetsho ka boikokobetso gore a dipilisi di nne teng gore batho bagarona ba thusenge. Ke boa ke ipoletska ka sepatela sa Letlhakeng ke re morwa Dikoloti, fa ke ka go bona ke tla go tshwara ke go atla, ga ke itse gore ke tla go atla go fitlhelela fa kae. Ke a leboga *Mr Chairperson*.

**ASSISTANT MINISTER OF YOUTH EMPOWERMENT, SPORT AND CULTURE DEVELOPMENT (MR BILLY):** Ke a leboga Modulasetilo. E bile fa o mpitsa ke ne ke santse ke ngongorega gore o kare ke a lebalwa, Kably o ntirile jang tota. Tla ke leboge Rraetsho Dikoloti gore a bo a re beile pele kopo e ya madi. Kopo e lebane Modulasetilo ka gore tota fa o ka lebelela matshwenyego a re nang le one, ke a a pateletsang gore re bo re dumalana le gore madi a a kana a bo a ka fiwa Lephata le la Botsogo.

Pele fa ke bua ka mathata a re nang le one, ke leke go tlhalosa ka fa lephata le berekileng ka teng le dirisa madi a *budget* e e fetileng. Lephata le go ne ga supagal gore ba tlhoafsetse ka gore ba ne ba kgona go Iwantsha segajaja se sa COVID-19, le fa se ise se fele mme maiteko a nnile teng. Ke mongwe wa batho ba ba neng ba amiwa ke bolwetse jo ka kgwedi ya *February*, ka ya go robatswa kwa Sir Ketumile. Ke ne ka itumelela ka fa ba ntsereng ka teng ka gore ke tsere nako e telelenyana

teng go ise go tle mekento. Ke dumela gore *treatment* e ke neng ke e neelwa fa e le gore e ne ya neelwa batho ka bontsi, re bolokile matshelo a batho ba le bantsi tota. Seo ke a se go lebogela Rraetsho Dikoloti le monnao gore le tshware ka thata; e a re batho ba filwe boikarabelo jo bo kana ba bo supe. Ke a lemoga rraetsho gore le ne le berekela *under pressure* go le dikgalo tse di supang gore le a palelwa. Motho yo o palelwang ke yo o dirang. Le kamoso le tshware fela thata, le supe boikarabelo jone jo bo kana joo.

Rraetsho, a re lebelele gore go diragala eng kwa toropong ya Francistown. Banana go lebega ba le bantsi ba sa kentiwa kwa toropong eo, segolo jang mokento wa bobedi le wa boraro wa *booster*. Ke ne ke re gone foo tllang ka *strategies* tse le ka di dirisang to attract banana gore ba kgatlhegele go ya go ikenta. Le ditlhaloso e nne tse di tseneletseng gore ba bone mosola wa go ikenta ka gore bontsi jwa bone bo gogela kwa morago. O a itse gore banana ba na le dikeletso tsa bone, tse gantsi di farologaneng le tsa bagolo. O itse fa o na le kgwetlo yone eo kwa toropong kgolo ya Francistown.

Rraetsho, kana e ne e ya re mo malobeng mo National Development Plan (NDP) 9 and 10, lephata la gago le ne la bua gore le ikaletse gore le emise *health posts* mo ditoropong. Re na le *health post* kwa Area L le Area S mme dikgaolwana tse ke buang ka tsone tse di mo toropong rraetsho, di mo Kgaolong ya Francistown East. Fa o ka ya teng fela wa lebelela *service* ya teng, e kwa tlase thata. Fa gongwe ga e bakiwe ke gore dipalo tsa baoki di a tlhaela, e bakwa fela ke gore fa go berekelwang teng go lekane gore go ka bo go direlwaa tiro e e kanakana mo *space* sone se se kalonyana seo. A *health posts* rraetsho di fetoge jaaka o ne o tshepisitse and upgrade them e nne *clinics* ka gore di mo toropong. Letlhoko la *clinics* mo toropong le kwa godimo thata. Ke tlaa re mo nakong yone e ke go kope gape gore o lebelele gore *clinics* tse dingwe mo toropong ya Francistown, can you not upgrade and make them 24-hour clinics? Ke lebeletse *clinic* ya Boikhutso mo Satellite South, e e leng gore batho ba ba tllang mo go yone, ba tswa kwa Blocks, Selepa, Coloured le New Stance. So dipalo tse fa ke di bua o bua ka New Stance fela, ke palo e e sang kana ka sepe. Kana fa batho ba ya *clinics* ga ba ye teng ba re ke constituency ya East, South kana West, ba ya kwa go nang le *services* tse di tshwanetseng teng. Itse fa *clinic* e go tlhokafala gore re ka e atolosa ra e dira 24-hour.

Se sengwe gape ke gore kana mo ditogamaanong tse di fetileng gape, re ne ra supa le fa ke santse ke le *Mayor* wa toropo ya Francistown gore re tlhokana le primary

*hospital* mo Francistown, not Francistown East but Francistown. E ne ya fiwa lefelo kwa Gerald mme fa ke bua le wena jaana, ga ke itse gore tlhaloso e ke e tlhalosetsang baagi ba toropo ya Francistown, ke ba raya ke reng ka kgang e ya *primary hospital* e e neng e tshwanetse go agiwa mo Gerald. Ga ke na karabo jaaka ke bua le wena jaana. Ke dumela gore le wena karabo fa o e araba ga ke utlwe ya gago sentle, ga e a tlhatswega gore o re tlhalosetsang tota gore gatwe mathata ke eng.

Kana ga o ka ke wa bua ka *population* kwa Francistown, wa re *population* e a letla. Batho ba ba akolang dithuso kana *services* ya *clinics* mo Francistown, ga o bale ba ba mo toropong fela, ba ba mo Francistown East fela, kana Francistown West or South, re balela le ba ba kwa ntle, *the greater Francistown*; ba bo Tati Siding, ShasheMooke, ba thusiwa mo Francistown. So ke ne ke re fa e le gore bothata e ne e le dipalo, itse fa dipalo di letla gore mo nakong ya gompieno, *primary hospital* e ka bo e agilwe mo Francistown rraetsho.

Ke kope rraetsho gore le fa re akanyetsa go oketsa *nurses*, a re itse fa letlhoko la *nurses* le le le tona thata mo Francistown, segolo jang re lebeletse *nurses* ba ba mo Nyangabwe le mo *clinics* tsa Francistown East, West and South.

Se sengwe rraetsho, a re lebeleleng gore kante ke eng o kare dipalo tsa batho ba ba amiwang ke malwetse a a sa tlhakanelweng o kare di a gola, di ka tswa di dirwa ke eng? A mme di ka tswa di dirwa ke *lifestyle*, ka fa re tshelang ka teng gompieno, kana di ka tswa di dirwa gongwe ke dijo tse re di jang gompieno. Go nne le tshekatsheko ya go batlisisa gore tota go diragala eng o kare *high blood pressure* di goletse kwa godimo, *diabetes*, batho ba ba lwalang bolwetse jwa sukiri le bone ba nna ba ntsi, batho ba ba nang le bothata jwa *mental health* le ba ba tlhokang dikotla mo mmeleng, ba nna ba ntsi le gone. A re tlhalosetswe gore totatota matsapa di ka tswa di a tsaya kae fa e le gore diemo tse di nna jaana. So ke dingwe Tona tse ke eletsang gore le ka di sekaseka, la dira tshekatsheko e e tseneletseng go batlisisa gore malwetse a ka maloba re ne re kgona o kare re a laola, go ka dirwa jang go tokafatsa gore malwetse a a ye kwa tlase. Dipilisi rraetsho mo *clinics* tsa Francistown ga di yo. Kwa Nyangabwe go tlhomola pelo, le yone melemo fela ga e yo. *Operations* jaaka ke bua le wena jaana, go dirwa gangwefela, kana ga go sa tlhole go dirwa gotlhellele ka lebaka la gore ga go na melemo. Dingaka di berekela mo *environment* e e leng gore tota fa o le ngaka, o rutuntshitswe sentle, o ka

tshaba go berekela mo go yone. Ka gore fa o tshwere motho ka pelo ya lorato, le *ethics* tsa tiro ya bongaka, ga o ka ke wa ba wa tswelela o dira *operations* go na le dilo tse di tlhaelang.

Matlho mo Francistown, batho ba sale ba nna mo *waiting list*, go lebaka jaanong, ba bangwe ba felela ba foufala e le gore ba tlhokana le go ka thusiwa. Toropo e e tshwanang le ya Francistown rraetsho, go na le bothata jo bontsi ka gore batho ba teng itsholelo ya bontsi jwa bone e kwa tlase. Gongwe e kare re lebelela re bo re re, kana re bala dipatela tsa matlho, re bo re balela le tse di *private*, itse fa bokgoni jwa go ya dipateleng tse di *private* mo bathong bontsi jwa bone ba Francistown, ga ba kgone. Lebelela kgaolo e e tshwanang le kwa Coloured, Newstance, Donga, Itekeng, Area S, o bo o lebelela e e tshwanang le Pelotelele, dikgaolo tse ke go di balelang tse Tona, ke gore bontsi jwa batho bao, itsholelo ya bone e fa gare kana e kwa tlase. Ga go na itsholelo e gotweng e kwa godimo mo dikgaolong tse. Sone seo, ga re ka ke ra ikaega ka *private facilities* ka gore ba lopa madi a mantsi fela thata. Kana Puso ya rona tota *is a welfare Government, so go botlhokwa gore fa re e fa dithuso kwa Ministry of Local Government* re itse fa le tse dingwe tse di ka tshidisang batho botoka ka fa re eletsang gore ba tshidisang ka teng, di tlhokafala. Ela tlhoko sepatela sa Nyangabwe, se tsenye leitlho fela thata rraetsho. Ke a leboga Modulasetilo.

**MR MOTSAMAI (GHANZI SOUTH):** Ke a go leboga *Mr Chairperson*. Nte ke tsene ka boripana mo dikgannyaeng tsa botsogo. Ke supe fela gore ga ke na go fela lenseswe ke bua ka kgang ya sepatela kwa Charles Hill se se ka bidiwang *primary hospital*. E bile ga ke na go fela lenseswe gore sone seo se sutele sepatela sa Gantsi se bidiwe *district hospital*. *Mr Chairperson*, ke bua jaana e le gore re na le seemo se se tlhobaetsang, se se sa jeseng monate mo dikgaolong tsa rona tsa Gantsi, bogolo jang mo botsogong jwa batho. **MR CHAIRPERSON:** Honourable Members, please note that two hours 50 minutes have been allocated to this organisation, and I shall call upon the Honourable Minister to reply to the debate at 1205 tomorrow, and the question will be put at 1235 hours tomorrow. Honourable Kwape, please talk to your Bill.

**MINISTER OF INTERNATIONAL AFFAIRS AND COOPERATION (DR KWAPE):** Thank you Mr Chairperson.

### **INTRODUCTION**

Mr Chairperson, I have the honour to present to this esteemed Committee, the budget proposal for the Ministry of International Affairs and Cooperation for the financial year 2022/2023. The proposal includes both the Recurrent and Development Estimates under Organisation Head 1500.

The total proposed budget for the Financial Year 2022/2023 Six Hundred and Forty-Six Million, Thirty-

One Thousand, Five Hundred and Ten Pula (P646, 031,510). Out of this total amount, Five Hundred and Seventy-Five Million, Three Hundred and Thirty-One Thousand, Five Hundred and Ten Pula (P575, 331,510) is Recurrent Expenditure, while Seventy Million, Seven Hundred Thousand Pula (P70, 700,000) is Development Expenditure.

### **OVERVIEW OF PERFORMANCE FINANCIAL YEAR 2021/2022**

Mr Chairperson, before I present the budget proposal, allow me to appraise the House on the ministry's performance over the 2021/2022 financial year.

During this current budget cycle, the major preoccupation by the international community has been to respond to the COVID-19 global pandemic. From the onset, our Government's priority was to save lives and protect livelihoods of Batswana through various mitigation measures. This included leveraging on our international partnerships in order to secure life-saving COVID-19 vaccines, as well as to access the much needed technical assistance and data.

Mr Chairperson, in the financial year 2021-2022, global efforts will be focused on adapting to COVID-19 and attaining strong and resilient economies. We are therefore, mindful of the fact that in pursuit of the economic recovery, countries will relentlessly compete for foreign direct investment, hence the need for Botswana to sharpen her strategy to boost competitiveness and attractiveness as an investment destination of choice. We anticipate therefore, that there will be a greater demand for our budget for extensive and focused promotional activities, as well as the requisite institutional capacity building to enable our ministry to deliver economic benefit to Botswana and realise more value from our presence in foreign countries.

Mr Chairperson, notwithstanding the restriction on travel and conventional face-to face engagements, my ministry has ensured that the engagements with partner countries are sustained to ensure that diplomatic activities remain largely uninterrupted and that the ministry continues to capitalise on goodwill that Botswana receives from the international community in order to advocate for the support of economic recovery and advancement of our Reset Agenda.

Mr Chairperson, one of the key functions of the Ministry of International Affairs and Cooperation is the coordination of foreign relations and ensuring that Botswana maintains a single unified front on issues with a bearing on international affairs. The ministry can only succeed in this important function with the support and collaboration of all ministries and stakeholders, as well as this important House.

The ministry will also continue to strengthen its public diplomacy mandate by reaching out to both foreign and domestic publics in order to elicit an understanding of Botswana's position on various international issues. In so doing, the ministry will upscale its Information and Communications Technology (ICT) infrastructure in order to optimise utilisation of virtual and social media platforms, as well as to communicate "our Botswana Story."

Mr Chairperson, the ministry provides a variety of consular services to Batswana residing or travelling abroad. This is an area where we experience a number of challenges as the extent to which this ministry is able to assist is often limited. We will thus continue to sensitise the public on the range of services offered and the role of the ministry in provision of consular services. Above all, the ministry re-commits to deliver services with efficiency '*le ka botho*'.

Mr Chairperson, in spite of the unique challenges and unpredictable global environment, the ministry was able to record notable progress in representing Botswana on the global stage through wide –ranging diplomatic activities, and there are as follows:

#### **PROMOTION OF BILATERAL RELATIONS WITH OTHER COUNTRIES**

Mr Chairperson, as I indicted earlier, the limitations imposed by COVID-19 have not deterred our efforts to facilitate high level engagements with our strategic partners. The ministry has had to be agile and adapt to "virtual diplomacy" as a means to interact with bilateral partners as we sought to advance our national interests.

Consistent with the imperative of maintaining good neighbourliness, and to strengthen bilateral relations and cooperation with countries in the Southern African Development Community (SADC) region, His Excellency the President undertook working visits to Namibia, Eswatini, Lesotho, United Republic of Tanzania and Zambia. This was important to do in

the face of immense challenges facing the region, and the need to strengthen cooperation in the control of COVID-19 and the minimizing disruptions to essential movement of persons and goods as well as services. The visits were also used to lobby for support for Botswana's candidate, Mr Elias Magosi for the position of Executive Secretary of SADC, which I am happy to report culminated in his appointment by the Summit in August 2021. This was a major diplomatic feat by His Excellency the President and Chief Diplomat of this Republic.

Mr Chairperson, the ministry facilitated His Excellency the President in his Chairmanship of the SADC Organ on Politics, Defence and Security Cooperation which ended in August 2021. I was also supporting His Excellency in my capacity as Chairperson of the Ministerial Committee of the Organ (MCO). This entailed chairing MCO meetings and coordinating various activities under the ambit of the Organ. These roles involved providing leadership and guidance towards consolidation of democracy, peace and security in the region. Achievements registered during this time include the following:

- Reaching decision on the deployment of the SADC Mission in Carbo Delgado, Mozambique in July 2021 to support the Government of Mozambique in combatting terrorism in the country. Botswana has contributed troops in addition to deploying a Chief of Mission to SADC contingent in Mozambique.
- Secondly, leading the virtual SADC Electoral Observer Mission and stakeholder engagement in the United Republic of Tanzania and the Republic of Seychelles in October 2020, and the Republic of Zambia in August 2021.
- The ministry also participated in the SADC fact-finding mission to the Kingdom of Eswatini to establish the cause for the political instability in that country and propose possible solutions.

Further afield, His Excellency the President undertook official visits to the United Kingdom, France, Belgium and the European Union Commission. Engagements were also taken in the United States of America (USA), India and Italy, for the purposes of advancing Botswana's development interests with particular focus on the following:

- making the case for the removal of Botswana from the EU blacklist of high-risk jurisdiction in the area

of money laundering/terrorism financing.

- advocating for equitable access to COVID-19 vaccines, and inviting vaccine manufacturers to set-up operations in Botswana. Following the visit to Los Angeles in the United States, a Memorandum of Understanding was signed between NantWorks and Botswana to establish a COVID-19 and cancer vaccine center in Botswana.

Mr Chairperson, as a ministry, we attach great importance to Bilateral Cooperation Frameworks as they have proven to be effective instruments for strengthening strategic partnerships and safeguarding Botswana's interests at bilateral, regional and global levels.

Accordingly, during the period under review, the ministry convened the Sixth (6<sup>th</sup>) Session of Botswana - Namibia Joint Permanent Commission of Cooperation (JPCC) was held virtually from 16 -18 February 2021 to assess implementation of agreed commitments by various sectors such as agriculture, trade, health, education.

#### **TRADE, INVESTMENT AND TOURISM PROMOTION**

Mr Chairperson, now more than ever, economic diplomacy remains critical to Botswana's foreign policy objectives in light of the far-reaching economic disruptions confronting Botswana and other countries around the world. The ministry in partnership with the Ministry of Investment, Trade and Industry; Botswana Investment and Trade Centre (BITC) and Botswana Tourism Organisation (BTO), facilitated a number of activities to attract Foreign Direct Investment (FDI); promote tourism and seek markets for Botswana's produce. These promotional activities were in the form of virtual Expos, Business Forums and business meetings facilitated primarily by Botswana Diplomatic Missions abroad.

In addition, Mr Chairperson, the ministry facilitated Botswana's participation at the following international platforms:

- the Sixteenth (16th) Edition of the CII-Exim Bank Conclave which was held virtually from the 13th to 15th July 2021 and this was aimed at developing partnerships to strengthen economic ties between Africa and India in the areas such as Tourism,

Agribusiness and Information Communication Technology

- the Dubai Expo 2020 which will be held over a period of six months Expo is ongoing. Botswana has an impressive line-up of promotional activities which cover various sectors and this is an ongoing activity Mr Chairperson.

It is also worth highlighting that Botswana Diplomatic Missions abroad consistently undertook or participated in promotional activities in the form of virtual Expos, Business Forums and business meetings in order to sell Botswana as the investment and tourism destination of choice.

#### **CONTRIBUTION TO THE REGIONAL INTEGRATION AGENDA**

Mr Chairperson, the Southern African Development Community (SADC) region is strategically important to Botswana. Our long historical relations, common borders, kinship and trade ties make us inextricably linked to the region. Accordingly, Botswana will continue to contribute to efforts aimed at strengthening SADC's integration and pursuit of long term peace and security as well as economic cooperation and sustainable development.

The attainment of these noble regional aspirations requires a strong Institutional support of the Secretariat and in this regard we believe we have the right person in Mr. Elias Magosi to advance the transformation agenda that will position SADC to deliver prosperity to its citizens.

Mr Chairperson, as you are aware, Botswana assumed the Chairmanship of the SADC Organ on Politics, Defence and Security Cooperation for the period August 2020-August 2021. In this regard, the ministry facilitated His Excellency the President in his role as the Chairman and in his leadership role of providing guidance and contributing to the consolidation of democracy, peace and security in the region. During this time much progress was registered in the following areas, amongst others;

- Establishment of the Regional Counter Terrorism Centre, which will be based in Tanzania; and I must add here that it was recently opened and Honourable Shamukuni attended.
- Development of the Guidelines for Elections Observation under Public Health Emergencies.

- Deployment of the SADC Mission in Carbo Delgado, Mozambique in July 2021 to support the Government of Mozambique in combatting terrorism and acts of violent extremists in the country. Botswana has also contributed troops alongside seven SADC countries. The SAMIM Mission is headed by Professor Mpho Molomo of Botswana; here Mr Chairperson, I need to emphasise that he was appointed by our President when he was Chair and he continues on that role, till today.
- Leading the virtual SADC Electoral Observer Mission and engagements in the United Republic of Tanzania and the Republic of Seychelles, as well as the Republic of Zambia.

Mr Chairperson, the ministry continues to actively coordinate the participation of Botswana at SADC meetings, including the recent SADC Extraordinary Summit and Extraordinary Organ Troika Summit that took place in Malawi in January 2022 for the purpose of assessing the mandate of SAMIM and the budgetary implications thereof.

#### **CONTINENTAL DEVELOPMENT AGENDA**

Mr Chairperson, the ministry continues to facilitate Botswana's contribution to the African Union (AU) Agenda 2063. Our engagement within the African Union enables Botswana to work with others to realise the collective vision of an "integrated, prosperous and peaceful Africa." We also seek to promote Botswana's influence in the continent in alignment with our interests, values and principles.

Hence Mr Chairperson, during the reporting period, Botswana participated at the Sixth (6<sup>th</sup>) Summit of the African Union and the European Union and the 2<sup>nd</sup> African Union/European Union Joint Ministerial Meeting held in Belgium and Rwanda respectively. The discussions advanced cooperation between Africa and Europe on trade, investment and health cooperation.

#### **CONTRIBUTION TO THE GLOBAL DEVELOPMENT AGENDA**

Mr Chairperson, Botswana attaches great value to multilateralism as a means to promote and safeguard our national interests. As a small country in an interconnected world, Botswana recognises the challenges of today are global in nature and in impact. We therefore have vested interest in the nurturing of global cooperation and collective action underpinned by rules - international order.

Botswana will therefore continue Mr Chairperson to be actively engaged in the United Nations System as we fully subscribe to the promotion of peace and security and the Sustainable Development Agenda. We are also very intentional about enhancing active participation in the UN in order to promote our national values and advance our strategic development goals.

To this end Mr Chairperson, Botswana consistently participate in multilateral platforms including high-level events, and conferences convened by the United Nations (UN) and other international organisations in order to advocate for economic and social development of our country, share her development experience, as well as learn from other nations.

Mr Chairperson, the ministry facilitated the participation of His Excellency the President at the UN General Assembly in September 2021. Given his stature, His Excellency the President's presence enabled the ministry to attract high value potential investors and persons of influence to events where Botswana could solicit support for the key national priorities. These include calling for equitable access to vaccines; combatting COVID-19, and assistance towards post pandemic economic recovery.

Mr Chairperson, the ministry also continued to facilitate His Excellency's engagements with the World Economic Forum (WEF). As a testament to the growing profile of Botswana internationally, the WEF, appointed His Excellency as Generation Unlimited Champion for the SADC region to work collaboratively with United Nations International Children's Emergency Fund (UNICEF) to advocate for participation of youth in policy...

**MR CHAIRPERSON:** Thank you Honourable Member for Jwaneng-Mabutsane. Thank you *Rraagwe* Masa. You are going to be followed by Honourable Member for Lobatse, Honourable Dr Matsheka.

**DR MATSHEKA (LOBATSE):** Thank you Mr Chairperson. Let me start by acknowledging the Honourable Minister Kwapo for the report back to this Assembly. Before I get into my submission, I would like to start with Paragraph 30 and that is where I will be making my arguments going to the first paragraph, just to demonstrate the points that I want to make today. I also want to confirm Mr Chairperson, that indeed Botswana is a small player in the global market and our challenges as also quoted by the Honourable Minister, are global in nature and impact. What are those global issues Mr Chairperson, that impact and confront our country?

I also acknowledge that the Minister confirms that the promised Foreign Policy from Paragraph 46 is completed and awaits due diligence. The policy will answer the vexing questions of the elements of our engagement with the rest of the world and hopefully redirects and reshapes our direction on the Foreign Policy space. COVID-19 Mr Chairperson, has awaken not just Botswana, but the rest of the world from the emptiness of some of the agreements that we had in terms of relations that we believed that they were going to work for us. When it hit our country, everybody looked after their own citizens. This confirms that the economy and its performance is a bedrock of all policies, including Foreign Policy. I am making this point to confirm that Foreign Policy is going to be a very important element of what we need to discuss and converge around.

Paragraph number 7 Mr Chairperson, as I said I will start from 30 going backwards, the Minister does speak about effective economic diplomacy and that is really the prelude to what I am going to talk about. Therefore, the need to focus on trade and investment attraction. I say attraction Mr Chairperson, not promotion because indeed promotion as has been practised, we now need to look at economic attraction. The economic policy diplomacy will require a total realignment of the Government structures away from investment promotion to investment attraction. This is very key because investment promotion has not been as effective within the existing structure of Government. There are many stories Mr Chairperson, of investors who had been offered to invest in this country, only to come here and

get frustrated around the processes and the bureaucracy that we have. I am making this point to confirm to basically make the point that there is some form of a misalignment between investment promotion and the structure that we have in order to retain. Therefore, attraction is much more direct and in fact, it is speaking directly to investors to actually offer them a directory.

Just to re-emphasise Mr Chairperson, Botswana is indeed a small country in the international and regional markets and in two ways that we get directors than policy adoption, we are also a price taker globally in terms of commodity trending. Those are the key elements that one would like to see emerge out from the policy. This is because we have two main sources of revenue in this economy; the main one in terms of economic activity, we have tourism and the mining sector. Members will recall that what I made the point around Financial Action Task Force (FATF), that is one element as well of a policy prescription around what we should adopt in order. We could not even say no because we are a taker of policy prescriptions globally because we are part of the global community.

We should look at the tourism sector Mr Chairperson, the whole of Okavango Delta itself; it is largely driven by environmental policies that are even done by lobby groups that are environmental lobby groups and therefore our sustainability in terms of that sector is highly dependent on how we relate with the rest of the world, and what prescriptions are actually imposed upon us globally.

So, basically, I am also making the point that the decisions we make for domestic need, have to be assessed against economic impact and economic diplomacy as stated by the Minister. We have currently COVID-19 regulations on vaccines, we have made decisions again on the restriction of imports of certain commodities that may be seen as important for domestic production, but they have got far...(inaudible)... for economic policy diplomacy to make sure that we position our country in a manner that shows the direction of economic policy globally, and therefore, address the issues that are important in terms of our relations with the rest of the world. I am then talking this to make the point that the decisions that we make locally, have implications for international relations more so for small countries, because when I started, I said Botswana is a small country, and therefore, we need to place a prescription in a manner that relates to that.

On the mining sector, in terms of diamond, the requirements which were put across, were really for clean diamonds; which the Minister stated on the Kimberly Process. That is a clear example as well around what can be prescribed globally for us to toe the line around the policy direction that we can. The decision was really around clean diamonds, and therefore the Kimberly Process is also one extension of the globalisation of trade, and indeed prescriptions around governance which are an element of Financial Action Task Force (FATF) to put in there Mr Chairperson. Therefore, I am making the point very briefly that we require the completion of this foreign policy document so that we can have a robust debate around what is necessary, what do we need to do, how do we position this country. There was reference earlier to ...

**MR SPEAKER (MR MOATHODI):** Order! Order! Honourable Member for Lobatse. *E tlao re kwa Malokaganyane le kwa Shifa, o bo o ba bolelela ngwana wa ga nkgonne gore ke ile ka go emisa pele ga o fetela kgakala kwa.*
