**ADOPTION OF THE REPORTS OF THE
COMMITTEE ON AGRICULTURE,
LANDS AND HOUSING**

**CHAIRPERSON OF AGRICULTURE, LANDS
AND HOUSING COMMITTEE (MR REATILE):**

Thank you Mr Speaker. Good morning Mr Speaker, and thank you for giving us the opportunity to present the report. Mr Speaker, I stand before this Honourable House to present the reports on the activities and findings of the Committee on Agriculture, Lands and Housing for the years 2020 and 2021.

Mr Speaker, this report is an account of interactions with critical stakeholders under the mandate of the committee. Some of the engagements were done at the height of the COVID-19 pandemic, during the time when borders were closed, while some are more recent.

Mr Speaker, in terms of the mandate of the Agriculture, Lands and Housing Committee, our responsibility is to ensure that Government interventions relating to the Agriculture, Land management and Housing sectors are delivered within the provisions of the laws are affordable, that is within the budget and relevant or meet the needs of the people.

The committee's expectation is that given the critical need to address issues of food security in this country, it is imperative to develop strategy within the agriculture sector and grow it from its current infancy to an economic engine before the minerals were discovered. In achieving this, there is also a need for greater accountability on planning and performance by the various stakeholders tasked with such responsibility.

As a landlocked net importer of most commodities, Botswana finds itself in a rather precarious position, especially during times of crisis as highlighted by the COVID-19 pandemic. The country's over-reliance on our neighbouring countries for almost every good consumed locally, including food exposes us to external vulnerabilities.

Moreover, our vulnerability is further exacerbated by aridness and mostly poor soils. This challenge is further compounded by climate change which presents further risks to a sector whose productivity is already declining and without meaningful strategies to harvest, recycle and re-use water to support agriculture production, this sector may never realise its full potential.

Mr Speaker, there is an urgent need to address issues of the national head and food security, our agricultural support systems and regulatory framework if we are to achieve food security.

In considering some of the Legislative framework under the agro sector, we found that most of the laws in place are very old and have been surpassed by new and emerging challenges. Our Agriculture Policy was developed over 40 years ago and current developments tell us we need a new framework to raise this sector from its slumber.

In the committee's interactions with role players in the affected areas, it is evident that lack of access to productive land and basic shelter further compounds our food and housing security situation.

Currently, the country is saddled with long waiting lists for land allocations in both state and tribal land dating as far back as 30 years. In addition, many still demand a roof over their heads. These challenges require that we review our current strategies as a country and put in place robust and sustainable interventions, which have the potential to transform this country into a high-income economy.

Land is not an infinite resource and we now need to be thinking if the waiting lists for Gaborone as an example, does it make sense, when we know very well that there is no more land available. Can we attempt to address housing needs with the few remaining parcels of land as a thought perhaps Mr Speaker?

Mr Speaker, Batswana can never attain meaningful economic emancipation and participation if they cannot access land and derive value from that land. To empower Batswana, we need to provide land to them as we already have supporting policies and laws to facilitate businesses participation and other ventures.

In a nutshell, the Agriculture, Lands and Housing Committee took these thing into consideration when it embarked on public hearings across the country to facilitate dialogue with stakeholders and the public

on key issues affecting the sectors under its mandate. When we talk about the public hearings Mr Speaker, we managed to travel along the Limpopo River, Molopo River and the Chobe River. That is where Batswana that we have managed to visit and interact with.

Mr Speaker, primarily, our concern was to appreciate where we are missing it as a country on issues affecting the country's food security, to end up with persistent outcries from various producers and industry stakeholders. The COVID-19 pandemic also brought to light the need for the country to seriously assess its food production capacity and ability to feed the nation.

It is our conviction Mr Speaker, as an Oversight Committee that the agriculture sector in particular, holds the key to our country's prosperity and employment creation. There are numerous opportunities under the sector, provided, we create a conducive environment for it to thrive. There are many Batswana out there Mr Speaker, who are keen on growing this sector and contributing to making it our economic flagship and they require facilitation through a robust policy framework.

In that regard, this report is an outcome of efforts from many stakeholders through their input to the committee. This report carries the aspirations of Kasper, a small stock farmer in the sand dunes of Rappelspan in Kgalagadi South; it carries the thoughts of the people at Lobu and echoes on the sentiments of the people of Bray, also from Kgalagadi South; the commercial farmers doing wonderful work in Mosisedi who have to contend with persistent droughts; *bo Rre Molale ka fa*.

This report reflects the dreams of the people at Sunny Side Dairy and the dream by the Lobatse Town Council for Milk Africa to come to life and change its economy; this report echoes the dreams of the beneficiaries of Serowe Milk Collection plant which today lies idle, and has never really reached a full operational capacity.

This report talks to the heartbeat of those determined cohort of producers of Dikabeya and Shashe River Agroprojects, the Pandamatenga farmers toiling amidst wild animals and remain undeterred, the farmers in the SPEDU Region, Talana farms and its workers, the people of Bobirwa struggling with the cross border cattle rustling, and shortage of arable land, JP Roos, a beneficiary of CEDA Young farmers Fund and his counterparts in the Tuli, who contribute to feed the nation and neighbouring country because they are exporting to the west of Botswana.

This report is an outcome of inputs by among others, many patriotic Batswana who want to make difference through agriculture, and ensure we attain food nutrition security. It is words from Botswana Dairy, Poultry, Beef producers, and Horticulture Associations; the dreams of patriots like Mr Monty Chiepe, Pula Institute of Town Planners, Botswana Veterinarians Association, Agricultural Graduates Association and many others, that this Committee has interacted with over the past two years.

Mr Speaker, I have to pass many thanks to the Secretariat of this Committee, and the Clerk of National Assembly for making sure that they facilitated the Committee in travelling from south to north, east to west, to make sure that we interact with the people.

Mr Speaker, I have to thank the Members of this Committee who have availed themselves, making sure that the Committee is always forming the quorum, we have never struggled with a quorum since we have been constituted as the Committee under this portfolio Mr Speaker.

I have to give thanks to you Honourable Speaker, and may the merciful God, give you guidance while you still keep on leading us in this august House Mr Speaker.

It is our expectation of the Committee that there will be more contributions from all of us on the issue raised above, and the report will hopefully receive the blessings and adoption by this august House.

Mr Speaker, I move that the report of the Committee on Agriculture, Lands and Housing for 2020/2021 be adopted. Mr Speaker, I humbly submit the report before this House. I thank you.

LEADER OF THE HOUSE (MR TSOGWANE): On a point of procedure. Procedure *ya me ke gore, kana* we appreciate the reports as they are presented, *mme fela* I think there is going to be a gap in terms of the way we attend our Parliament these days virtually, *ka gore* normally you would expect that you get the write-up or the presentation, *o bo o kgona gore* now you can remember everything that has been said, but without the presentation, then it becomes difficult sometimes to follow-up on certain issues that have been presented. It is a very critical report, well presented, but we do not have the copy of the report. *Ga ke itse gore* in the future *fa go ka dirwajang*, can they not be sent virtually before the presentation, because there is a presentation, and

there is a report itself. Presentations really I meant to be lucid, and to enable us to catch-up with the report, they are like a summary of the report. I thank you Mr Speaker.

MR SPEAKER (MR SKELEMANI): Thank you Vice President (VP). I suppose *ke mathata a mangwe a a tleng ka* virtual sitting of Parliament. We can go and find a way around it by asking Honourable Members who are presenting to give the Clerk of Parliament copies of their statements, which can then be sent to Honourable Members for ease of reference, rather than relying on their memories as you say VP, it is a matter which is not impossible to deal with. Thank you very much for alerting us to that difficulty.

MR REATILE: Sorry Mr Speaker. Thank you Mr Speaker. I note the concern of Honourable Leader of the House, and I will make sure that we do deposit the statement into the 12th Parliament folder for access of ease reference for the members.

MR SPEAKER: Now to the debate, Honourable Morwaeng? Oh! they are not on this list, sorry. I want people who are talking on the matter at hand.

Ke ne ke re ke tlhaloganye gore ntlha e e tshwanang le e, boranyane le tiriso ya bone mo temothuong ya rona, ga a bone gore a ke sengwe se se botlhokwa thata? Ke gone fa re ka bong re saletse kwa morago. Ke bua jaana ka tsela e ke sa reyeng gore ke lebile fela gore ke itse gore ba bangwe Mapalamente ba buile ka ditsela, go gokelela maranyane a ditlhaeletsanyo jaana, le go a tsenya kwa masimong le merakeng, mme ke lebile fela boranyane tota jo bo tseneletseng, jo bo mo teng ga go dira temothuo ka bo yone. Ke fe sekai gore tota fela mo seemong se re leng mo go sone gompieno jaana, Motswana gore a jwale,

kana o jwala mmidi, mabele, e bile nte ke tseye mabele, peo eo re ipotse gore e tswa kwa go mang? Re e reka kae? A re mo seemong sentle sa gore re bo re dirisa dipeo tsa rona? Tse ke tsayang gore batsadi ba rona, ba ne ba ntse ba na le tsone, kana ke dilo tse re di latlhileng, mme e bile ga re dirise botlholtlhomisi jo bo tseneletseng go bona gore re tokafatsa maduo a temo ya rona ka go dirisa kitso e re ntseng re na le yone mo batsading ba rona mo temothuong.

Ke eletsa go leboga gore ba tsamaile lefatshe ka bophara lotlhe, le nna ke ne ke reeditse thata. Gongwe ke na le ngongorego e e tshwanang le ya ga Rre Mabuse Pule gore go na le Kgaolo ya Tlokweng, ga re a aga matlo fela a re a hirisitseng, le gone go na le masimo le lero. Mme e bile mabaka a a neng a ntshiwa ke Rre Mabuse Pule, a maleba fa o lebile kgaolo e ka gore re atamalane toropo e bile go feta ene. E bile ke na le tumelo ya gore re na le tshono ya gore merogo e gompieno e emisitsweng, ke yone e nne gongwe re ka remelelang mo go yone, le fa ke itse gore sebe segolo ke gore metsi ke letlhoko le letona la gore gantsi o kgone temo e e ntseng jaana.

Jaanong rra, le nne le gakologelwa, re se ka ra akanya mafelo a a phuthologileng fela a le itseng gore go na le thuo ya dikgomo jalo, go na le temo e e atologileng e e buang ka *hectares* tse dintsi, mme le mo metseng e e setoropo le mo toropong, re tshwanetse go lebelela gore re dira jang go tokafatsa seemo sa rona sa dijo. Go kile ga nna le lananeo le leka gore Batswana ba itemele mo dijarateng tsa bone, le ke tsayang gore mo nakong e jaanong, ga le sa tlhola le le teng. Ke santse ke na le tumelo e e tletseng gore tota fa e le selo se se ka dirwang ke Batswana ba le bantsi, re ka fitlhela gore seemo sa rona sa go tlhoka go ijesa, ga se se re se bonang sa gompieno.

Raetsho, ke tsene fela mo goreng lebaka le le neng la ntshiwa ke Honourable Lucas, a supa gore tota go aga itshorelo, e bile le itshireletsego ya lefatshe, *can be compromised* kana e ka digelwa tlase fela ke seemo sa gore re bo re sa kgone go ijesa. Ke sengwe se ke dumelang gore le sone tota ke se ka ka wetsa fela ke sa se gatelela ka gore fa re sa ijese bagaetsho, tota fela re ka iphitlhela gone mo seemong se mo mabakeng a a tlaabong a lebilwe ke mafatshe a mangwe, ka nako gongwe go na le ditumalano kana kutlwisisano le bone, ba bo ba dirisa lebaka la gore ba itse gore ga re kgone go ijesa, go re baya mo seemong se re felelang jaanong re ya go tsaya ditshwetso re dumalana le bone, mme e tswa e ne e le se re neng re sa eletse gore re ka se dira.

Ka mafoko a a kalo, ke ema nokeng *report* ya ba Komiti ya *Agriculture, Lands and Housing*. Ke a leboga *Mr Speaker*.

MR MMOLOTSI (FRANCISTOWN SOUTH): *Thank you very much Mr Speaker.* Le nna ke ne ke re gongwe ke kgwe kgaba *report* ya ga Honourable Reatile ya *Agriculture*. Gongwe ke simolole fela *Mr Speaker*, ke leke go thusa bakaulengwe. Kana ke tsaya gore go a itsiwe gore tota ke morutabana wa *Agriculture*. Jaanong ke ne ke re gongwe ke simolole fela ka go thusa bakaulengwe gore lefoko le la *agriculture*, ke lefoko le le tswang mo Selatining, se se reng '*agricultura*', mme le gore '*agri*' yo o raya *field*, '*cultura*' a raya *cultivation*. So re kgona go lemoga gore ke mafoko a mabedi. Le lengwe le simolola ka '*a*' which is *agri*, le lengwe le simolola ka '*c*' which is *cultura*. Jaanong ka tsela e e ntseng jalo, ke le rotloetsa gore fa o le bitsa lefoko le, o nne o akanyetsa thatathata gore ke mafoko a mabedi, le lengwe le simolola ka '*a*' le lengwe le simolola ka '*c*', gore re avoid go le bitsa '*agrigulture*'. Ke gore re bo re ka kgona go tlhaloganya gore le lengwe le simolola ka '*a*' le lengwe le simolola ka '*c*' and then we can call the word '*agriculture*'. Ke bua jalo bakaulengwe ka gore ke morutabana wa *Agriculture* and I thought maybe it is important for me to be of assistance to you Honourable Members.

HONOURABLE MEMBERS: ... (Murmurs)...

MR MMOLOTSI: Having said that, tla ke leke gore komiti e ya ga Honourable Reatile, e tona, ke tsaya gore ke yone e e tshwereng *economy* ya lefatshe. Le kgona go lemoga le lona Honourable Members gore komiti e e tshwere two out of the three traditional basic needs of life tse re neng re di bolelwa; tsa bo bonno le dijo, ka gore this is where food is produced and where other commodities that are basic to our lives are produced.

Having said that, kana lefatshe la Botswana mo nakong ya gompieno *Mr Speaker*, le mo seemong se le nang le kgwetlhya go itirela dijo. Re a itse gore mo dingwageng tse di fetileng, ba *Ministry of Agriculture*, in fact many years ago, tota ba ne ba preach dilo tse pedi tsa food security and food self-sufficiency. Ka tsela e e ntseng jalo, go lebega e le gore re ne ra se ka ra kgona, e re ntswa *Ministry of Agriculture* o ne o rotloetsa jalo, gore re achieve any of the two; whether ke food security kgotsa ke food self-sufficiency, we failed completely.

Ke tsaya gore komiti e ya ga Honourable Reatile, it is better placed to lobby Government gore tota re boelete dikgang tse, jaanong re di emele ka dinao. Go bona gore

now that we have realised especially during the time of COVID, gore lefatshe le kgona go nyelela fela ka lebaka la letlhoko la dijo, go a tlhokafala gore ba komiti e ba leke to lobby Goromente go leka go thusana le the relevant Ministry of Agriculture, go bona gore kgang e ya food production, food security le food self-sufficiency, re e emela ka dinao gore e se ka ya re ka nako epe, ra iphitlhela re le mo mathateng. Dikai di setse di itshupa mo nakong ya gompieno gore fa re sa emele kgang e ka dinao, re tlaa tsena mo mathateng. O a bona gore gompieno ga go na tapole mo Botswana, Botswana ba mo mathateng, lately gatwe onions le merogo ga di bonale, and you can see gore komiti ya ga Honourable Reatile, tota ke yone kgakgatšhe mo go lekeng go bona gore lefatshe la rona le nna le dijo tse di lekaneng, tse di tlhokiwang ka dinako tsotlhe.

I think jaanong re tshwanetse re tsene thata mo kgannyyeng ya research and development, maikaelelo e le gore mo dikgannyeng tsa crops, research e thuse ka go bona high yielding varieties which mature within a short period of time, re lebile gore ka dipula di a tla di a nyelela, gompieno jaana ke mongwe wa batho ba ba neng ba lemile, ke itswetse fela. Therefore go a tlhokafala gore ba ba dirang dipatlisiso, ba dire tse di ka re neelang even drought resistance varieties of crops, crops that are resistant to pests jalojalo, mme di na le a short lifecycle gore motho a itse gore le fa ke lemile maybe within a month and a half I have already harvested. These things are possible if we invest money in research and development. Ke sone se Mr Speaker, go tlhokafalang gore re leke go dira jalo. Re mo seemong se e leng gore re a bona gore metsi mo lefatsheng la Botswana ke kgwetlho.

Maloba ke ne ke tlisitse Tshutiso mo Palamenteng, e ke neng ke kopa Goromente gore a leke go epela balemi didiba, ba ba nang le kgatlhego ya go lema ka tlhwaafalo kgotsa subsidise kepo ya didiba tsa bone. Ke a utlwa gore even the Vice President (VP) o ntse a tlhalosa gore, fa farmers ba le organised ba kgona go thusiwa ka sediba but you know Botswana kwa masimong ka go farologana, ga se gore mongwe le mongwe wa bone o na le kgatlhego ya go lema ba le cluster e le nngwefela, mme go na le ba ba tlhwaafetseng tota ba le very serious about food production. Jaanong fa re thusa bao gore ba kgone go nna le metsi mo masimong, they can produce food all year round re bo re sa iphitlhele re na le dinako tse mo go tsone go senang ditapole, onions le dijo, we even import grains from as far as Brazil. O ipotsa gore ao! le raya gore le mabele le mmidi fela re ka di tsaya

bokgakala jo bo kalo, when Batswana have so many farms tse ba ka di dirisang. Kana kgang ke gore farms tse di foo, mme Goromente ga a leke go thusa gore dilo tse di tlhokafalang gore go lengwe di nne teng jaaka metsi and other things.

I know gore Goromente o a thusa ka subsidies tsa bo fencing, ka lenaneo la LIMID, that we appreciate, mme ga go a lekana. Re tlhoka infrastructure ya ditsela tse di yang kwa masimo, masimo a a nang le motlakase, because ultimately the food value chain gore re e kgone go a re re bo re na le ditsela le metlakase e e ka fetlhlang tse re di tlhokang. E bile re na le metsi gore re bo re ka kgona gore what we produce kwa masimo, re kgone to process them kwa masimo so that we explore the whole value chain ya food production. Ke dumela gore komiti ya ga Honourable Reatile e ka dira tiro e ya to lobby lephata le, gore tota re tsene mo direction eo, ka gore batho ba ka tswa mo ditoropong ba ya kwa masimo, ba ya go lema and process sengwe le sengwe se re se tlhokang fa re ka dira dilo ka tsela e e ntseng jalo.

Go na le the new ISPAAD e e tlaa tlang. Go ya ka tebo ya mathlo a me Modulasetilo wa komiti e, ke bona o kare ga e na go re thusa sepe. For example, fa jaaka go buiwa gatwe ba ya go thusa to equip didiba, how many people will be able to drill boreholes mo masimong a bone, very, very few. So if you offer thuso ya gore I am going to equip didiba, o ka nna wa fitlhela e le gore ga gona didiba that you can equip. Fa di le teng e tlaabo e le tsa ba ba itsholetseng enough gore ba ka kgona gore ba epe didiba mo masimong a bone. O kgona go bona immediately gore, this is a programme e e leng gore mo Motswaneng wa sekei le yo o senang se a nang le sone mo go kalokalo, ga e accessible. Go tshwana le go tsenya motlakase kwa masimong, mo Goromente according to the new programme a yang go leka go thusa Batswana go tsenya motlakase. Fa bill ya motlakase e tla e le P500 000 go isa motlakase kwa tshimong ya gago, obviously o a bona gore there is a segment ya Batswana ba e leng gore golo mo e tlaabo e le programme e e leng teng mo pampiring, mme e sa ba thuse. So it is one way of Goromente wa lona maDomkrag of just ticking the boxes, gore gotwe re tsenyetsa batho motlakase kwa masimo, re thusa batho ka metsi jalojalo. Gore dilo tse di kgone gore di nne meaningful, let us look at batho ba rona botlhe. Programme ya ISPAAD e e ntseng e lemela Batswana e ne e lemela Batswana ba le bantsi, mme go sena mosola mo go kalokalo, ka lebaka la gore ba tlaa lema, fa ba fetsa go lema pula ga e ne, ba boa fela. Therefore, return on investment was not there. At one

point I remember in the Eleventh Parliament I wanted the Minister to tell me gore return on investment ya yone thulaganyo e ya ISPAAD ke eng, and the Minister was quick to say gore we cannot use return on investment to measure a social programme like ISPAAD. But then what is the use fa re na le programme e re sa kgoneng go bona gore a e a re busetsa kana ga e re busetse, re ka dira jang gore Batswana ba kgone gore ba boelwe mo mading a a dirisiwang mo go bone.

Mr Speaker; ke tsene mo kgannyeng ya lefatshe fa ke fetsa gore go mosola Honourable Reatile gore, le leke to lobby Goromente gore tota Batswana ba tshwanelwa ke go bona lefatshe ba santse ba tshela. Gompieno jaana ke na le mme mongwe wa monalebogole kwa kgaolong ya me, yo o sa bolong go kopa setsha, yo o sokolang yo le maabane bosigo a neng a lelela mo go nna gore, Member of Parliament (MP) ke gore jaanong fa ke ka swa ke ya go fitlhelwa kwa kae ka nna ke nna mo ke hirisitseng. Tota waiting lists tse ga re re di lwantshe, re leke to service lefatshe ka minimum servicing, batho ba kgone gore ba neelwe lefatshe. Gape a re lekeng to consider gore fa re re motho o ka neelwa plots tse pedi, e nngwe mo toropong e nngwe kwa gae, kana ba bangwe gongwe ga ba na kgatlhego ya go nna le plots kwa ditoropong. Ke eng re sa re plots tse pedi for Motswana mongwe le mongwe, o tlaa ithophela ene gore o di tsaya kwa kae. Ke a leboga Mr Speaker ka nako ya gago.

MINISTER OF BASIC EDUCATION (MR MOLAO): Ke a leboga Mr Speaker. Ke tlaa leka go bua ka bokhutshwane go tsibogela report e e beilweng fa pele ga rona ke komiti ya Palamente e e botlhokwa, e e tshwanetseng gore re e eme nokeng go dira tiro ya yone.

Se ke batlang go tsena mo go sone ke kgang ya lefatshe la temo kana masimo, gore gongwe e le nngwe ya dikakanyo mo nakong e e tlang, ba kgone gore le bone ba lebelele gore mme gone lefatshe la temo le le setseng le abilwe gale, le le mo matsogong a Batswana ka go farologana, go ya ka dikgaolo tsa rona ka go farologana ga tsone, le kana ka eng le le sa dirisiweng. Lefatshe le le e leng gore *it is lying fallow* le le mo diatleng tsa Batswana. Le fa kae, ke eng le sa dirisiwe, and really call out ba ba tshotseng lefatshe to really understand deeply gore lefatshe ke eng le ntse foo le sa dirisiwe. Le gone fa le ne le ka dirisiwa, le ne le ka re tswela mosola ka tsela e e ntseng jang.

Ke buisiwa kgang e ke gore, tota gona le lefatshe la masimo le le ntsi le le setseng le abilwe, mme e bo jaanong re sa le dirise, e nna sekgwaa fela. Ba ba tlang

kwa morago e le bana le banana ba bo ba foleta go batla lefatshe, mme gona le lefatshe le le mo diatleng tsa Batswana ka go farologana. Mo gongwe e le la batsadi, ba bo ba palelwa ke gore ba na le bana ba ba sa tsholang lefatshe ba ka kgona go ba adima lefatshe le gore ba le dirise productively le bo le ka tlisetsa lefatshe le dijo. Ke sengwe se se tshwenyang, se batla go lebelelwa ka tlhwaafalo.

Kgang e tona tota fela mo Temothuong, re tshwanetse ra tlhaloganya ra ba ra leka le go rotloetsa ka tlhwaafalo gore, go bereka batho ba le mmogo go mosola gona le go itirela o le nosi koo, ditsompelo le kitso tsa gago di tlhaela. Fa le ne le kopanetse tiriso, le ne le ka nna le letseno le dikakanyo tse di botoka, la kgona gore lefatshe le le le tshotseng le ntshe dijо tse di lekaneng mo go lone. Ke yone kgang ya clusters e nnang e buiwa gore, e tshwanetse gore tota e gatelelwе mo bathong, Batswana ba tlhaloganye go bereka mmogo. Gompieno le fa go ne go ka kgonega gore metsi a ka isiwa kwa Batswaneng, jaaka re tlhola re ntse re bua re re fa le na le masimo a bapile e le diekere di ka nna 100, mme mongwe o tshotse 10 hectares (ha), yo mongwe five, yo mongwe 15, mongwe le mongwe a bo a re le nna ke batla sediba sa me, mo masimong ao, a go ka kgonega gore Goromente a thusе batho ba le kalo ka didiba tse di kalo? A mme di ka kgona thusa go tshegetsa masimo a, and function productively?

Fa e ne e le gore batho ba ba ntseng jalo ba itetla go nna a cluster; e bo e le gore Goromente o ba thusa go ntsha disana, go teratela masimo a, go sika fa go nang le metsi, e bo e nna tiriso e e kopanetsweng. The production will certainly go higher and we can yield better results than re bereka individually jaaka Batswana go lebega mo mafelong a a farologanyeng e kete mongwe le mongwe o batla go ema fale a le nosi. Ke sengwe se se bokete se diang tswelelopele ya temothuo mo Batswaneng bogolo jang mo go ya temo. Komiti e tshwanetse e etelele pele to encourage clustering ya masimo a Batswana, cooperatives between Batswana. Fa o ya kwa mafatsheng a mangwe jaaka Israel, kwa e leng gore ke lefelo la sekaka, ba na le thulaganyo ya dikoporase e ba e bitsang Kibbutz Villages. Ke thulaganyo e e tsepameng ya gore batho ba bereka ba le mmogo, as an example in dairy farming. They have clustered gore ba ba itebaganyang le production ya feeds tsa leruo ke ba. E bo e le gore bao tiro ya bone ke go lema feed e fela. Ba bo ba e tsaya ba e isa kwa go ba ba tlhokometseng dikgomo. Gone foo ba ba tlhokometseng dikgomo, kgang ya bone ke go di tlhokomela, go bona gore di a

gamiwa, di nna fa go siameng. Go bo go nna le ba ba tlhokometseng gore fa go sena go gangwa, mashi ao a tsewa a ya kae, thulaganyo yotlhe ya go ntsha boleng jwa mashi, go dira *yoghurt*, go dira eng tsotlhe...

...Silence...

MR SPEAKER: You are lost Minister.

MR MOLAO: ...bona kae *feed*? Ke ya go bona kae mmaraka ka gore bangwe le bangwe *specialise on what they can do and do best. This is what has put Israel to be one of the best producers* tsa temothuo ka bophara jwa yone. *This is what we should be encouraging Batswana to adopt.* Go itsiwe gore fa e le kwa dikgomong, go nne le balemi ba ba dirang *feed* fela. Go nne le ba ba ruang, ba ba tsayang *product* e sena go wela ba e isa mmarakeng. Fa go duwa gone koo *like the Kibbutz system*, ba ba lemang, ba ba gamang, ba ba tsayang mashi ba dira *by-products* ba a isa mmarakeng; ke gore mongwe le mongwe o na le seabe gore wena *proceeds* tse di tswang kwa bareking, madi a a kgaoganwa jang, bafe ba tsaya bokae, bafe bokae mo thulaganyong e. Ke sone selo se se beileng Israel gore e nne *one of the best producers*. Le rona re le Batswana *if we can adopt a model* o o tshwanang le o, o ka dira gore Botswana a ntshe dijо tse di lekaneng.

Gompieno jaaka go tswetswe merogo jalojalo gore re se ka ra tsaya kwa Aferika Borwa, ke selelo. Bangwe ba akanya gore Goromento o ne a sa akanya sentle. Go tswa kgakala e le gore melelwane e nne e tswalwa gotwe, “re a tswala gompieno ditamati le eng di dintsit.” Ga go ise go re busetse gore Batswana ba *produce* go feta selekanyo se re se tlhokang le gore re ka felela re *export*. Jaaka go tswalwa *completely* jaana, go tlaa pateletsa gore mongwe le mongwe jaanong a eme ka dinao. *These big retail shops* re tshwanetse to call them for hearing re le komiti and see gore ba ka thusa Batswana jang through various schemes tsa contract farming schemes. Go itsiwe gore Choppies, Pick n Pay, Shoppers, whoever, ba ka cluster balemi to say, re kopa le re lemele tamati. *They can advance them with equipment* ya go dira thulaganyo yotlhe ya kwa masimo; go epa metsi, go dira tsotlhe tse di tlhokafalang. E bo e le gore ba tla to pick merogo e ... (Inaudible) ... and pay off sekoloto se ba se dirang. Batho fa ba tlhwaafetse ba kgona go dira jalo. *These big chain stores can contract farmers* mme le bone we need to engage them. The committee needs to call them in, engage them gore dirang schemes tse di ka neelang Batswana dithata, re sa leba kwa go Goromento fela because these things are doable.

BAMB gompieno e dira *contract farming* ya dipeo, le fa gongwe di ise di lekane. Go na le balemi ba ba tona ba ba lemang, *being contracted by BAMB to produce* peo le tse dingwe tse di tlhokafalang. *These big retail stores* di ka kgona if we engage them. If this committee can call them in, ba ka kgona to cluster balemi and assist them to cultivate and take care of the crops ba itse gore ba tlaa tsaya madi a bone a ba a adimileng balemi mo thekong e ba e tsayang. Ultimately sekoloto seo se a duelwa, e bo batho ba tswelela standing on their own and supply effectively. Go dira clusters tse go bothokwa teng kwa ... (inaudible) ... metseng ka go farologana ... (inaudible) ...

MR SPEAKER: Go na le bothata ka koo Honourable Minister. Your time is up!

MR MATHOOTHE (SEROWE NORTH): Thank you Mr Speaker. Mma le nna ke supe gore ke mo komiting e jaaka Modulasetilo a sa tswa go bayo pego fa pele ga rona. Ke batla go dumalana thata le His Honour the Vice President (VP) gore reports tse di ntseng jaana ga re di tswewe serious. Ke tsone tse di ka re thusang thata fa re dira melao re ya kwa pele. Ke tlaa simolola ka go tshwaela gore e rile fa re ntse bua le balemi, re lebile kgang ya MilkAfric, ke dingwe tse di tlhokanang le go itlhaganelewa ka pela. The plant e e agilweng kwa is one of the best plants in the world ya the Rotary Milking Parlor. E e nang le sensors that detect dikgomo gore are they pregnant, a mashi a siame le gore a go na le bolwetse. Ga e bolo go bewa lebaka le le lee, e tlaare nako e go simololwang, e bo e le gore it needs a lot of maintenance mo go yone. Ke dingwe tse Batswana ba ntseng ba di tlhalosa. Dilo fa re tsere tshwetso mo go tsone, re di itlhaganelele ka pela to implement them gore baagi le banni ba Lobatse le mo tikologong, ba tle ba tseye dikitso gone fa plant e setse e bereka.

Dingwe tse re di itemogetseng ke gore mo lefatsheng la Batswana re na le kitso e e ntsi thata. Bana ba Batswana ba rutegile, ba na le sengwe le sengwe. MR SPEAKER: Order! Order! Honourable Mathoothe, it is now 1 o'clock. We will suspend our deliberations up until 2:00 p.m. You will continue when this matter when we come back after we have dealt with the questions. Honourable Members, the House is adjourned until 2:00 p.m.

PROCEEDINGS SUSPENDED AT 1:00 P.M. FOR APPROXIMATELY 1 HOUR

PROCEEDINGS RESUMED AT 2:00 P.M.

MR SPEAKER: Honourable Members, let us resume our business today with questions.

QUESTIONS FOR ORAL ANSWER

ARRESTS MADE BY DIS OFFICERS

MR D. SALESHANDO (MAUN WEST): asked the Minister for Presidential Affairs, Governance and Public Administration to state the number of arrests effected by the Directorate of Intelligence and Security Services (DISS) in the last three years.

ASSISTANT MINISTER FOR PRESIDENTIAL AFFAIRS, GOVERNANCE AND PUBLIC ADMINISTRATION (MR MTHIMKHULU): Thank you Mr Speaker. It would be ill-advised to publicise information regarding arrests by the Directorate of Intelligence and Security (DIS) in the period specified by the Honourable Member of Parliament. Reference or allusion to any such specific information would ordinarily prejudice strategic and investigative objectives of operations which necessitated the arrests, some of which are ongoing.

However, Mr Speaker, this Honourable House can rest assured that any arrests conducted by the Directorate are done within the laws of Botswana and are guided by the Intelligence and Security Services (2008) Act. The DIS conducts arrests in terms of Section 21 of its Act and related provisions. The arrests are conducted based on information which contains reasonable basis to warrant the intervention of the Directorate as envisaged in its establishing Act. Once arrests are conducted and further relevant information is established, the Directorate shares it with other law enforcement entities for different purposes. I thank you Mr Speaker.

MR SALESHANDO: *Supplementary. Mr Speaker, ga ke itse gore a go ka thusa gore o re tlhalosetse gore once again is it on your instruction gore Tona a se ka a araba le gore fa e le gore ke ka taelo ya gago, bodiphatsa jo bo ka tswang teng ke eng ka gore re bua ka tse di fetileng? DIS dinako tse dingwe fa e tshwara batho e laletsababegadikgang gore tlang le boneng re tshwara motho, cameras di le foo e le a scene. Ke eng se se ka senyang ditlhotlhomiso fela gore re itse gore mo dingwageng tse tharo tse di fetileng ke ba le kae ba ba tshwerweng ke DIS? Go kgotlela fa kae tsa itsihireletso mo lefatsheng la Botswana when I am looking for historical information e e leng gore le gone DIS go le gantsi e e direla mo mpepeneneng, dinako tse dingwe e bile e biditse babegadikgang gore tlang le re boneng?*

MR SPEAKER: Thank you Honourable Saleshando. The first part, the Speaker has no authority to instruct the Minister what to say. The Speaker can agree with the Minister when he brings to the attention of the Speaker that such question with the follow-ups that may come are likely to reveal matters which will relay to its operations and therefore to secret matters. Therefore, I did not instruct him but I agreed with him.

MR SALESHANDO: I want to understand how this would compromise national security?

MR SPEAKER: That is why *ke ne ke re* the first part, this is the one that I agreed. The second part, you can ask the Minister how he thought it would cause or compromise our security situation.

MR MTHIMKHULU: Thank you Mr Speaker. The activities of the DIS are by their nature covert operations. They gather intelligence in a covert way, secretive way. If in the process of gathering information or doing their investigations they arrest suspects and we come here *re bo re tla go bua gore* how many arrests we done in the past three years, it will lead to a situation where now we may be forced now to disclose what were the nature of the arrests and where and how, which will then lead again through follow-up questions to a situation where we end up disclosing this sensitive information to the public.

MR SALESHANDO: Mr Speaker, I think there is a difficulty here because the Minister says he cannot answer because he anticipates supplementaries that may compromise their investigations. However, the information sought, he is not saying how it compromises. It does not compromise. So, why do we not deal with

what is on the table? Why can he not answer? If there is a problem with the supplementaries, he will say so but this particular question there is absolutely no way in which the Minister can say it compromises national security.

MR MTHIMKHULU: Standing Order 38.1 paragraph (g) reads as follows, “the question shall not seek information about a matter which is of its nature secret.” Therefore, I am saying that the activities of the DIS are in their nature covert. They are secretive activities. *Fa le gore DIS* during their investigations *e kile ya bitsa babegadikgang ka gore nna ga ke itse*, that would have been very unfortunate. In terms of their operations, they are secretive; they undertake their investigations in a very covert manner. I thank you Mr Speaker.

MR SALESHANDO: Mr Speaker, this Standing Order does not apply to this question because DIS arrests people publicly, not in a covert manner. They have an option of arresting people in a covert manner, *ba ba latela kwa malwapeng a bone ba ba tsaya*. Their arrests are done in full glare of the public. I am not asking about anything covered by Standing Order 38 (1) (g). Like I say, if their operations are covert, there is no way the press would be able to know when the DIS is going to mount an arrest and at what time. It is purely because the DIS does invite, in certain instances, journalists to come and cover. Mr Speaker, I insist that the Minister should answer the question because it is not covered by that Standing Order. If there is a problem with the supplementaries, we will deal with it when we get there.

MINISTER FOR PRESIDENTIAL AFFAIRS, GOVERNANCE AND PUBLIC ADMINISTRATION (MR MORWAENG): *Point of procedure Mr Speaker:* Honourable Saleshando a re DIS e laletsa media. *It is not correct.* A o ka ntsha bosupi jwa gore DIS e laleditse media kae, e tshwara mang? A a tlhalose gore fa a re DIS e laleditse media, ke kae?

HONOURABLE MEMBER: E ne e laleditse media kwa airport le tshwara Isaac Kgosi.

MR MTHIMKHULU: You are not correct, *ga ba a ba laletsa*.

MR SPEAKER: Honourable Members, let us try and deal with the questions asked by the Honourable Leader of the Opposition as they stand. If indeed *ba ba itseng ba re go ne go na le ditaletso*, Minister can then say if that is true.

MR MTHIMKHULU: Thank you Mr Speaker. *Ga ke itse go na le ditaletso kwa DIS.* In fact, I do not believe they could have done that because in accordance with their Act, they are not supposed to do that. What they do should be secret because they are gathering intelligence. They cannot gather intelligence and then publicise it to the public. It is not in the nature of their duties. I thank you Mr Speaker.

MR SALESHANDO: The long and short of this is that, the question as asked, the Minister has not said how it would compromise their investigations or strategic objectives of the investigations they are carrying out. He has said his fear is that the supplementaries compromise their investigations and the Standing Order he has quoted have not applied to this particular question.

So ka boikokobetso ke kopa gore Mr Speaker, e e arabiwe e, ya gore gongwe supplementaries di ka dira mathata, you will make a ruling when we get there.

HONOURABLE MEMBER: *Mr Speaker,* kante Rre Saleshando o batla eng mo bathong ba ba tshwerweng?

MR SPEAKER: ...*(Laughter!)*...That is not an answer to his question, *gore o batla eng*. On the face of it *o batla go itse dipalo*, but the Minister says, once we do that, his fear is...*(inaudible)...*

MR TSOGWANE: *Point of procedure.* Re a utlwa *Mr Speaker:* Re utlwa potso ya mokaulengwe le karabo ya ga *Minister: Minister* kana has quoted Standing Order. A standing Order is not an incident, an event, so there was an incident which Rre Saleshando based his question mo go yone, but the Standing Orders will remain jaaka di ntse. Whether there was such an incident where things were not done properly, is not to change the Standing Order. Jaanong ke ne ke re itebaganye fela le Standing Orders, gore batho ba ka gatwe ba dira tiro ya bone, ka sephiri, sephiri, Standing Order sa re, sepe se se bodiwang o ntshetsa mo pontsheng kana mo pepeneneng se e leng sephiri ga se tsamaiso, gore there was such an incident kwa Shakawe le Kasane, is neither here nor there. Re itebaganya fela le gore molao wa reng o o ba laolang, o laola ditiro tsa bone, le gore a mme ditiro tsa bone ke tsa sephiri. That is where we can get to resolve these matter. I thank you Mr Speaker.

MR SPEAKER: I think the reason why Honourable Saleshando is asking is because of what the Minister said at first, that his fear was that there are supplementaries which could lead to the revelation of other matters which should never be revealed. That is where the problem

started, and when I said to Honourable Saleshando that, I agreed with the Honourable Minister that he cannot really go into details if the matters dealt with would put this republic in danger. I was quite aware of one or two incidents where it was public knowledge that Directorate of Intelligence and Security (DIS) had arrested and the pictures appeared, *jaanong e o e thalosa a re* they did that, that is the arrest had not been at the invitation of the DIS. In other words as I understand him correctly, they should never have allowed the situation of their arrest to be publicised. That is the import of his sentence, that is what I had agreed with him, that *ee fa e le gore* they are not supposed to do that, then you do not go and start revealing *dilo tse e tlaa reng kamoso go bo gotwe ehe! ba dira jaana*. The problem we have of cause is that, when you are dealing with this area of operation you will have that difficulty of exactly where do you stop. If you tinker around the subject which is supposed to be done covertly without the danger of really revealing things which you should not be revealing, at one point I thought the question could be referred to *komiti e e lebaganeng le dilo tse ya Palamente*, but...

HONOURABLE MEMBER: Saleshando o e ganne sir.

MR SPEAKER: Mma?

HONOURABLE MEMBER: Saleshando o ganne komiti ya teng, ga e bereke.

MR SPEAKER: *Nnyaa*, the committee was established, *ga ke itse gore wena o tswa kae*. That is as far as I am concerned how I look at it.

HONOURABLE MEMBER: You are correct Mr Speaker, you are right.

MR SALESHANDO: Mr Speaker, would it help if ... (inaudible)...and forgo supplementaries, because the question as it stands, you cannot refuse answering it on the basis that it compromises investigations. The number of people arrested, can I have that and I will forgo my right to a supplementary.

MR SPEAKER: It is up to the Minister if he does not see the any danger. Honourable Minister.

MR MTHIMKHULU: Thank you Mr Speaker. I do not have the numbers, precisely because we did not request for them. We understood that those were matters of security. So we do not have them now with us. Thank you Mr Speaker.

MR SALESHANDO: Kana go raya gore DIS e gana go mo araba, tota *that is where the problem is*. Go gana DIS.

MR MTHIMKHULU: *Ga go gane DIS, ga ke a di kopa*. I am saying I did not request for them.

MR SALESHANDO: Then Mr Speaker in that case, *a re ka busetsa potso* to a later date, so that I get the information I have asked for?

HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: *Nnyaa lesang dilo tseo le senya nako*, whether the public has to know or not know, that is your opinion. We are dealing with the question asked by Honourable Leader of the Opposition.

HONOURABLE MEMBER: Procedure.

MR SPEAKER: Procedure.

MR TSOGWANE: *Point of procedure*. Mme kana *Mr Speaker, there is no need of pursuing this matter in any other route than you have suggested, because Minister o ya go tsoga a tla fa kamoso e le gore jaanong o tseneletse, le Ramolaomogolo o mo gakolotse ga o ka ke wa ntsha dikgang tse di ntseng jaana*, Standing Order sone se eme jaana. A bo a tla fa kamoso e bo e le gore Saleshando *accuses him*, a mo raya a re, o rile o ya go tla ka *numbers*. *We do not want such things*. Ke raya gore fa e le gore Tona o ikutlwa gore...ka o ntse a bua re mo reeditse gore dipalo tseo *is tantamount to disclosing the operations that are secretive*. So fa a simolola a ithata, e bo e re kamoso a nna le bogakolodi jwa Ramolaomogolo, *because Goromente o gakololwa ke Ramolaomogolo, a bo a tla fa a re jaanong ga ke ka ke ka dintsha, e ya go nna kgang ya gore you are dishonest, o rile o ya go dintsha*. Ke batla gore *the Minister must be very clear in his mind*, gore mme ka fa go ntseng ka teng... ka potso jaaka Rre Saleshando a bua, o ne a bone gore e batla dipalo, se se mo iditseng gore a tle ka dipalo, *how is he going to resolve that, because he was very much aware gore dipalo tse di a batlega? Jaanong fa a tla gone fa a bo a nna o kare o sokiwa letsogo, I do not think that is the right route to go. I thank you Mr Speaker*.

HONOURABLE MEMBER: Procedure Mr Speaker.

MR SPEAKER: I think we must understand what we are dealing with. The supplementary was Honourable Minister, if I do not ask any supplementary can you give the numbers? There was an answer to that one, so the

matter of procedure is not going to take us any further. I hope Honourable Members do understand what procedure means. Honourable Minister.

HONOURABLE MEMBER: Kana Mthimkhulu o feditse kgang a re ga a kopa dipalo, o tlaa tla ka tsone.

HONOURABLE MEMBERS: ... (Murmurs)...

MR SPEAKER: Ao ke a gago *Honourable Ramogapi*.

MR MTHIMKHULU: I believe you gave me the floor Mr Speaker.

MR SPEAKER: Yes.

MR MTHIMKHULU: The point is *kana* these numbers *jaaka ke ne ke bua*, they are subject to Paragraph (g) ya Standing Order 38.1. *Jaanong* in their nature secret, that is why we did not request for the numbers and we still maintain that they are secret, unless the Speaker rules otherwise that they are not secret and we should disclose them. We stand *gore* they are secret.

MR SPEAKER: As far as the issue, in fact as the Speaker, I have already said I had agreed with the Minister and I still agree with him that whether or not any arrests were made such that the public saw and know about them, that is not an excuse for revealing what Honourable Saleshando wants. That is what I have said and I still say so but *ga se nna ke arabang potso. Mafoko a mangwe* in English language, not very carefully, *e bo e tsosa dikgang* but that said me, my position and it is still is. Let us go to the next question.

UNSERVICED ELECTRIC POTS IN PRIMARY SCHOOLS

MR K. K. KAPINGA (OKAVANGO): asked the Minister of Local Government and Rural Development:

- (ii) whether he is aware of the fact that the majority of electric pots in primary schools are unserviceable; and if so,
- (ii) what interventions he intends to make or he has made to ensure that the situation is returned to normality and catering for students is made more manageable.

ASSISTANT MINISTER OF LOCAL GOVERNMENT AND RURAL DEVELOPMENT (MR PULE): Ke a leboga Motsamaisa Dipuisanyo tsa Palamente, ke bo ke leboga le Motlotlegi Kapinga potso e a e boditseng e e botlhokwa e.

- (i) Mr Speaker, I am aware that some electric ignited boiling pots, also known as oil jacketed, in most Local Authorities have maintenance and service challenges mostly attributed to their age and the nature of their operation, which render them prone to frequent breakdowns and periodically requiring maintenance and servicing.

Out of a total of 1,335 electric pots across all Local Authorities, 828 are working, and the remaining 507 are not working. In North West alone, we have 136 pots, of which 116 are working and 20 are not.

- (ii) My ministry has provided industrial gas stoves in all the primary schools in all districts, as an alternative to remedy the situation.

A budget provision of P140 million under Economic Recovery and Transformation Plan (ERTP) has been set aside for maintenance of primary schools, inclusive of electrical and mechanical assets and replacement of kitchen pots, are part of the scope of work.

(iii) Mr Speaker, finally, we have mechanical technicians in Local Authorities who we continuously train in order to enhance their capacity to service and maintain these pots. I thank you Mr Speaker.

MR KAPINGA: *Supplementary Mr Speaker. Thank you.* A Tona o a itse gore mo dikoleng ka bontsi dipitsa tse ga di bereke, e bile go hirilwe batho ba ba isang dikgong ka dikotsekara ba ba duelewang go rwalela dikgong? MR T. MANGWEGAPE-HEALY (GABORONE CENTRAL): asked the Minister of Investment, Trade and Industry to state:

MR MANGWEGAPE-HEALY: Supplementary. Thank you Mr Speaker. Ke lebogetse dikarabo ngwana wa ga Kgosi. Ya ntlha o kare o setse o e arabile gore ga le consider go dira molao o le mongwefela which governs selo se. O setse o supile gore le batla consultant, motho o ne a ka botsa gore gongwe re ka soloftela mo lebakeng le le kae gore le bo le setse le hirile consultant, tiro e simologile?

Ke botsa ka gore, ke tsena mo go ya bobedi, e o reng ga go na sepe se le se dirang se se ntsi, in terms of promotion of e-commerce. Honourable Minister, ga o bone go le bothhokwa, o lebile kwa the direction e lefatshe le tsamayang ka yone gore e-commerce jaanong is becoming a major way of trading, ga o bone go tlhokafala gore makalana a a ka fa tlase ga gago jaaka bo Botswana Investment and Trade Centre (BITC), le a mangwe, le gone fela kwa ministry, gore le tseye kgang e ka tlhwaafalo? Le bone gore you have robust strategies tsa e-commerce, tse di tl Lang for the promotion of e-commerce because jaaka re tlhola re bua gore COVID e re rutile go le gontsi, ke tsaya gore ke nngwe ya dilo tse e re di bontshitseng di le dintsi, the importance of e-commerce.

Labofelo Minister, ke utlwa o re ga go na sepe se se itsang gore go ka rekisiwa jaana. Are you aware that traders mo toropong ya Gaborone, manufactures, ba dira mo gotweng one-stop shop, ba tshwenngwa ke ba council, ba ba tsamaisang diteseletso tsa go rekisa kana licences ka kgang ya gore; tla ke re gongwe fashion designer a batla go dira, a bo a rekisa golo go le gongwefela, batho ba Gaborone City Council ba ba tsenya tsebetsebe. Ga ke itse gore mo dikhanseleeng tse dingwe in the country go ntse jang, mme mo Gaborone that is the situation. I want to know if you are aware. Thank you Mr Speaker.

MR KGAFELA: Dipotso tsa Mapalamente di a re thusa tota, ka gore di re gwetlha go bereka. Gongwe ke baakanye motlotlegi fa a ntse a akgela, he used the word not considering, mme ke supe gore ke ne ke sa rialo tota fela. I think o ne o re I am not considering developing and consolidating the law. Nnyaa, it is the other way round sir. Ke ne ke re we are considering to consolidate...

MR MANGWEGAPE-HEALY: Mr Speaker, correction. Nnyaa, eo e ne e le ya incentives tsa promotion, ke yone e ke neng ke botsa gore a ga o consider. Ya the single law, ke ne ke batla go itse gore re ka soloftela leng gore you would have consolidated molao? Thank you Mr Speaker.

MR KGAFELA: Okay. Nnyaa, ya the incentive jaaka ke ne ke tlhalosa, mabaka a gore tota fela... jaanong le nna fa ke ntse ke tlhotlhomisa, ke leka go ipaakanya, ke lemogile gore ka se sebaka, ga re ise re dire go le gontsi in terms of incentive le to encourage e-commerce, ke gore go go sha. Re magorogo masha ka strategy sa rona, ga re ise re se phutholole, ra se boledisa mo go kalokalo, mme fela ke sa re ga re na lenyora la gore re incentivise

kgotsa re *promote e-commerce*. Re amogela ka botlalo gore lefatshe le a sutelela. Lefatshe go gwebiwa ka maranyane go yeng pele, jaanong le rona re tshwanetse ra ema ka dinao, ra tlhomamisa gore re *provide incentives* e bile re a *encourage* gore go nne le *e-commerce*. Mme fela ke re ke ka amogela megopololo, ke le kopeng thuso batlotlegi. Puso ga se maitsegotlh. Puso ga se yone e tshotseng maboko e le nosi. Ke ka amogela batlotlegi gore ba re thuso gore fa ba na le megopololo e rona re ka tswang re sena yone, ya gore go ka rotloediwa or ga *incentivise* ka tsela epe, re ka lebogela thuto eo fa e le gore e tswa mo batlotleging.

Ke a dumela gore re tlaa tsamaya re ya go kopa thuso le kwa BITC jaaka motlotlegi a *encourage*. Kana Motsamaisa Dipuisanyo tsa Palamente, jaaka ke tlhalosa, dipotso tsa batlotlegi *are very valuable*, ba re fa lesedi la gore re ka ya go tsomela kae. Jaanong ke tlaa tsamaya ke ya go tsomela kwa BITC, motlotlegi o mphile leano. Gore ba ka se ka ba re thusa le bone ka baitseanape ba ba kwa go bone, gore ba re thuso *to intensify* bagwebi go dirisa *e-portal*.

Jaanong e ya bagwebi ba ba kgopakgopetswang ke khansele, mma fela ke amogele gore ke ne ke sa itse gore e teng. Kwa ntle fela ga gore gongwe ba ba kgopakgopetsa ka lebaka la gore e bo e le kgwebo e e batlang *licence*. Jaaka ke tlhalositse, fa e le *manufacturing*, o filwe teseletso ya *to manufacture* foo, o bo o batla go rekisetsa gone foo, e se go sele gape mme foo, ke gone fa e ka bong e le phoso gore gatwe o ye go batla *a Retail Licence*. Of course jaanong fa e le gore o batla go sutelela fa pele o sutelela go sele, o tlide go wela dingalo teng foo, ba tlaabo ba go raya ba re jaanong o ka fa ntle ga tshireletso ya Section 9 ya Industrial Development Act. Ga o sa tlhole o le ka fa tlase ga tshireletso ya yone, tsamaya o ye go batla *a Retail Licence*. Fela ke utlwile, ke tlaa ya go tlhotlhomisa gore ba ba kgopakgopetsanang bale, yo o phoso ke ofe fa gare ga bone. Ke a leboga Motsamaisa Dipuisanyo tsa Palamente.

DR MATSHEKA: *Supplementary.* Ke a leboga Motsamaisa Dipuisanyo tsa Palamente, ke leboge le Honourable Kgafela ka fa a arabileng ka teng. Ke botse Minister gore, given gore tota we want to promote business in the country, le fa re dira melao e ga se gantsi ke utlwa sentle gore tota *impediment* kana bolekano jwa kgwebo bo kana ka eng, e bile it is going to be promoted ka tsela e e ntseng jang. Ke botse Minister gore, a o na le dipalo, and I will accept fa a sa di tshwara, tse di supang gore tota how much of the industry is regulated within the jurisdiction ya Botswana. Re kgone go bona gore melao e e ya go godisa kana e ya go diragatsa jang.

Potso ya bobedi Motsamaisa Dipuisanyo tsa Palamente ke gore, Tona kana golo fa re leka *to promote online*, a ga a bone go na le bothata gore o kgona *to trade online* go sa tlhotlhomisa gore o ye go tsaya tetla mme when you relocate o batla another space, o tshwanetse o tseye permit. What should we be promoting Mr Speaker? Ke a leboga.

MR KGAFELA: Dipotso tsa ga motlotlegi di a mpetla Motsamaisa Dipuisanyo tsa Palamente. Ya ntlha, tota fela e batla ke ya go tlhotlhomisa. O ne a eletsa gore fa ke tshotse dipalo ke kgone gore ke fe seelo sa gore we regulate bagwebi ba le kae Botswana ka bophara. Eo e mpatla gore ke ye go tlhotlhomisa, ke ne ke sa e solofela, a intshwarele.

Ya bobedi e ke ne ke utlwa sentle gore a re, ga tla jang gore le re *manufacturer* a le fa, le bo le re nnyaa fa a rekisa a le fa go siame ga a tlhokane le *Retail Licence*, mme fa a ya go rekisa ka maranyane jaanong foo o tlhoka *Retail Licence*. Tota ke gore ga ke tlhaloganye motlotlegi sentle, ka gore kana ke tsaya gore fa o gweba o le fa, mme e bo se o se rekisang le fa o se rekisa ka maranyane, mme lefelo from which you are trading, is where you have been licenced to under the Industrial Development Act, ga ke tlhaloganye gore ka mabaka a tiriso ya maranyane, go raya gore jaanong ga o sa tlhole o le foo o go sele. Maybe a e tlhalose, ga ke e tlhaloganye.

DR MATSHEKA: Supplementary. Thank you Mr Speaker. I am asking on the licensing regime even in the various Acts that require gore fa o le mo location, and we really want to create an atmosphere where you can sell from where you are, are they considering dealing with this issue ya licensing by location on account of our desire to go e-commerce. I hope I am clearer.

MR KGAFELA: Yes, I agree with the Honourable Member of Parliament gore, our legislation that licences, time and again you will find reference to it licensing in respect of a location not in respect of a person. *Gone ke a mo utlwa*, what he is saying is that because we are now going e-commerce, location is henceforth going to play a very insignificant role, because you will be able to trade from anywhere and are we not considering to do away with location based licencing, so that we remove it as an impediment and we liberalise more trade. I agree with him, these are things that we need to look into and that is why in respect of the consultancy service that we have sought, e tiro ya yone e santseng e le at procurement stage, it is one of the things that the consultant must be instructed to look into. *Gore kana jaaka re riana*, we

are now electronic, so is it really important *gore* in that era going forward we should then insist *gore e bo e le gore* location plays a significant factor. I agree that in the future it is not going to be of any significance.

I had forgotten go araba e nngwe e go neng gotwe timeframe ke leng. I have not yet found out gore tota fela go tsamaiwa fa kae with that. So I am unable to give an answer ya gore re solofole gore pula e ka bo e nele leng. Mme fela jaaka motlotlegi, by way of a supplementary question a nkgwetlhile, it is an instruction to me gore ke ye go epa ke tlhole gore bagaetsho a le tsweletse pele. Fa e le gore go bonya, ke bo ke ba tlhabatlhaba ka sejabana gore ba itlhaganelele tiro gore ke tle ke kgone ke reye batlotlegi ke re pula e tloga e na batlotlegi betsho. Ke utlwile Dr Matsheka, o nthomile rra. Ke eme motlotlegi.

After that, go ne ga nna le Delimitation Commission, mme ba ne ba supa gore kana Palamente e ne ya se ka ya oketsa *constituencies*, jaanong bone ga ba na thata ya gore ba ka oketsa *constituencies* jang kana ba di fokotsa jang ka gore Palamente *did not alter the number of constituencies which is provided under Section 58 of the Constitution of Botswana* gore there shall be 57 *constituencies* mo lefatsheng la Botswana.

Jaanong if it is not altered, Delimitation Commission, e bo e tsaya tshwetsa gore ga e ka ke ya alter *constituencies*. This is the problem that we find ourselves facing, gore fa *census* e ka fetsa tiro now, the count of people e ka fela gompieno jaana, re le kwa boikhutsong, go reela

gore jaanong *Delimitation Commission* a bo e simolola tiro ya yone e sena *guidance* e re tshwanetseng gore re e fe ya gompieno gore re eletsa *constituencies* di ka nna bokae mo Botswana. Kana ga re ye go ba bolelala gore ba sege fa kae, re ya go ba bolelala gore re eletsa di ka nna bokae, di ka oketsegka *four*. Se se diragetse ka 2013.

Jaanong tota re *support* kopo e ya ga Balopi. Ke e eme nokeng ka gore e a re thusa go hema seemo sa ngwaga wa 2011-2013 fa *Delimitation Commission* e ne ya bona e ka se ke ka tsela epe ya oketsa *constituencies* tsa Botswana. Jaanong mme kana fa o bala *Section 65* ya *the Constitution of Botswana*, o tlaa lemoga gore ga go na gope fa go itshupang gore *Delimitation Commission* e ka oketsa *constituencies* kana ya di fokotsa. Jaanong fa go nnang fela le thata ya gore ke mang yo o ka di oketsang, ke mo *Section 64 (1) (a)*, e e supang gore ke Palamente e e ka di oketsang. Mme fa *census* e sena go fela, *Delimitation Commission* e tshwanetse gore e simolole tiro *immediately, as soon as practicable thereafter*. As soon as practicable thereafter, e kgona go nna beke, letsatsi, *three weeks* kana eng, mme ga e ka ke ya nna *three months* yo rotlhe re itseng gore re tlaabo re seyo fa mo Palamenteng, re tlaabo re le kwa boikhutsong, re ya go tla fa fela ka *July*, re tla go simolola *meeting* o o latelang wa Palamente.

Kana Mr Speaker, Honourable Keorapetse a emetse kganetso, le ene o setse a supile gore tota go bothhokwa gore re tsene ka tlhamalalo mo goreng jaanong re buisanye mogopolo wa ga Honourable Balopi. Jaanong ke dumela gore Mr Speaker, gongwe re ka se ke re diege thata on the urgency part ya this Motion ka gore go lebega e le gore re dumalana gore it is urgent. MR SPEAKER (MR MOATLHODI): Afternoon Honourable Members. Mongwame o mpha marapo. Ke tsena fela ka go bitsa Motlotlegi Raetsho Tautona gore le ene a tshegetse slot.

MR KEKGONEGILE: Procedure *Mr Speaker*. Tanki. Tsamaiso ya rona ke gore o tsaya one ka fa, o tsaya two kafa. O setse o tsere two already, so ga o ka ke wa tsenya wa boraro go tswa kwa BDP. HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: I have made a ruling on that issue, let us not make a debate out of it. I have made a ruling on that matter. Your Excellency the President of Botswana, *rраarona*.

MR KEKGONEGILE: Further procedure Mr Speaker.

MR SPEAKER: I have ruled on that issue Honourable Kekgongile. I have already called upon His Excellency the President to take the floor. *Rraarona*.

MR KEKGONEGILE: Further procedure Mr Speaker.

MR SPEAKER: I have made a ruling on that issue please. HE, please unmute yourself.

HIS EXCELLENCY THE PRESIDENT (DR MASISI): Ke a leboga *Mr Speaker*. Ke batla ke simolole ka go leboga Mapalamente go tswa dintlheng tsotlhe tsa Ntlo ka gore go bonala re le seoposengwe sa gore kgang e, e le kgang ya ntlha ya gore a golo mo ke ga potlako, go ama setshaba sentle ka kakaretso, a ke kgang e e ka buegang ya kgaola kana ya emisa ditsamaiso tse dingwe gore e buiwe.

Ke batla go ema, ke tlhomamisa, ke bo ke tlhomamisetsa Batswana bothle le Ntlo e gore ke le Tautona wa lefatshe, e bile ke le Tautona wa Domkrag, ke ema Mokwaledi Mogolo wa Domkrag nokeng, Mopalamente wa Gaborone North, Honourable Balopi ka Tshutiso e a e tlisiseng ka dintlha tsoo pedi. Ke kgang e e tlhokang gore e potlakelwe, e bile e e maleba gore e buisanngwe ka nako ya gompieno, e seng epe gape.

Ke batla ke gakolole gore bathai kana bawkadi ba Molaomotheo o re o dirisang gompieno, ba ne ba akantse sentle. E ne e le ka bomo, ka maikaelelo gore ba fe mongwe kana sengwe, kana lekoko lengwe dithata tsa gore le ka dira jaana.

Go papametse mo molaong o motona, Molaomotheo jaaka bakaulengwe ba ntse ba bua wa Section 64 (1) (a) gore Palamente, e seng ope gape, Palamente ya Botswana ke yone e ka dirang koketso e ka go le maleba ka tsamaiso e e re tlwaetseng go e dira.

Jaanong ka go rialo, ke ema nokeng mogopolo wa ga Rre Balopi gore a go potlakelwe go bua kgang e. Mabaka a ntshitswe ke ba bangwe gore Palamente e a tswala, jaanong fa Palamente e se mo teng go ka nna bokete gore re tle go buisana kgang e. *Census* e tsweletse, fela fa e wela ba Delimitation Commission ba a tsena jaaka Molaomotheo o ba laela gore ba tsene. Ga gona gore ba emela ope e bile pheletsong ya tiro ya bone ya Delimitation Commission, e nna molao. Ga gona yo o ka o fetolang se ba se kwadileng. Jaanong gore re dire gore ba bereke sentle, ba filwe tse di ba tshwanetseng jaaka ba dipalo ba tlaabo ba na le dipalo tsa batho, re le Palamente re tshwanetse gore fa re akantse jalo re ba neele palo ya dikgaolo tsa Mapalamente tse di ka nnang teng. Ka jalo, go tlaabo go le bonolo gore re ntshe kgang e re e bue ka bofeso. Fa re ka se ka ra e bua, go bo go ka patikega gore re e buisane Palamente e sena go tswala, re tlaabo re tsena mo ditshenyegelong tse re batlang go di hema, tsa gore re bitse Palamente e ne e se mo teng, le boe Mapalamente le tle go bua kgang e. Jaanong, a re direng se re tshwanetseng go se dira.

Ka mafoko a le kalo Motsamaisa Dipuisanyo tsa Palamente, ka tlollego ke kopa gore ke eme Rre Balopi nokeng a itshetlele le Mapalamente a kganetso tota, ka gore ke ba eteletse pele le bone, ba itshetlele ba itse gore re ntse sentle re tlaa bua kgang e. Ke a leboga, a pula e ne.

MR KEKGONEGILE (MAUN EAST): Tanki *Mr Deputy Speaker*. Re dumedise batlotlegi, setshaba ka kakaretso le ba Bophirima. Motho o ka simolola fela ka go supa matshwenyego *Deputy Speaker* gore, kana jaanong e nna o kare a prescribed principle within the Standing Orders, you violate it fela. Le tsamaiso e re e dumalaneng you violate it fela, o tsaya tshwetso e e farologanyeng le tshwetso ya Mapalamente. Golo moo fela ka bo gone *Mr Speaker*; go felela go tsala tlhakathkano mo Ntlong go sa tlhokafale. Re go kope *Mr Speaker* gore, a ko o emise go dira jalo.

Mr Speaker; fa re bua ka urgency ya Motion o kana re bua ka Motion o o gorogang go tsweletswe go sekasekiwa Constitution. Re bua ka Motion o o tsenang re sololetse gore Delimitation Committee, immediately after census e tlaabo e tsena. Bakaulengwe ba tlisa Motion o ba re

ke wa potlako, mme ditlhopho tse re yang go tsena mo go tsone di le *two years from now*. Re mo go 2022, ditlhopho di ya go tsena ka 2024 a fela, *it is two years from now*. Ga re bue ka ditlhopho tse di tsenang *in six or 12 months*. Motho o ka ipotsa gore, *urgency* ke ya eng? Ke selo sa ntlha.

Selo sa bobedi, *Constitutional Review* ga re itse gore setshaba se ya go reng. Setshaba se ka nna sa re raya se re ga re batle *First-Past-the-Post*, re batla *Proportional Representation*. Se ka nna sa re sa re raya se re ga re batle *First-Past-the-Post*, re batla *Mixed System* e e kopanyang *First-Past-the-Post* le *Proportional Representation*. A fa setshaba se rialo, re tlaa boela kwa morago? Moo fela ka bogone go raya gore *Constitutional Review* e tshwanelwa ke go kaetsa gore *constituencies* fa di oketsegala, di ka oketsegela fa kae, ka tsela e e ntseng jang.

Sa bobedi *census* ke yone...

HIS HONOUR THE VICE PRESIDENT (MR TSOGWANE): *Clarification.* Ke go leboge Motlotlegi Mopalamente Rre Kekgongeile. Tota *clarification* ya me e mo *issues* tse pedi tse o di buileng, ke ya *Constitutional Review* e e ka fetolang *the system*. Kana *system* fa e fetoga, ga e fetole *constituencies, constituencies* di tlaabo di ntse di le teng *whether* re fetotse kana ga re a fetola. Ke kopa *clarification* foo.

Le gore kana fa o ne o re *urgency in two years*, kana Delimitation Committee fa e setse e le *set*, fa e fetsa tiro ya yone fela e a phatlaladiwa gone foo. Ga e ka ke ya boela gape ya nna teng. *Urgency* ke ne ke ithaya ke re go lebilwe gone moo gore, fa e sena go nna e dirwa e bo e fetsa tiro ya yone e sa kgaoganya dikgaolo, go tlaabo go ile fela jalo. *Thank you Mr Speaker.*

MR KEKGONEGILE: Tanki *Mr Speaker*. O bona nako tse dingwe go fa motlotlegi *clarification* ke selo se se botlhokwa thata, se kgona *to expose the thinking* ka kwa. Go raya gore golo fa, ga gona le fa e le mabaka. Fa o utlwa gotwe fa *Constitutional Review* e fetola *system* ga e fetole *constituencies*. Fa *Constitutional Review* e ntsha (*scrap*) *First-Past-the-Post*, ga re sa tlhole re nna le *constituencies*. E ya go nna dipalo fela tsa *percentages*, gore phathi e e boneng *popular vote* ya *percentage* e, e tsaya *seats* tsa *percentage* e. Ga go sa tlhole go na le *constituencies*. E bile gape fa re tsenya *mixed*, go raya gore ke *constituencies plus* batho ba bangwe ba ba tlaabong ba tsena ka ntata ya palo e e okediwang ke *Proportional Representation*.

I am not saying Delimitation Committee e tsaya two years, I am saying e ka tla ya nna teng morago ga census, e bile le rona re ka tla ra tsaya tshwetso to guide delimitation re sena go nna re kaetswa (guided) ke census gore dipalo di oketsegile ka tsela e e ntseng jang. Lona gompieno fa le tla ka dipalo tsa gore go oketsege ka constituencies tse four fela, le tsaya kae statistics, le kaetswa ke eng? Kana ke dipalo fela tsa go bona gore political mileage and landscape e wela kae. Ga gona urgency fa Mr Speaker. Without statistics, July o gaufi re ne re ka emela preliminary report ya census e e re kaetsang gore dikgaolo di godile ka tsela e e ntseng jaana. Then Motion wa gago o o urgent, o ne o ka tsena ka July wa buisanngwa wa bo wa fela ka July, Delimitation Committee ya simolola tiro ka August, by November delimitation e feditse, go a tswelelwa. So ga gona urgency fa.

Kgang e tona fela *Mr Speaker* ke gore, ba tsere tshwetso ya gore fa ba bona ba ka fenza ditlhopho ka tsela e e ntseng jang. Moo fela bogone go raya gore re senya madi ka go ya go dira *Constitutional Review, census and delimitation*, re ntse re setse re tsere tshwetso. Re a itse on the ground gore bomang ba simolotse go ipapaletsa ntlha efe, because you have already drafted the map. You have already drawn the map ya gore dikgaolo, wards le constituencies di ya go tla ka tsela e e ntseng jang.

Go ne go sa re sepe gore le ka tla la tshwantsha *map* o, but drawing it mo fairness le guidance ya dipalo, e seng mo guidance ya political mileage and expediency e le leng mo go yone maDomkrag. Le batho ba le senang boammaaruri, Tautona re ne re sa solo fela gore ke wena yo o ka tlang fa, wa paka dilo tse di ntseng jaana tse di ntshang lefatshe mo tseleng, di le isa go sele. I do not agree with this Motion Mr Speaker.

MR SPEAKER: Thank you Honourable Member for Maun East. Ke feteng fela ka bokhutshwane bagaetsho gore, Standing Order 2.1 se mpha thata e e seng kana ka sepe go dira jaaka kgantele ke ne ke bitsa Motlotlegi Raetsho Tautona. Se mpha thata yotlhe, nobody can query me on that one, ka fa se ntseng ka teng. Honourable Lelatisitswe followed by Honourable Ramogapi.

HONOURABLE MEMBER: Procedure.

ASSISTANT MINISTER OF HEALTH AND WELLNESS (MR LELATISITSWE): Thank you so much Mr Speaker...

HONOURABLE MEMBER: Procedure.

MR LELATISITSWE: *Gatwe procedure Mr Speaker.*

MR SPEAKER: That is the voice of Honourable Member for Selibe Phikwe West, if I am not wrong.

MR KEORAPETSE: Procedure. Mr Speaker, *ga gona phoso mo go se o neng o se dirile* earlier. The tradition which was set *mo Ntlong e* besides the Standing Orders, we know that source of law *ya Palamente* has also been tradition. *O ne o setse morago* tradition but where I fault you Mr Speaker, *ke gore* on our side *fa Leader of the Opposition (LOO) a tsholeditse letsogo*, you must recognise him. *Fa Whip a tsholeditse letsogo*, you must recognise him. That has been the tradition set, *e ke tsayang gore o tshwanetse go tsamaya mo go yone*. Just as *fa Leader of the House a tsholeditse* on the side *ya the ruling party, kana fa His Excellency the President a tsholeditse, o bo o ka mo* recognise because we recognise *gore ke bagolo ba Palamente*. *Ke ne ke kopa* that consistency especially when it applies to the LOO because *fa gongwe ke bona o kare re a e fapoga*.

MR TSOGWANE: *Procedure. Go nna le experience ya go tsena dingwaganyana mo Palamenteng go a thusa. Ke dumalana thata le Rre Keorapetse because it happened in the past where go engwa ka bofeso re santsre re le kwa Ntlong kwa. Le fa Leader of the House a ka ema kwa morago ga mongwe, go ne go dirisiwa that tradition. I agree with him gore seniority eo has to reflect on both sides of the House. Ke ne ke re gone foo o bua nnene. Jaanong yo mongwe yo o timetseng yole, o bua gore dipalo ga di bereke, wa kgantle a bua fa. Seats o di bitsa eng? A ke seats tse di mo phefong fela di sa beelwe le dipalo? It is not constituency based but the seats are there to be determined. Fa re na le number ya constituencies, those constituencies will translate into seats tse e leng gore ga di a emela constituencies. Thank you.*

MR LELATISITSWE: *Thank you very much Mr Speaker. Mr Speaker, the urgency of the Motion; ke supe gore ke eme Rre Balopi nokeng. Ke tlaa gata mo mafokong a ga Mothusa Tautona a gore fa gongwe go nna lebaka mo Palamenteng go a thusa. Re a itse rotlhe gore this exercise ya go bala batho e kgoreleditswe ke Corona. E ka bo e dirilwe kwa moragonyana. Gompieno we are under pressure. Fa gotwe two and half, o tshwanetse go itse gore the Delimitation Commission fa e setse e tlhomika ba lebelela, go ya go dirwa golo mo gotweng renaming of constituencies le dilo tse dintsintsi. Fa motho a ema a re, this thing is easy, it can be done in six months, go a supa tota gore fa*

motho a le setlaboshane ga re a reetse *the experienced ba mo tlhalosetse*. Se re se dirang *Mr Speaker*, se ka fa molaong. *The Constitution allows that. Without us giving the number of constituencies, go raya gore se se dirwang ke commission, ga ba ka ke ba oketsa ka dipalo dipe*. Se mo Molaomotheong. Nako e re e lebeletseng e khutshwane thata. *This exercise e tshwanetse go dirwa sentle ka matsetseleko*. Fa e le gore *constituencies are shifted*, di ya go batlelwa maina le gone go simolola batho ba kwadisiwa, *it is a long process*. Motho o ka akanya gore *two and half kana two years is a short period of time*.

Ke gakolole Kekgonegile gore a se ka a nna a tla mo Palamenteng a galefa. Ga go ka ke ga mo thusa ka sepe. Fa re tletse go ganetsana ka bokgoni jwa rona re le Mapalamente. Ga re a tshwanela gore e re fa re bua, re bo re tsenya maikutlo mo teng, re galefa, re bua dilo tse di gakgamatsang. Seo ga se ka ke sa go thusa ka sepe. Batho ba Maun East kwa ba teng ba itumetse, wena o fa o tenegile, ga re itse gore o tenegetse mang. *The urgency of this Motion* ke gore, Palamente e tlaabo e tswetswe fa palobatho e wela. Re tlaabo re sena nako ya go tla fa re bua. Gape *this Budget Session has been too long*. Re sale re nna mo Palamenteng. Ke nako ya gore re ye go dira dilo tse dingwe, ba ba lebaneng ba tle ba dire tsa bone. A Kekgonegile a boele kwa Maun go dira meetings. O tshoganyeditswe ke sengwe se o neng o sa se solo fela. Fa dilo di ne di tsamaya sentle, se ka bo se seyo fa pele ga gago. Re ntse re itse gore go tlaa tla nako ya gore constituencies di okediwe. Nako ya COVID, Palamente e ne e tsena. Ga go na Palamente e e kganetsweng ke COVID go buisana ka gore palo ya constituencies e ka nna kae. Fa e le gore le Tautona a re o ne a lebetse, go ne go mo fapogile,*

Ke a utlwa gore Mothusa Tautona ga a utlisise kgang e. Mme gongwe o tlaa batlelwetsatsi le a ka rutwang gore fa Batswana ba ka re, re batla thulaganyo e sele e seng ya *constituencies*, di ya go phimolwa tsotlhe. *Under proportional representation Your Honour the Vice President (VP),* ga go na *constituencies*. This section go tlaabo go raya gore e tlodilwe ke dipeba, e le reng re tsene mo go yone. Se ke se lemogang ke gore, golo mo ga *Constitutional review* go a itsupa gore ke go baya Batswana bobi matlhong. Ke tshela ke utlwa le Matona a Puso ya Domkrag le Tautona ba bua gore, nnyaa, e ya go tlphophiwa ga ga Tautona, e se ka ya fetolwa, e lesiwe fela. BUSINESS MOTION

MR KEORAPETSE: Procedure Mr Speaker. Mr Speaker, I beg your indulgence, and I plead with the Leader of the House and the other side of the aisle that we suspend Standing Order 50.4, it is the Standing Order dealing with the time for discussion of Motions for the Adjournment, – Definite Matter of Urgent Public Importance, limiting the debate to two hours, maximum of two hours. I do this Mr Speaker against the backdrop that this is a very serious constitutional matter, and I think the wider the views of Members of Parliament the more informed the decision would be at the end of the day. I beg members to support the suspension of Standing Order 50.4 so that we can have more time to debate this matter. I thank you Mr Speaker.

MR SPEAKER: Ke re ke go botse Motlotlegi Mopalamente wa Selebi Phikwe Bophirima *before you go away, fa o kopa gore re ntshe two hours, what do you want us to replace it with ka eng, kana re bue fela until cows come home?*

MR KEORAPETSE: No sir, we have two options, but the first option will be to give it the normal time we give to an ordinary Motion of the House. The second option, which would be more compelling to me, would be maybe to take up to four hours on the Motion.

MR SPEAKER: Kana it is your proposal, I want you to come with a guideline. *Wena o batla re dira* how many hours?

MR KEORAPETSE: Four hours Mr Speaker.

MR SPEAKER: Four hours?

MR KEORAPETSE: Yes, so that it continues tomorrow for another two hours, but I am amenable to advice of other Members of Parliament. I was thinking that it may attract a lot of interest.

HONOURABLE MEMBER: Mr Speaker, if I may?

MR SPEAKER: I need to put a question first, the Motion has been tabled. I have to put a question that the Motion as proposed by Honourable Keorapetse be agreed to, from two hours to four hours. That is the question I am going to be putting.

MR KEORAPETSE: Procedure Mr Speaker. Mr Speaker, *ke re gongwe re utlwe Mothusa Tautona, ka I had indicated gore I am amenable to advice, especially from him in terms of gore should we go for...*

MR SPEAKER: *Nnyaa rra! nnyaa rra! o batla go mphaposa mo tirong ya me e ke itseng thata.* We are on the procedure, you have proposed a Motion.

Honourable Members, the question before the House this afternoon is that, the proposal as proposed by Honourable Member for Selebi Phikwe West that the Motion be agreed to...

HONOURABLE MEMBER: Yes Mr Speaker.

MR SPEAKER: Order! Order! *Mma ke digele* Your Honour. Order! Order! Honourable Members, the question before the House this afternoon is that, the proposal as proposed by Honourable Member for Selebi Phikwe West that the Motion be agreed to. As many as a of that opinion aye...

HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: *Emang pele batlotlegi,* I will come back to yourselves. Now this is the time for *Motlotlegi rraetsho Moeteledipele wa Ntlo jaaka a ne a ntse a re o eletsa go bua,* it is time for me to give him a slot, Your Honour?

LEADER OF THE HOUSE (MR TSOGWANE): Thank you Mr Speaker. *Ke yone* procedure I think *e e neng e batliwa le ke Motlotlegi Keorapetse. Fa go na le* proposal *batho ba ka akgela mo go yone gore a ba a dumalana* before the question is put. *Ke ne ke re ke latlhle gone foo* Mr Speaker gore, *kana* Motion *o selo sa ntsha re rile* is very urgent, and if it is very urgent it must remain urgent in all essence.

The other thing *ke gore,* Motion *o o tlola tse dingwe le* reports, policies *le sepe fela se se fa pele ga Palamente. Fa o se tlola jaana* Mr Speaker *go raya gore dilo tseo re lebile gore Palamente e gaufi le go tswalwa, di tlile go felela gongwe re sa fetsa business ya Palamente.* So on the basis of that *ke ne ke re, a ofiwe fela nako e e mo* Standing Order, so that *tse dingwe tse di bottlhokwa le tsone tse re ntseng re bua ka tsone fa, re na le* reports, *Rre Reatile o ne a batla gore report eo* we should have concluded it. *Ga re a kgona* because this Motion is coming under Certificate of Urgency, so it is of public interest, but *go sa reye gore o fetile sengwe le sengwe se se tshwanetseng go dirwa.* At the end of the day

what is important is the vote that will be deciding the fate of the Motion. So how many 100 people will be debating taking more than two hours, I do not think it really changes the taste of salt. So *ke bua fela ke re* I am opposing the Motion *wa extension* on this Motion. I thank you.

MR MATHOOTHE (SEROWE NORTH): *Thank you Mr Speaker.* Mma le nna ke nne le sebaka sa gore ke tsene mo Tshutisong. Mme pele ga ke tsena mo Tshutisong ke dumedise Tautona wa lefatshe la Botswana.

MR SPEAKER: Order *bagaetsho!* Let us have order please! Honourable Mathoothe, *a ko o itlhalese.*

MR MATHOOTHE: *Mr Speaker,* ke ne ke batla gore re tsene mo Motion, re tswe mo dikgannyeng tsa nako. Fela ka bokhutshwane, ke dumalana le nako ya two hours, ke tsaya gore mabaka a re yang go a fa ga a kalokalo. Ke dumalana le two hours.

HONOURABLE MEMBER: O a simolola kana wena, o ne wa raya Speaker o re ke seganka.

MR SPEAKER: Order! Order! Let us have order *bagaetsho.* On that understanding *ya gore* the Motion have been withdrawn, I am now going to call upon the Clerk.

MR SPEAKER: Please go ahead Honourable Member.

MR BALOPI: Thank you very much Mr Speaker. Mr Speaker, I wish to request this Honourable House to allow me to table a Motion that has been adopted as urgent by this House, which is the to amend Section 58 Sub-Section 2(a) of the Constitution of Botswana. The resolution that I am seeking is to increase the number of elected members from 57 to 61 constituencies and subsequently, they will be increased by four.

Mr Speaker, we are all aware that there is an ongoing Constitutional Review Exercise and population census. The urgent Motion that I am bringing to this House cannot wait for the conclusion of these exercises. Following the submission of Population Census Report, there will be need to appoint a Delimitation Commission to determine any alteration of constituency boundaries in compliance with Sections 64 and 65 of the Constitution.

Mr Speaker, on the 18th July 2002, a Delimitation Commission was appointed following the Population Census of 2001. This was done after Parliament had increased the number of seats of Elected Members of the National Assembly from 40 to 57 under Constitutional Amendment Act 12 of 2002, as per Section 64 Sub-Section 2(a) of the Constitution of the Republic of Botswana which reads, “Notwithstanding the provisions of Sub-Section 1 of this section, at any time when Parliament has made provision altering the number of seats of Elected Members in the National Assembly, or a comprehensive National Population Census is held in Botswana, the Judicial Commission shall as soon as practicable thereafter, appoint a Delimitation Commission.”

I want to reemphasise this point Mr Speaker, as this section provides for Parliament to increase the seats as they may consider relevant at any particular time as per the Constitution. It does not say “and”, it says, “or”

which means 64 Sub-Section 2(a) *ya re*, “Parliament has made provision altering the number of seats of Elected Members in the National Assembly “or” not “and.” I take it that the lawyers will be able to assist those who might miss the point in this regard.

Part (a) of the above therefore demonstrates Parliament’s power to increase number of seats of elected members in this Assembly. Following the Population Census of 2012 Mr Speaker, in compliance with the Constitution, the Delimitation Commission was also appointed which concluded its work in March 2013. At the time, the constituencies were not increased as the National Assembly had not proposed an increase in the number of elected members, despite the increase in population. It is worth noting that the last increase of constituencies was done in 2002. That is 20 years ago.

Mr Speaker, from the delimitation report submitted in March 2013, the Commission reported that it had done everything possible within its power to realign the constituency boundaries to ensure that the population of each constituency is nearly as equal to the population quota as it is reasonably practicable. In so doing Mr Speaker, the Commission was not merely complying with the Constitutional imperative but was upholding an equitable principle that equal numbers of people should ideally have equal representation. Despite this Mr Speaker, the Commission did not increase the number of constituencies because it is Parliament responsibility to determine the number of seats of elected members in the National Assembly, which will in turn inform the number of constituencies in accordance with Section 63 of the Constitution.

HONOURABLE MEMBER: Clarification.

MR BALOPI: The Delimitation Exercise of 2012 was carried out through the realignment of the existing constituency boundaries only.

Honourable Lucas, if you allow me, I will give you a minute at the end. I think I will still have time to take your clarification point. Thank you.

Mr Speaker, the population census is nearly complete and will be followed by the appointment of the Delimitation Commission in accordance with Section 55 of the Constitution of the Republic of Botswana. I believe that the same constraints faced by the Delimitation Commission of 2013 are going to be faced by the next Delimitation Commission if this House Mr Speaker, fails to amend Section 58 Sub-Section 2(a) of

the Constitution of the Republic of Botswana, hence the need to table this Motion before the next Parliament sitting scheduled to start on the 4th of July 2022.

So, the Motion passed today or tomorrow Mr Speaker, the process of drafting a Bill to amend Section 58 (2) (a) of the Constitution can start.

Mr Speaker, I must state from the onset that it is not my intention to dictate how the boundaries of constituencies should be drawn as others might have alluded to, but proposing the number of additional constituencies the Delimitation Commission should work within. It is my informed view that there is no denial that the population has increased since 2002, and it will be very irresponsible of this House to maintain that we can adequately serve our constituencies whose population size has surely increased with the current 57 constituencies.

Mr Speaker, we cannot wait for the next Parliament to move this Motion as I believe that by July Statistics Botswana would have completed the Population Census Report and the process of selecting Delimitation Commission by the JSC would have been completed. This will be a missed opportunity to do the right thing considering 20 years is a very long without having increased the constituencies.

Mr Speaker, for this reason, I would like to move that this Honourable House resolves that we should allow for the Constitutional Amendment Bill amending Section 58 (2) (a) of the Constitution to increase the number of Elected Members from 57 to 61 be brought before to this House.

Before I conclude Mr Speaker, I would like to take Honourable Lucas before I summarise *ka Setswana mong wa me*. If you allow Mr Speaker?

MR SPEAKER: Ka re o *Speaker* yo mongwe le wena.

MR LUCAS: *Thank you Mr Speaker. Honourable Balopi, o bua gore go na le dingwaga di le 20 constituencies di sa okediwe. MR KEORAPETSE (SELEBI PHIKWE WEST):

Ke a go leboga Motsamaisa Dipuisanyo tsa Palamente. Ke tsaya gore mabaka a builwe, bogolo jang ke Moeteledipele wa Kganetso gore *how this Motion is not urgent. I do not wish to belabour on that point.* Ke supe fela gore tota fela fa go tla mo kgannyeng ya *consultation* ka fa tlase ga Puso ya ga Motlotlegi Tautona Masisi, go a pala. Ga ke itse gore *a weighty matter* e e ntseng jaana, a ke e go ka bong go sa bitswa baeteledipele ba diphathi ka gore *political parties are interested parties* fa go tsena mo dikgannyeng tse di ntseng jaana? Ke dumela gore o ka bo a rerile.

Ke ne ke utlwa Honourable Morwaeng fa a ntse a tsweletse a bua gore ke gone jaaka re rerisiwa jaaka fa gontse jaana, a bua gore re a akantshana. Kana kgang e e ganetsana le e Mothusa Tautona e rileng fela a *support urgency* ya Motion a bo a e bua gore se se yang to matter fa ke dipalo. *That is what he said. Go and get the Hansard o check.* Fa a ganetsa kgang e ke neng ke e kopa fa gore re tseye *four hours* re *debate Motion* o go leka gore Mapalamente ba bantsi ba tle ba tswe ka megopoloo rile se se yang to matter at the end of the day ke dipalo.

Mr Speaker, Motion o o dumalanwe kwa caucus ya the ruling party. What we are doing here ke Maakaneng. Tota fela this shows gore this Parliament is a rubber stamp Parliament. Decisions are made somewhere di bo di feta di tsaya stamp mo Palamenteng e a bo di ya go diragatswa where they are implemented. That is the characteristic ya a rubber-stamp Parliament.

Motsamaisa Dipuisanyo tsa Palamente, ga go ise go nne le All Party Conference, General Assembly go buisanya kgang e le phuthego epe e e akaretsang Batswana ba sba seyong mo Palamenteng jaaka re bua mo nakong ya gompieno.

Motsamaisa Dipuisanyo tsa Palamente, fa ke tsena mo kgannyeng yone ya Tshutiso e, ke ne ka lemoga gore tota fa o lebelela Palamente ya Botswana, ke dumela gore tota fa o tshwantshanya *population* ya rona, itsholelo le bophara jwa lefatshe, re na le Mapalamente ba palo e e kwa tlase. Fa o tsaya sekai, Namibia e na le *population* ya 2.5 million, e na le itsholelo e e leng gore *it is comparable to* ya Botswana, e na le Mapalamente a ka nna 105. Mo Mapalamenteng a a 105, ba ba 96 ke ba itlhophelwang *directly through a Proportional Representation Closed List System.* Ba ba 8 ke ba ba

tlhophiwang ke Tautona wa lefatshe la Namibia.

Fa o tsaya lefatshe la Lesotho, le na le *population* ya 2.1 million. Le na le Mapalamente ba ka nna 120. Ba le 80, ke ba ba *directly elected* ka First-Past-the Post. Ba le 40 ke ba ba tlhophiwang ka *Proportional Representation List System.* Tota bone ba dirisa system e e tshwanang le ya kwa New Zealand e e leng gore tota yone e leka gore *smaller parties* di nne le *representation* mo teng ga Palamente.

Motsamaisa Dipuisanyo tsa Palamente, fa o lebelela lefatshe gongwe le tshwana la Mauritius, le na le *population* ya 1.2 million mme fa o lebelela mo go 1.2 million o, ba na le Mapalamente ba le 70. Ba le 62 ke ba e leng gore *they are directly elected.* Ba le 8 ke ba go leng thata gore ba ka emelwa mo Palamenteng, *ethnic and religious minorities.* Ke bone ba ba yang go tsena mo 8 yo o a bong a setse Motsamaisa Dipuisanyo tsa Palamente.

Ke dumela gore go na le mathata a gore o kare Palamente ya Botswana, bogolo jang fa o e tshwantshanya le Dipalamente tse dingwe *that are comparable*, e na le Mapalamente fela a a kwa tlase thata. Fa o tshwantshanya le Cabinet, we have a very huge Cabinet e e leng gore *I have indicated in the past* gore go tshwanetse gore go bonwe gore go dirwa jang. Re na le Cabinet e e leng gore *Members of the Executive makes 62 per cent* ya *the ruling party caucus.* Ke gore fa party e e busang e nna le *caucus*, 62 per cent e setse e le *Members of the Executive.* Se se go raya se reng? Se go raya se re ke gore tshwetso nngwe le nngwe e e tsewang kwa *Executive* e bo e ya to be proposed kwa *caucus* ya BDP, tota e a bo e setse e na le *support* ya 62 per cent mo e leng gore if it is put to a vote, ba setse ba fentse gale.

Fa o lebelela in the House, the Executive represent 44 per cent of the House or thereabout. Re na le mathata a e leng gore tota Cabinet e e kwa godimo fa o e tshwantshanya le Palamente mme molemo e ka nna gone gore Palamente ya lefatshe la Botswana e oketsege ka Mapalamente ka mabaka a mangwe a re tlaa buang.

Le fa o lebeletse population, Germany has a population ya 83 million, Gross Domestic Product (GDP) ya 4.1 trillion mme e na le only 14 Ministers. United States of America (USA) e na le population ya 327 million le GDP ya 20.1 trillion. E na le Secretaries kana *Members of the Executive* ba le 15 ba ba bidiwang gowe ke *Secretaries.* Japan has a population of 123 million, GDP of 5.2 trillion and 18 Ministers. Switzerland which is

one of the few countries tse e leng gore di gaufi thata le kgang ya direct democracy, e na le seven Ministers managing 8.5 million people and GDP of over 700 billion. So, for a population ya two million le GDP ya US\$18 billion, we can do with gongwe Matona a e leng gore palo ya bone e kwa tlase.

Fa o lebelela dikgaolo fela ka fa di ntseng ka teng, di bophara. Ke gore go na le ward e e leng gore kwa kgaolong ya ga Honourable Motsamai o ka tsamaya sebaka sa 80 kilometres (km). Ke seemo se e leng gore *it is very undesirable* fa re batla gore go nne le representation ya batho ba ba nang le kemedi, ba kgona gore ba atumele Mopalamente wa bone.

Motsamaisa Dipuisanyo tsa Palamente, kgang e ya go oketsa ditilo tsa Palamente, *it has become the preserve and prerogative ya the ruling party* ka gore nako le nako ke bone ba ba lekang gore kgang e nne e e leng ya bone fela. O ka ipotsa gore mosola wa *population census...* kana tota *the demographics* ke tsone tse di tshwanetseng to inform gore dikgaolo di ya go nna kae le gore di ya go segiwa ka tsela e e ntseng jang. Jaanong Honourable Balopi o tla ka kgang e ya gore pele ga *population census* e ka fela, maduo a teng a ka nna teng, a bo a tla ka Tshutiso ya gore *come on, come on*, a re oketseng dikgaolo go ya kwa go *four, up to now we are still not convinced* gore tota *what informed the number four?* *The number four* e Honourable Balopi a e buang, o kile a bua ka itsholelo but I do not think he has substantiated this point mo e leng gore re ka utlwisa gore fa a re o bua ka itsholelo o bua ka eng.

Honourable Vice President o ne a bua gore o ka estimate gore *population* e ka gola ka bokae. Tota fela palo e e leng gore re ka re e ka dumalana fa, gongwe ke palo e e ka nnang *up to 20* fa o lebeletse dikgaolo tse di tshwanang le tsa bo Okavango, Ngami, Chobe, Kgalagadi, Bobirwa, Tswapong le mafelo a mangwe. O ka bona fela gore go na le mathata ka gore dikgaolo tse di bophara. *This becomes a huge burden* mo Mapalamenteng. *Not only a burden but also* le gone moo. Mopalamente yo mongwe yo o neng a nna Tona mo Palamenteng ya 11, o ne a bua re le kwa General Assembly gore o ne a kgona go tsena mo dikgaolong tse dingwe tsa kgaolo ya gagwe ya bothophi morago fela a sena go nna a nna Tona ka gore o ne a na le koloi e e dirisiwang ke Matona. A re pele ga a nna Tona, go na le dikgaolo tse e leng gore e ntse e le Mopalamente wa kgaolo eo, o ne a ise a goroge kwa go tsone.

Motsamaisa Dipuisanyo tsa Palamente, ke dumela gore kgang e ka fa e ntseng ka teng e tlhoka gore ka gore e setse e le fa, fa pele ga rona, e re fa re dumalana le yone...

MR LEUWE: *Clarification Mr Speaker.* Ke a leboga Mr Speaker. Ke re gongwe o mphitise fa Sticks. Wena ka boammaaruri o dumela gore go tshwanetse ga okediwa. A ngongorego ya gago e tona thata ke gore koketsego e ga e enough? Ke a leboga.

MR KEORAPETSE: Yes, ga e enough. Tota koketsego e ga e enough. Tota ke ne ke eleditse gore *it should be informed by census*. Gape go a itsupa gore tota fela *the Constitutional Review is a rigged process* e go rayang gore changes tse di yang go tla di ya go nna cosmetic fa e le gore *we can safely predict* gore go ka okediwa dikgaolo.

Ke kopa to move Motsamaisa Dipuisanyo tsa Palamente for an amendment ya Motion o ka gore ke dumela gore dikgaolo tse 57 to 61, four fela o monyenyane thata. Ke dumela gore fa ke lebeletse *census* e e fetileng, gongwe re ka oketsa ka dikgaolo di le lesome. Tota tumelo ya me ka botengteng, ke dumela gore Palamente ya rona e nnyennyane mo e leng gore *we could still increase by 20*.

Jaanong ke kopa to move Mr Speaker gore Motion o balege gore, “that this Honourable House resolves as a matter of urgency to allow for the amendment of Section 58 (2) (a) of the Constitution of the Republic of Botswana to increase the number of elected members of the National Assembly from 57 to 71. I move accordingly Mr Speaker.

MR SPEAKER: Motlotlegi Mopalamente wa Selebi Phikwe Bophirima, phetogo ya gago o okeditse ka 10 fela akere?

MR KEORAPETSE: Ee rra.

MINISTER OF TRANSPORT AND COMMUNICATIONS (MR SEGOKGO): Mr Speaker, ke ne ke re ke utlwae gore koketsego e a e dirang, kana o kare re ne re oketsa *the elected seats from 57 to 61* fa ke dumalana. Jaanong ke bona gore o kare o tsere 57 o mo isitse kwa go 71, mme a bo a re o oketsa ka 10 seats. Kana there is something I am not getting right.

HONOURABLE MEMBER: You are correct. E nna 67.

MR SPEAKER: A ko o ithalose Honourable Keorapetse.

MR KEORAPETSE: “That this Honourable House resolves as a matter of urgency to allow for the amendment of Section 58 (2) (a) of the Constitution of the Republic of Botswana to increase the number of elected members of the National Assembly from 57 to 67. I move accordingly Mr Speaker.

HONOURABLE MEMBER: Which is 10?

MR KEORAPETSE: Which is 10, yes.

MR SPEAKER: Motlotlegi Mopalamente wa Selebi Phikwe Bophirima o tlaa gakologelwa gore ke ne ke re o ithalose, jaanong o ithalositse. *I am now going to put the question.*

MR TSOGWANE: On a point of procedure. At what point are you going to allow for the alternative or opposing views. Is it after the vote of before the vote?

MR SPEAKER: *Immediately fela fa ke sena to move, ke tlaabo ke le lettelela batlotlegi. After putting a question.*

MR TSOGWANE: Yes sir, thank you Mr Speaker.

MR SPEAKER: Honourable Members, the question is that this Honourable House resolves as a matter of urgency to allow for the amendment of Section 58 (2) (a) of the Constitution of the Republic of Botswana to increase the number of elected members of the National Assembly from 57 to 67.

HIS HONOUR THE VICE PRESIDENT (MR TSOGWANE): Yes sir, thank you Mr Speaker. *Thank you Mr Speaker.* Ga ke dumalana le koketsegoo e e kalokalo, fa ke lebile *the trend*, ka fa re tlang re tsamaisa itsholelo ya rona ka teng, re e babalela. Re sa batle gore e re kamoso e bo re tsenya itsholelo ya rona mo mathateng fela ka gore mafatshe a mangwe a Palamente tse dintsintsi tse di seng kana ke sepe...Ga ke dumalana *Mr Speaker* ka gore, *four is really a modest figure*, ke a dumela. E re siametse gore re se ka ra nna re tsholetseng dipalo tse di seng kana ka sepe tse e tlaa reng kamoso kgabagare re bo re nna le mathata e le gore jaanong madi otlhe a felela fela kwa Palamenteng, kwa go dueleng Mapalamente. Ga se koketsegoo e e siameng. Kwa re tswang teng re ntse re oketsa ka two, four, at one point ke gone re neng ra oketsa ka six. Now ka go gola ga population ya rona go oketsegaa, ka go fokotsegaa ga percentage each time, go re ruta fela sentle gore an

average ya 2.3, 2.5 or 2 per cent ya go gola e tshwanetse go tsamaelana le gore re oketsa jang.

We are Botswana because of what we are doing. Ga re ka ke ra ba ra ya go itshwantshanya le mafelo a mangwe a e leng gore ga re itse gore bone ba a bo ba beile mo go reng madi otlhe a ye kwa sepolotiking kana jang. Ke sone se ke reng Mr Speaker ga ke dumalana le koketsegoo e e kalokalo eo. Ke tsaya gore four yo o re siametse. Re ne re ka nna ra dira five, but ga re ka ke ra dira five because go tshwanetse gore dipalo tse di nne even, e se ka ya nna 58. E tshwanetse gore e nne an odd number e e tlaa lettelelang gore fa gona le vote mo Palamenteng e bo e le gore vote eo ga gotwe dipalo di a lekana kafa le kafa. A re re gongwe go tlhophiwa Speaker kwa ba Specially Elected ba sa tlhopheng, o bo o fitlhela e le gore jaanong dipalo tsa teng di a lekana kafa le kafa. Ke tsaya gore four yo re welang mo go ene yo Mr Speaker o re siametse. Gongwe re tlaa tla re oketsa ka one kana two wa Specially Elected ka gore le gone go a tlhokafala gore re nne re lebaleba Specially Elected, catering for banana, bomme, dilo tse di ntseng jalo. Fa ba sa kgona jaaka borre fa ba opposition ba sa ke batla le batlotlegi ba bomme, gongwe re tle re lebalele gender; re bone gore a Specially Elected ga re ka ke ra se oketsa le sone kana jang. Ke a leboga Mr Speaker. I am opposed to this amendment.

MR NKAWANA (SELEBI PHIKE EAST): *Thank you Mr Speaker, after a long drought ke sa supiwe. Ke dumalana le koketso e e sa tswang go sutisiwa ke Motlotlegi Keorapetse wa Selebi Phikwe West. Ke dumalana le ene jaana ka gore fa o lebalela go tswa kwa morago jaaka re ne re reeditse batlotlegi ba Domkrag ba ne ba bua, kwa ba neng ba dumalana teng go a supega gore e ne e le kgang ya gore a re tsholetseng diatla gore a re a batla kana ga re batle. Go a supega gore go ne go sena sepe se se scientific that was influencing tshwetso ya bone. Gompieno fa e le gore re tlaabo re leba ka gore ka moo ke mo re go itseng, ga go batle any scientific feedback, re a itse gore dikgaolo di dintsii tse di bophara, thata le gone, jaaka a sa tswa go supa gore fa o leba bo Ghanzi South, Okavango, fa gongwe Honourable Kapinga a tshwanelwa ke go tsamaya makgolokgolo a kilometres a raletse wards, fa o re o lebalela bo Ngami, Bobirwa, go a tlhokafala gore dikgaolo tse di tsenngwe mo palong.*

Kana tota fela selo se se tona ke gore go oketsa ditlamelo tsa boemedi ke gone go isa ditlamelo kwa bathong. Ke go dira gore batho ba bone moemedi wa bone ka bogautshwane, a kgone go tlisa dikelso tsa bone mo

Palamenteng. Jaanong ke sone se ke reng ke dumalana le se motlotlegi a sa tswang go bua ka sone, *not based* mo dipalong tsa *census*, ka gore eo le a e gana, le a e boifa. Ga ke itse gore a ke gore le palelwa ke go tlhakanya, mme fela tota *census* ke yone re itseng gore *it informs us* gore re bo re ka tsaya ditshwetso tsa ditlhabololo. *Development* ya Botswana e ntse e le *based* mo go reng dipalo tsa batho di kae. Jaanong ka gore gompieno re tsere tshwetso ya gore re dirisa *arbitrary figures*, e go tsholediwang mabogo, *four* o monnyenyane. Ke tlao tsaya gore *four* o monnyenyane ke sa beye mo go reng batho ba kafe, kae, ke lebile *the vastness of the areas that Members of Parliament have to cover to reach their people* kwa dikgaolong tsa bone. Ke tlao ema gone foo *Mr Speaker*.

MR SPEAKER: I am going to take the last two; Honourable Motaosane.

MR MOTAOSANE (THAMAGA-KUMAKWANE): *Thank you Mr Speaker. Mr Speaker, I have a different version, Honourable Keorapetse mabaka a gagwe a gore di okediwe ka palo e e kana e a utlwala, except that I feel gore it is too much. Fa nne gongwe a rile ka six gore di nne 63 e le elected, gongwe motho o ka bo a tlhaloganya. Ka fa ke mo utlwang a bua ka teng, o di gobelelse. He did not consider the factor ya economy, o buile fela ka the vastness of the areas which I agree with him very much because I traverse this country ke tsamaya ka dikomiti. Ke tswa go itemogela dikgaolo tse dingwe tse di tshwanang le tsa bo Kgalagadi South gore di tshwanetse di bonwe gore how do they get modified. Palo e a e buang ke fitlhela e le gore e ntsi thata, but at the same time, I feel gore four is too small.*

Jaanong *I do not know if I am allowed to move a Motion of correcting it to six instead of 10 e a e batlileng because ga go re thusre thata. Re a sokola kwa dikgaolong mme at the end of the day gape... You will remember gore ditlhopho tse di fetileng, bogolo jang kwa dikhanseleng, o fitlhets e le gore ga go ise go okediwe dikgaolo mme Makhanselara gompieno ga ba kgone bagaetsho ka tsela e ke bonang dikgaolo di godile ka yone. Jaanong fa re sa oketse constituencies so that di re fe an opportunity of increasing le kwa dikhanseleng sentle gore ba netle jang, ke bona e sa re berekele sentle. Ke tlhaloganya se bagolo ba se buang le bone considering the growth rate ya rona ya palo ya batho but I am conflicted on this one. I am really conflicted gore should I go with four, or make another further amendment mo Motion wa ga Keorapetse because considering all these factors tsa*

terrains tsa mafelo a a tshwanang le a dikgaolo tsa bo Honourable Kablay, Honourable Kapinga, Honourable Brooks, Honourable Monnakgotla le Ghanzi. Ke a itse gore tse dingwe di bolawa ke population, hence their vastness.

MR LEUWE: Ya me o e tlogelelang Taosi?

MR MOTAOSANE: *Ke a utlwa motlotlegi. Ga ke itse Mr Speaker, gore if it is appropriate for me ...(Interruptions)... we should ...(Interruptions)... the Motion.*

HONOURABLE MEMBER: Dumalana le nna monna.

HONOURABLE MEMBER: Leuwe o ngongorega le eng, ga o mo go *four* yo go riana?

HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: *Order!* nako ya gago e tlao lala e tshaile o diilwe ke go nna *conflicted*.

HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: Order! Order! Honourable Member for Okavango.

MR KAPINGA (OKAVANGO): *Ke a leboga Mr Speaker. Ke ema nokeng kopo ya ga Honourable Keorapetse gore palo e e okediwe go nna...*

HONOURABLE MEMBER: Ga go utlwale *Mr Speaker*.

HONOURABLE MEMBERS: ...(Murmurs)...

MR SPEAKER: Order! Order! Honourable Kapinga.

HONOURABLE MEMBER: Ke ne ke re before a bua, procedure.

HONOURABLE MEMBER: ...(Laughter!)...

MR SPEAKER: What is your procedure Vice President (VP)?

MR TSOGWANE: *Point of procedure.* Kana Rre Motaosane o buile sengwe mme re mo tlogetse fela mo phefong, ga ke itse gore a re a mo shima kgotsa jang.

MR SPEAKER: No!

MR TSOGWANE: Re ne re batla go tla go mo araba because we are conservative, re batla go ganelela fela mo palong yone e. Jaanong fa a boetse mo go *six*, o tlao tsamaya a le bete se molangwana a ithaya gore gongwe e ne e ka bona dipalo tse di rileng.

MR SPEAKER: Your Honour, I regret, Honourable Motaosane never moved anything, he was conflicted.

MR TSOGWANE: Okay.

MR SPEAKER: Honourable Kapinga.

HONOURABLE MEMBER: ...(Inaudible)...

MR SPEAKER: May we have order please! We are on a serious matter here. Honourable Kapinga.

...Silence...

HONOURABLE MEMBER: Mathata ke *network* ya Skondomboro *Mr Speaker*.

MR SPEAKER: Honourable Dr Gobotswang, take his slot.

DR GOBOTSWANG (SEFHARE-RAMOKGONAMI): Ke a leboga *Mr Speaker*. *Mr Speaker*, ke ema nokeng *Motion* wa ga *Honourable Dithapelo Keorapetse*, wa gore re oketse Mapalamente ka ba le lesome, go tswa kwa go 57 go ya go kwa go 67. Lebaka ke gore bothata jo re nang le jone gompieno ke gore re bua kgang e mme re sa bue dipalo. *It is so irrational and we are being irresponsible tota re le Mapalamente gore re bo re ka tla fa go bua ka dikgang tse di batlang dipalo mme re sena tsone*. Kana re tshwanetse go dirisa dipalo. Fa ke boela fa moragonyana ka 2011, e rile go sena go nna le *census*, ga dirwa *Delimitation Commission*. Go ne ga tlwa mo Palamente e le gore go ipaakanyediwa gore go tle go tsenngwa molao wa gore dikgaolo di okediwe go tswa mo go 57 go ya kwa go 67/69 re dirisa *quota*. Ga o ka ke wa bua ka dikgaolo o sa bue ka *quota* gore o batla gore motho a emele ba ba kae. O tshwanetse gore o bo o na le palo e o e dirisang mme go ne go na le *quotas* ya bo 29 000, 30 000, ke yone e re neng re e dirisa. Fa re e dirisa ka nako eo re lebile palo ya batho, ke yone e e re tsentseng mo goreng jaanong go tlhokega dikgaolo di le 67/69 gone foo, go na le *code*.

Gape one thing that we must factor in ke the vastness of the area. O a utlwa gore Mapalamente a dikgaolo a lela gone fa; Kgalagadi, North West, Ngamiland, Ghanzi, bo Takotkwane, ke selelo se se seng kana ka sepe. Jaanong le gobelela Mapalamente a mangwe lona le le Cabinet.

HONOURABLE MEMBER: Nnyaa rra nna ga ke ise ke lele.

DR GOBOTSWANG: Kgang ga se madi, fa kgang e ne e le madi, le ka bo le fokotsa *this bloated Cabinet*. O kile wa bona *Cabinet* ya population ya batho ba ba

kanakana? Ke kile ka le botsa gone fa gore kante la re le dira eng le dipalo tse di kanakana. So kgang ga se madi, fa e ne e le gore le batla go fokotsa madi...

HONOURABLE MEMBER: Ba *Local Government* ba le kae.

DR GOBOTSWANG: ...re ka bo re na le *Minister* a le mongwefela kwa *Local Government*, gongwe *Specially Elected* di le kwa tlase, ke gone kwa le ka bong le fokotsa teng.

Batho ba batla *representativeness*, ba tla go emelwa ke batho ba bone gore ba bo ba le gaufi le bone, ba ba thusa. Ga o ka ke wa tlhabolola batho o sa kgone go kopana le bone kgapetsakgapetsa gore le akantse ka ditlhabololo. Ga o ka ke wa tlhabolola lefatshe fa o palelwa ke go tsamaya le batho, *democracy* go tewa *participation* ya batho. Fa batho e le gore...

HONOURABLE MEMBER: Clarification.

DR GOBOTSWANG: ...mo go thusanyeng le wena, ga gona nako gatwe ke *two minutes*. Jaanong ke sone se se tlaa go supetsang gore re tshwanetse go lebelela gore ga re ka ke ra tlhabologa fa e le gore ga re gaufi le batho.

MR SPEAKER: Your time is up.

DR GOBOTSWANG: Ga re ka ke ra nna gaufi le batho fa e le gore we cover dikgaolo tse di kanakana re le palo e nnyennyane *Mr Speaker*. Ke a leboga.

MR SPEAKER: Thank you. Honourable Minister Morwaeng, you are the last one, *kana ke wena mong wa chapter*.

MINISTER FOR PRESIDENTIAL AFFAIRS, GOVERNANCE AND PUBLIC ADMINISTRATION (MR MORWAENG): Mma ke go leboge ka boikokobetso Motsamaisa Dipuisanyo tsa Palamente.

HONOURABLE MEMBER: Morwaeng le mo supa thata. Palamente e ga se ya gagwe.

MR MORWAENG: Fa re lebile kwa re tswang teng with 23 constituencies ka independence, mme mo gompienong re bo re re eletsa go nna le constituencies di le 61, effectively go raya gore from 1966 up to now, re okeditse constituencies tsa rona ka 37; 37 constituencies over the 23 wa independence. E ne e ntse e le Botswana o re leng mo go ene. E ntse e le Botswana o Mapalamente ao a neng a le mo go ene. Kopo ya me ke ne ke re

bagaetsho, thulaganyo ya go oketsa dikgaolo e ya *four*, *is restricted* Motsamaisa Dipuisanyo tsa Palamente, ke dikgang tsa gore re tshwanetse re ikele tlhoko re lebile dikgang tse di farologanyeng.

E bile ke dumalana le kakanyo ya gore kana go ya go nna le thulaganyo ya Makhanselara ka fa *Minister wa Local Government* a tlaa dirang ka teng le ba Independent Electoral Commission (IEC).

Bone bao kwa dikgaolong, Makhanselara, tsholofelo ya rona ke gore ke bone ba ba tlaabong ba le kwa tlase, le bone gore ba tle ba kgone go ka... (*interruption*)... Ka tsela eo, kopo ya me ke ne ke re, kgang ya gore re bo re re kwa mafatsheng a mangwe Mapalamente a mantsi mme batho ba bo ba ikganetsa ba re *Cabinet* ya rona e ntsi, ba itebatsa gore re Mapalamente *in the first place*. Mokaulengwe Keorapetse o a itse gore o ntse a re accuse gore 4 wa rona *is not based on anything*, ene 10 wa gagwe o *based* mo go eng?

Ke ne ke kopa gore a re gananeng le mogopolu wa ga Motlotlegi Keorapetse, o kare timetsa. A re tseyeng 4 re bo re nna le gore madi a ka se felele kwa Mapalamenteng fela, ga se rona fela baemedi, ba bangwe ke Makhanselara. Ka tsela eo, re ka se ke re *concentrate* fela kwa Mapalamenteng re bo re tlogela re sa lemoge gore Makhanselara a teng kwa tlase ba e leng bone ba ba gaufi thata le batho go gaisa Mapalamente. Ka moo ke re, a re tsheleng mogopolu wa ga Rre Keorapetse metsi, o se ka wa atlega.

MR SPEAKER: Thank you Honourable Minister. Order! It is already 6:01 p.m. *re tlaa tsoga re tswelela kamoso phakela*. As it is now 6:01 p.m. we shall now call the Honourable Leader of the House to move a Motion of adjournment.
